the Mission of Empire** Matthew Leporati,2023-11-16 The British Romantic period saw an unprecedented explosion in epic  
poems an understudied literary phenomenon that enabled writers to address unique historical tensions of the era Long  
associated with empire epic revived at a time when Britain was expanding its imperial reach and when the concept of  
imperialism itself began to evolve into the notion of a benevolent project of spreading British culture and religion across the  
globe Matthew Leporati argues that the epic revival not only reflects but also interrogates this evangelical turn The first to  
examine the impact of the missionary work on epic literature this book offers sustained analysis of both under read and  
canonical works bringing fresh historical and literary contexts to bear on our understanding of this unique revival of epic
