Lauer,2021-03-01 Neighbourhood Houses draws on a five year study to document and contextualize the neighbourhood house movement in Vancouver Social disconnection has led many observers to declare that urban communities are weakening and fragmenting Nonetheless the local community is where most aspects of everyday life occur where people establish their homes and pursue their ambitions It offers a secure haven in an unpredictable globalized world Neighbourhood houses are community hubs providing services such as public recreation child care health care and adult literacy classes bringing urban newcomers and neighbours together Contributors to this book outline the history of the Vancouver network its relationship with local government and other organizations in the region the programs and activities offered and the experiences of participants While globalization and migration create fragmented and disconnected societies in modern urban cities this timely study demonstrates that place based community organizations can provide an antidote      Multiculturalism and Immigration in Canada Elspeth Cameron,2004 Multiculturalism in Canada offers a solid introduction to the history and development of the ideology of multiculturalism in Canada This ideology which has become the primary designator of Canadian society began in the early 1970s when vocal elements in the population who were neither English nor French strongly responded to the investigations of the Committee on Bilingualism and Biculturalism Given Canada s early racist tendencies the establishment of multiculturalism was a remarkable shift in public thinking Many issues associated with immigration have arisen in the public debates around multiculturalism Some people are convinced that it is a pernicious ideology that enforces the ghettoisation of those different from the mainstream Others see dangers in the way some aspects of multiculturalism are merely tokens of an all inclusive society Still others contend that the voices of ethnicities aside from those of the two charter groups English and French are scarcely heard and that worse those marginalised voices are appropriated by mainstream writers On the whole however Canadians especially younger Canadians welcome a liberal outlook that is inclusive of a wide variety of ethnicities

For them and for many immigrants Canada is a society that is multiple and layered one rich in meaning They tend to see Canada as a microcosm of the larger world one that presents a useful model of tolerance for the world at large Increasingly marginalised new Canadians are excelling in the arts communities telling all Canadians what various aspects of the culture shock of transplantation feels like This book includes a representative sample of their works Geographies of the Heart Raymonde Tickner,Amea Wilbur,Zahida Rahemtulla,Kerry Johnson,2024-09-16 A settlement worker recalls being a child soldier in Sudan a woman from Trinidad applies to over a hundred jobs and a teacher from Afghanistan grapples with what it means to be a migrant in a colonized land In Geographies of the Heart eighteen newcomers to Canada tell their own stories in their own voices These accounts push back against misconceptions about immigration and immigrants by revealing that the paths into Canada are as diverse as the people who journeyed them Canada itself plays a pivotal role in the collection both as saviour and oppressor The nation is a haven and place of opportunity but it is also not entirely benevolent and welcoming As increasing migration is met with growing xenophobia the stories in Geographies of the Heart are reminders of our shared humanity All royalties from sales of this book will be donated to Archway Community Services The Punjabis in British Columbia Kamala Elizabeth Nayar,2012-10-01 In this richly detailed study Kamala Nayar documents the social and cultural transformation of the Punjabi community in British Columbia From their initial settlement in the rural Skeena region to the communities that later developed in larger urban centres The Punjabis in British Columbia illustrates the complex and diverse experiences of an immigrant community that merits greater attention Exploring themes of gender employment rural and urban migrant life and the relationships between the Punjabis and surrounding First Nations and other immigrant groups Nayar creates a portrait of a community in transition Shedding light on the ways in which economic circumstances affect immigrant communities Nayar presents findings from interviews conducted with over one hundred participants She details the relocation of Punjabi populations from the Skeena region to British Columbia s lower mainland during the decline of the forestry and fishery industries how their second migration changed their professional and personal lives and how their history continues to shape the identities and experiences of Punjabis in Canada today A nuanced look at the complexities of social and cultural adaptation The Punjabis in British Columbia adds an essential perspective to what it means to be Canadian **Trilingualism in Family, School, and Community** Charlotte Hoffmann,Jehannes Ytsma,2004 Countries in Africa America Asia and Europe provide the sociolinguistic contexts described in this volume They involve settings where three or more languages are spoken and where speakers are trilingual With the focus on family school and the wider community the book illustrates personal social cultural and political factors contributing to the acquisition and maintenance of trilingualism and highlights a rich pattern of trilingual language use *Canadian Books in Print* Marian Butler,2000

**Borderwork in Multicultural Australia** John O'Carroll,2020-07-31 Refugees Border protection Ethnic gangs Terrorism History wars Pauline Hanson Australia s faith in multiculturalism has been shaken by fierce attacks from its enemies and a

sense of crisis among its friends Multiculturalism has become a political tool to win votes and generate community anxiety What is left of the multicultural ideal Bob Hodge and John O Carroll take the pulse of multicultural Australia in the wake of September 11 They investigate the hot spots of multiculturalism showing how they cluster around fiercely defended boundaries and borders both literal and symbolic They tackle the issues of racism past and present and show how injustice impacts on many communities in Australia including Aboriginals as well as more recent migrant groups The authors argue that despite appearances multiculturalism is alive and well in Australia and a commitment to tolerance and diversity characterises daily life In fact Australia s multiculturalism is the best kind of borderwork against terrorism racism and injustice A timely original and optimistic discussion of Australia s multicultural past and our possible futures Graeme Turner Director Centre for Critical and Cultural Studies University of Queensland This clearly written book shines a welcome light on the fog of critique of Australian multiculturalism from both the Right and the Left Jock Collins Professor of Economics University of Technology Sydney
