Fallen Angels String Horses:

Fallen Angels Ursula Holden, 1978 Fallen Angels Ursula Holden, 1979 For those who find Muriel Spark too whimsical or Beryl Bainbridge too smoothly jocular or Barbara Pym too mild mannered here now is Ursula Holden a lean chronicler of sorry lives who makes those three ironic Britishers seem downright sentimental Holden's first three novels coming to the U S as a single volume Fallen Angels are a monument to depression a panorama of calamity a coldstaring parade of young middle and lower class women crippled by neglectful mothers selfish men and their own wretched wants In Endless Race Pauline Jeffcott is raised by nannies instead of parents outgrown by her beloved ambitious brother and winds up as a downtrodden mother's helper in postwar London a drifter who used too much eye makeup her one hope Jock an alcoholic fancydancing laborer from Glasgow who gives her good times bad times a baby a basement home and then burns to death In String Horses the two unloved teenage daughters of a divorced family planning consultant grow up fast when their seductive school caretaker lures them to a bizarre welfare summer camp he rapes them then kills himself and the elder girl pregnant quickly marries an Irishman and dies in childbirth And in Turnstiles pregnant Ruth Cash daughter of a foul bawd is abandoned by her egotistical writer husband then befriended by her bisexual brother in law Logan but Logan dies in a boating accident Ruth's baby is diagnosed as autistic and just when the chain of unloving seems about to be broken the much improved child dies in a freak accident Misery upon misery delivered with no tears or sighs in brisk short sentences and swatches of openwound dialogue Holden captures the worst moments of ordinary life with undeniable vividness But though String Horses flirts with symbolism horses galore and black comedy there's a lack of texture in early Holden a reportorial slice of life drone that borders on clinical case study In The Cloud Catchers however Holden seems at last to relax transforming her latest tale of woe into a Dickensian fable Eve Joyne is an Irish country girl who follows when her cousin Eileen is off to the razzle dazzle deserts the wretched backwoods Joyne household brain damaged brother bovine mother incestuous Dad In Dublin Eve with her pet hen finds love in the person of a surpassingly sweet intellectual tinker she calls Skin but when Skin is rendered comatose by a kick from his own horse Eve heads for England to sell perfume and dabble in sin with a married playboy Coincidence abounds fortunes recover and a happy ending awaits marriage to a recovered Skin a ceremony only slightly marred by Eve's black bridesmaid and the perfectly timed drop dead death of Eve's dad Holden's basic materials here are just as grim as ever her tone just as curtly detached but the ironic cosmic overview makes The Cloud Catchers bigger than life as well as slice of life the best work yet from a promising writer just beginning to work out and beyond her bedrock base of stony bitterness **When I was a Horse** Brianda Domecq, 2006 Seventeen stories gallop frolic and slither across the pages of this collection by Mexican author Brianda Domecq Sometimes inspiring sometimes fatalistic but always lyrical and thought provoking Domecq examines the human condition from a unique viewpoint A pet canary is caught between her nesting instinct and her desire for solitude A jaguar is guardian spirit to a middle aged woman And in the title story a young
