Johnson, 2011-01-31 So much has changed during the past decade in political campaigning that we can almost say it's a whole new ball game This book analyzes the way campaigns were traditionally run and the extraordinary changes that have occurred in the last decade Dennis W. Johnson looks at the most sophisticated techniques of modern campaigning micro targeting online fundraising digital communication the new media and examines what has changed how those changes have dramatically transformed campaigning and what has remained fundamentally the same despite new technologies and communications Campaigns are becoming more open and free wheeling with greater involvement of activists and average

voters alike But they can also become more chaotic and difficult to control Campaigning in the Twenty First Century presents daunting challenges for candidates and professional consultants as they try to get their messages out to voters Ironically the more open and robust campaigns become the greater is the need for seasoned flexible and imaginative professional consultants

Gaming the Vote William Poundstone, 2025-09-23 Our Electoral System is Fundamentally Flawed But There s a Simple and Fair Solution At least five U S presidential elections have been won by the second most popular candidate The reason was a spoiler a minor candidate who takes enough votes away from the most popular candidate to tip the election to someone else The spoiler effect is more than a glitch It is a consequence of one of the most surprising intellectual discoveries of the twentieth century the impossibility theorem of Nobel laureate economist Kenneth Arrow The impossibility theorem asserts that voting is fundamentally unfair a finding that has not been lost on today s political consultants Armed with polls focus groups and smear campaigns political strategists are exploiting the mathematical faults of the simple majority vote In recent election cycles this has led to such unlikely tactics as Republicans funding ballot drives for Green spoilers and Democrats paying for right wing candidates radio ads Gaming the Vote shows that there is a solution to the spoiler problem that will satisfy both right and left A system called range voting already widely used on the Internet is the fairest voting method of all according to computer studies Despite these findings range voting remains controversial and Gaming the Vote assesses the obstacles confronting any attempt to change the American electoral system The latest of several books by William

Poundstone on the theme of how important scientific ideas have affected the real world Gaming the Vote is a wry expos of how the political system really works and a call to action You Are My Sunshine Robert Mann, 2025-02-12 In You Are My Sunshine Robert Mann weaves together the birth of country music Louisiana political history World War II and the American civil rights movement to produce a compelling biography of one of the world s most popular musical compositions This is the story of a song that despite its simple sweet melody and lyrics holds the weight of history within its chords The song s journey to global fame began in 1939 when two obscure hillbilly groups recorded it By the century s end it was a cultural phenomenon covered by hundreds of artists spanning every genre It entered the Grammy Hall of Fame in 1999 and the Library of Congress s National Recording Registry in 2012 At the center of this story is Jimmie Davis who capitalized on his country music stardom to win two terms as Louisiana s governor In 1940 Davis became the third artist to record Sunshine after he bought it and claimed it as his composition The song became his anthem and a staple of his political rallies radiating warmth and wholesomeness Its sunny tune encouraged listeners to forget Davis s earlier recording career marked by risqu blues recordings that clashed with the upright gospel singing image he later cultivated As You Are My Sunshine grew in popularity so did its link to Louisiana s singing governor In 1977 the Louisiana Legislature made it a state song In this biography equal parts the story of Davis and the odyssey of his song we discover that Sunshine shaped the early rise of country music but became tangled in Davis s pro segregation policies briefly overshadowing its legacy You Are My Sunshine explores the song s contested origins its rise to legendary status and its ongoing resonance with millions This is more than the story of a simple song it s a biography of a cultural icon enduring and ubiquitous as sunshine itself **Louisiana**

History ,2005 *Louisiana Libraries* ,2002 **Choice** ,2005 *Encyclopedia of Media and Politics* Todd Schaefer,Thomas Birkland,2007 Explores the intersection of media and politics from larger themes such as the role of media in civil democratic society to more specific topics such as media ownership and regulation
