Andrist, 2018-11-01 Jigsaw puzzles notorious complexity and mega multiple amorphously shaped pieces provide an appropriate metaphor for the navigating and maneuvering necessary throughout all aspects of human dynamics Involvement comprises not only efforts by an individual personally trying to fit together a life of relationships with Family Friends Foes within complex categories and

different levels but the efforts by groups of individuals within those categories progressively by those groups within a larger society and or societies and then across so many so called boundaries geographic ethnic linguistic artistic and more Such is the starting point for this particular collection of essays which focuses on the human dynamics in cultures characterized mostly linguistically as Hispanic worlds and those cultures both in real life and in terms of cultural productions such as movies visual art and literature Unlike jigsaw puzzles with their convenient guiding box cover representation of the finished product once the pieces are correctly assembled human dynamics pieces are more like amoebas ever changing size and shape multiplying and dividing sometimes fitting in with other pieces sometimes not sometimes overlapping in short frequently unpredictable and always challenging for the would be assembler s Thus the title of this book could easily morph ad infinitum with the three elements of Family Friends Foes reflecting an enormous and unwieldy range of relationship emotion and viewpoint Mixed messages abound And as can be seen from the individual chapter titles and content so called successful relationships may be fleeting or unattainable or may match the imagined hoped for picture of a working relationship dynamic

Woman, the Actuality A.K. Pant,2010-11-19 Marriage is not a moral sexual debauchment consented by the society instead it describes an ethical limit of morality in sexual relations beyond which the sexual relations are considered to be illicit or adultery Marriage is a great attempt to keep the society free from sexual debauchment by assigning one man for one lady and one lady for one man Marriage is not a compulsion instead it is a confession done with mutual consent to live a peaceful life devotedly with each other From the point of view of sexual relations marriage is a factor which distinguishes human from animals It is sacred tribute to ancestors It is an indication of family succession or genealogy Marriage is a ritual to provide social as well as legal acceptance to the child in the womb Marriage is an indication of the death of the parents in the form of coming generations as it assures the eternal truth that older one has to end to provide the life and opportunities to the incoming generations For men marriage is in fact performing the moral ritualistic and materialistic duties while for women this is mere the accomplishing of sanctifying rites and following the codes of conduct Marriage is not an agreement done on behalf of a legal contract instead it is a complete dedication free from compulsions Wherever forementioned feelings do not exist in the background of the objectives of marriage there marriage means mere accomplishment of sexual satisfaction and false ego and in this situation marriage is just like a contract which if done by a man with one lady or four ladies is mere sexual debauchment in the point of view of the morals and ethics
