Empowerment And Womens Health Theory Methods And Practice:

Empowerment and Women's Health Jane Stein,1997-04 A comprehensive analysis of the links between women s empowerment and health this work looks at what determines success in the fight for better conditions the redistribution of power and control of resources Linking international development policies with women s situations the theories of women s health with the lives of individuals the author reveals the complex connections associations and interactions in the web of factors relevant to health This study should be of value to anyone interested in health care issues and states the case for an international feminist agenda attentive to local cultural idioms **Empowerment** Kenneth McLaughlin,2016-01-08

Empowerment is a term in widespread use today and one that is often considered to be a self evident good Here McLaughlin explores its emergence in the 1960s through to its rise in the 1990s and ubiquity in present day discourse and interrogates its social status paying particular attention to social policy social work and health and social care discourse He argues that a focus on empowerment has superseded the notion of political subjects exercising power autonomously This innovative volume Discusses the relationship between concepts of empowerment and power as they have been understood historically Analyses changes in the conception and meaning of empowerment in relation to the shifting social and political landscape Acknowledges the positive impact empowerment strategies have had on those who have campaigned to be empowered and also on those who have saw their role as being to help empower others Highlights ways in which talk about empowerment can actually work in such a way as to further disempower those already marginalised Critically examining how empowerment has become embedded in contemporary social and political life this work offers a discussion of the term s multiple meanings what it actually entails and how it constructs and positions those being empowered and those empowering Empowerment

and Women's Health Jane Stein,1997-04 A comprehensive analysis of the links between women s empowerment and health this work looks at what determines success in the fight for better conditions the redistribution of power and control of resources Linking international development policies with women s situations the theories of women s health with the lives of individuals the author reveals the complex connections associations and interactions in the web of factors relevant to health This study should be of value to anyone interested in health care issues and states the case for an international feminist agenda attentive to local cultural idioms **Complex Systems Theory and Development Practice** Samir Rihani,2002

Ranging over a wide terrain of social political and economic thinking and specific country experiences the author explains the key concepts in complex systems theory and their possible applications in development practice He examines various development issues and institutions in the light of what he sees as the limitations of rigid linear thinking in an essentially fluid non linear world Little wonder he concludes that the results of half a century of development effort have been so disappointing BOOK JACKET **The Anthropology of Power** Angela Cheater,2003-12-16 An edited collection which

examines the theoretical issues surrounding power and particularly empowerment which uses ethnographic analysis as its

basis It takes material from the Middle East Canada Columbia Australasia and various parts of Europe and Africa It looks particularly at the extent to which traditionally disempowered groups gain influence in postcolonial or multicultural settings and at how power relates to economic development gender and environmentalism **The Traffic in Women** Siriphon Sakhrōbanēk, Nataya Boonpakdee, Chutimā Čhanthathīrō, 1997-11 Changes in the family **Equity in Access to Health Promotion, Treatment and Care for All European Women** Vera Lasch, Ute Sonntag, Ulrike Maschewsky-Schneider, 2010

Women and Conflict in India Sanghamitra Choudhury, 2016-02-05 This book analyses the impact that prolonged socio political conflict in India has had on political and social spaces for women Focusing in particular on Assam in the North East of India it looks at how the conflict can be restricting and yet can also have the potential to expand these spaces for women owing to the collapsing of boundaries of gender roles thereby creating niche areas that may be leveraged for socio political transformation Based on empirical material collected from in depth interviews with individuals on both sides of the conflict the book locates the analysis in both a legal and political context It examines the causes dynamics and impact of the ethno political conflicts in Assam as well as

the efficacy and outcomes of capacity building programmes aimed at rehabilitating the surrendered militants as well as assisting affected women The book goes on to look at the role played by civil society especially the Mahila Shanti Sena Women Peace Corp towards conflict transformation It highlights the preventive mitigative and adaptive measures taken by the women and their role as agents of peace in the volatile zones of North East India Analysing the changing role of women in conflict situations as well as the legal measures and regulatory mechanisms in place for women in vulnerable pockets of India this book is a useful contribution to Gender Studies Peace and Conflict Studies and South Asian Politics *Three Generations, Two Genders, One World* Sylvia H. Chant, Cathy McIlwaine, 1998 Based on surveys in which young women or men interviewed their siblings parents and grandparents on matters of relevance to gender including gender roles and relations Engendering Migrant Health Denise L. Spitzer, 2011-01-01 Voluntary migrants to Canada are generally healthier than the average Canadian but after ten years in the country they report poorer health and higher rates of chronic disease than those born here Troublingly women particularly those from non European countries experience the most precipitous decline in health What contributes to this deterioration and how can its effects be mitigated Engendering Migrant Health brings together researchers from across Canada to address the intersections of gender immigration and health in the lives of new Canadians Focusing on the context of Canadian policy and society the contributors illuminate migrants testimonies of struggle resistance and solidarity as they negotiate a place for themselves in a new country Topics range from the difficulties of Francophone refugees and the changing roles of fathers to the experiences of queer newcomers and the importance of social unity to communal and individual health
