Examcart School Entrance Exam General Knowledge Class 6th Textbook for 2026 Exam in English Examcart Experts, **Victory's Bright Dawn** Eric Thomson, 1900 Captain Siobhan Dunmoore wanted to believe the long war against the invading Shrehari Empire had finally banished the ghosts of her past But when her ship Iolanthe a heavily armed man of war masked as a bulk freighter finds itself in need of replenishment after a long patrol spent stalking human and alien foes she is confronted with events eerily reminiscent of a past she thought buried When evidence of treason and marauders bold enough to strike a Navy outpost leave her no choice Dunmoore knows she must finish the cleanup job Fleet Headquarters ordered

her to abandon years ago Fortunately Iolanthe and her crew are the perfect instruments with which to dispense much needed retribution despite General Orders and the Fleet's bureaucracy doing their best to tie a captain's hands With her ship taking on the guise of a privateer she sets out on a merciless hunt to eliminate a band of soulless soldiers of fortune and teach the ghosts of her past a lesson they will never forget

Pax and the Politics of Peace Hannah Cornwell, 2017-07-04 Perhaps in defiance of expectations Roman peace pax was a difficult concept that resisted any straightforward definition not merely denoting the absence or aftermath of war it consisted of many layers and associations and formed part of a much greater discourse on the nature of power and how Rome saw her place in the world During the period from 50 BC to AD 75 covering the collapse of the Republic the subsequent civil wars and the dawn of the Principate the traditional meaning and language of peace came under extreme pressure as pax was co-opted to serve different strands of political discourse This volume argues for its fundamental centrality in understanding the changing dynamics of the state and the creation of a new political system in the Roman Empire moving from the debates over the content of the concept in the dying Republic to discussion of its deployment in the legitimization of the Augustan regime first through the creation of an authorized version controlled by the princeps and then the ultimate crystallization of the pax augusta as the first wholly imperial concept of peace Examining the nuances in the various meanings applications and contexts of Roman discourse on peace allows us valuable insight into the ways in which the dynamics of power were understood and how these were contingent on the political structures of the day However it also demonstrates that although the idea of peace came to dominate imperial Rome's self representation such discourse was nevertheless only part of a wider discussion on the way in which the Empire conceptualized itself

Britain's Empires James Heartfield, 2022-12-06 For more than four centuries Britons have been dominating and colonising other peoples and territories Britain's Empires tells that story without flinching from the oppressive and exploitative side of the imperial mission that shaped world history It also aims to tell the story of the colonial past as one marked by change and reinvention where each new era was embarked upon as a break with the past This is history of the many different British Empires the Old Colonial System 1600 1776 the Empire of Free Trade 1776 1870 the New Imperialism 1870 1945 Decolonisation 1945 1990 and the era of humanitarian intervention 1990 2020 Britain's Empires explains how imperial policy dominated and skewed the history of societies across the world from Canada and the West Indies to Ireland from Africa to the Middle East from India to China and into Australasia but also how the peoples of those territories imposed themselves on Britain challenging slavery standing up to colonial overlords and eventually overthrowing them The history of Britain's Empires explains Heartfield is one of constant challenge and change where vanquished become victors and heroes often turn out to be villains

ROUL BRIAN S. OVERMASS,2012-02-15 Roul the son of a clan chief who like his father has inherited an unusual method of fighting He is branded a traitor and taken captive He is sent to the capital and inducted into the army to train the Emperor's soldiers When the Empire is invaded by an army from a neighbouring country soldiers trained and lead by Roul achieve a stunning victory He is rewarded by being named Duke of William Town a small Duchy on the border Due to his drive and intuitive his Duchy soon becomes the talk of the Empire The expansion of the Empire's navy based in Port William brings the Empire into conflict with The Brotherhood of the Sea a pirate brotherhood that has ruled the seas for generations Conflict between the two is inevitable and when victory is finally won is it the end of the war or just the first battle in a long conflict
