**Religious Leadership** Sharon Henderson Callahan, 2013-06-20 This title tackles issues relevant to leadership in the realm of religion. It explores such themes as the contexts in which religious leaders move leadership in communities of faith, leadership as taught in theological education and training, religious leadership impacting social change and social justice, and more. Topics are examined from multiple perspectives, traditions, and faiths.

**All God's People** Donna Toliver Grimes, 2017-12-01 Disciples of Christ come in all ages and colors but they also come from different backgrounds and bring with them diverse gifts, needs, opportunities, and challenges. As a result, catechesis must never take the form of one size fits all. While the Gospel message is eternal, our messaging, how we share that timeless message, needs to adapt to an ever-changing reality or we risk being perceived as irrelevant. This sixth volume of *The Effective Catechetical Leader* takes a close look at the many groups of people to be catechized, from school-age children to young adults, from parents to the catechists themselves, and offers strategies and tips to effectively engage all of them in life-giving Gospel-centered faith formation. The *Effective Catechetical Leader* series, developed in conjunction with the National Conference for Catechetical Leadership and written by some of the top catechetical leaders in the country, is the only series to encompass all the various aspects of catechetical leadership. This series provides the practical skills, strategies, and approaches that ensure successful parish faith formation in an evangelizing manner, which leads directly to a vibrant Church. From best practices to new approaches for proclaiming God's word in a rapidly changing world, this groundbreaking series will empower catechetical leaders to excel at everything from administrative duties to effectively catechizing people of all ages within our diverse Church.

Communicating Faith John Sullivan, 2011 This book enriches appreciation of the many ways that Christian faith is communicated. It casts light on the sensitivities, skills, and qualities necessary for the effective communication of faith where justice is done, both to the seed to be sown and to the soil being cultivated.

Forming Ministerial Relationships Loyes Spayd, 2010-06

*International Handbook of the Religious, Moral and Spiritual Dimensions in Education* Marian de Souza, Gloria Durka, Kathleen Engebretson, Robert Jackson, Andrew McGrady, 2007-06-04 Traditionally, spirituality has resided and been contained within religious frameworks, but while the links between the two areas are still acknowledged by many in the contemporary world, spirituality is perceived by some as an aspect of human life that is distinct from religion. Consequently, many are searching for meaning within and without religious traditions today and seeking answers to ethical and moral questions that have been generated by the knowledge and technological explosion. One outcome is the renewed interest in the religious, spiritual, and moral dimensions of education throughout the life cycle. This *International Handbook* presents the research and professional practice of scholars who are daily engaged in the consideration of these dimensions in education. The result is a collection of essays which reflects the discipline in all of its internationality as it is today. Embedded within the chapters is also an agenda for the future where the religious, moral, and spiritual dimensions in education are proposed as an exciting and challenging way forward for educators at all levels in society. As well, it offers a vision for the

emergence of a peaceful and just world

### **The Laity as Participants in the Mission of the Church** Humphrey C.

Anameje, 2017-06-05 The church is made up of both the clergy and the laity And for it to properly fulfill the mission for which it was instituted by Christ all its members each according to his or her God given gift must contribute both to the upbuilding of the church and to its mission On the part of the laity their active participation in the general mission of the church ad intra and ad extra has been a great challenge in the life and practice of the church throughout its history The Second Vatican Council in its spirit of aggiornamento makes some positive difference This work critically examines the conciliar documents some relevant postconciliar documents and theological reflection of some theologians And finally it proffers solutions that will enhance the active participation of the laity in the mission of the church in general and the church in Southeast Nigeria in particular

### **Michel Foucault and Theology**

James Bernauer, 2017-03-02 Whilst Foucault's work has become a major strand of postmodern theology the wider relevance of his work for theology still remains largely unexamined Foucault both engages the Christian tradition and critically challenges its disciplinary regime Michel Foucault and Theology brings together a selection of essays by leading Foucault scholars on a variety of themes within the history thought and practice of theology Revealing the diverse ways that the work of Michel Foucault 1926-1984 has been employed to rethink theology in terms of power discourse sexuality and the politics of knowledge the authors examine power and sexuality in the church in late antiquity Castelli Clark Schuld raise questions about the relationship between theology and politics Bernauer Leezenberg Caputo consider new challenges to the nature of theological knowledge in terms of Foucault's critical project Flynn Cutrofello Beadoin Pinto and rethink theology in terms of Foucault's work on the history of sexuality Carrette Jordan Mahon This book demonstrates for the first time the influence and growing importance of Foucault's work for contemporary theology

### **Mutuality Matters**

Herbert Anderson, Edward Foley, 2004 Previous principles of hierarchy inequality and duty that defined the relationships between husband wife and children have been challenged and often replaced by more fluid bonds of equality intimacy emotional self disclosure communication and mutual trust The key question that has emerged for our times then is how exactly do families sustain genuine mutuality democracy and strong relationships Figuring out good answers to this question is the major theme of this book and the origin of the title Mutuality Matters

### Toward an Adult

Church Jane E. Regan, 2002 Penance Confirmation Eucharist Children participate in these sacraments and many other Catholic rites thanks to America's long standing model of parish catechesis Once children become adults however what becomes of their faith formation In Toward an Adult Church A Vision of Faith Formation Jane Regan explores the current structure of parish catechesis Basing her ideas on contemporary theory and traditional practice Regan sets forth an intriguing argument the vitality of the Church depends on establishing a new education paradigm one that is focused on adults How can parishes design a framework for adult catechesis Will such programs be accepted by local church communities Where does children's faith formation fit into the new structure Regan answers these questions and offers ideas

for developing a balanced approach to religious education one that addresses the ongoing faith life of adults     Evangelical Dictionary of Theology Daniel J. Treier, Walter A. Elwell, 2017-11-07 This bestselling reference tool has been a trusted resource for more than 25 years with over 165 000 copies sold Now thoroughly updated and substantially revised to meet the needs of today s students and classrooms it offers cutting edge overviews of key theological topics Readable and reliable this work features new articles on topics of contemporary relevance to world Christianity and freshened articles on enduring theological subjects providing comprehensive A Z coverage for today s theology students The author base reflects the increasing diversity of evangelical scholars Advisory editors include D Jeffrey Bingham Cheryl Bridges Johns John G Stackhouse Jr Tite Ti nou and Kevin J Vanhoozer     **A People Adrift** Peter Steinfels, 2013-01-29 In A People Adrift a prominent Catholic thinker states bluntly that the Catholic Church in the United States must transform itself or suffer irreversible decline Peter Steinfels shows how even before the recent revelations about sexual abuse by priests the explosive combination of generational change and the thinning ranks of priests and nuns was creating a grave crisis of leadership and identity This groundbreaking book offers an analysis not just of the church s immediate troubles but of less visible more powerful forces working below the surface of an institution that provides a spiritual identity for 65 million Americans and spans the nation with its parishes schools colleges and universities hospitals clinics and social service agencies In A People Adrift Steinfels warns that entrenched liberals and conservatives are trapped in a theo logical gridlock that often ignores what in fact goes on in families parishes classrooms voting booths and Catholic organizations of all types Above all he insists the altered Catholic landscape demands a new agenda for leadership from the selection of bishops and the rethinking of the priesthood to the thorough preparation and genuine incorporation of a lay leadership that is already taking over key responsibilities in Catholic institutions Catholicism exerts an enormous cultural and political presence in American life No one interested in the nation s moral intellectual and political future can be indifferent to the fate of what has been one of the world s most vigorous churches a church now severely challenged     *Becoming a Church of Lifelong Learners* John Roberto, 2006 The key in the Generations approach to faith formation is that it builds on the strengths of a parish s current catechetical program while creating a lifelong faith formation plan and intergenerational learning programs that gather all the generations to learn together and nurture faith at home throughout the life cycle The CD ROM includes PowerPoint presentations for each chapter along with articles by religious education theorists who have been instrumental in developing a new paradigm of lifelong faith formation The book is ideal for parish pastoral and catechetical leaders as well as university courses in religious education and pastoral ministry
