My House Daryl J. Potts, 2020-07-10 The verse Joshua 24 15 as for me and my house we will serve the Lord has been the desire and declaration of ministry couples for centuries Yet the heartache of many ministers and their spouses is the realization that even though they have ministered to many and have been instruments to strengthen people's spiritual lives the spiritual well being of their own immediate family is not always where they would like it to be Many sadly observe members of their own family who no longer attend church having turned away from the faith For many ministers and spouses both those presently in ministry and those starting out there is a great desire to find keys to prevent their family members from falling away from the faith The heart of every pastoral couple is to function in their ministry and at the same time see their family flourish In the light of the dearth of research regarding the ministry family journey this book investigates how ministers and their spouses perceive that their involvement in ministry affects their family lives It further reveals the components that contribute toward the spiritual well being of their family while fulfilling their unique ministry responsibilities

Cultural Diversity and Families Bahira Sherif Trask, Raeann R Hamon, 2007-01-18 Cultural Diversity and Families Expanding Perspectives breaks new ground by investigating how concepts of cultural diversity have shaped the study of families from theoretical and applied perspectives Authors Bahira Sherif Trask and Raeann R Hamon move the dialogue about culturally diverse families to a new level by topically discussing the issues affecting culturally diverse families rather than organizing the information by racial and or ethnic groups Key Features Investigates the impact

of cultural diversity on the study of families In order to transcend simplistic categorizations that have juxtaposed White families in opposition to families of color and vice versa this book delineates the increasing cultural diversity of American families and examines the impact of these demographic changes for the social sciences Emphasizes the full range of cultural aspects The book consciously emphasizes cultural aspects not just ethnicity but also socioeconomic status gender religion etc over racial impacts on family life so as not to reinforce the myth that race is a biological truth By sharing unique family experiences across groups the book enhances understanding directs future family research and serves these families through responsive policy and practice Offers more coverage of culturally diverse families than any other text Divided into three parts this comprehensive text first sets the stage of historical current and projected demographic trends pertaining to American families explores issues facing culturally diverse families from a thematic perspective and discusses of the impact of cultural diversity for family theory research service delivery and public policy Intended Audience This is an excellent text for advanced undergraduate and graduate courses such as Families in a Multicultural Society Ethnic Minority Families and Cultural Diversity in American Families in the departments of Human Development Family Studies Sociology and Family Social Work

Creating a Successful Christian Marriage Cleveland McDonald, Philip McDonald, 2008-04-01 This classic text written by a father and son team looks at the nuclear family as a social institution and provides guidance for interaction and adjustment during dating engagement and early marriage The authors treat such practical matters as communicating working through interpersonal differences and growing in relationships within the family They also discuss the impact of cultural expectations on family patterns and define ideal family roles developed in Scripture Other topics covered include parenting extended family relationships finances and nontraditional families Now available in paperback [Beginning from Man and Woman](#) Bernard K. Wong, 2017-04-30 Engaging with contemporary thought on love and the family Bernard Wong argues that our notion of love has been deeply influenced by modern technological culture and political ideologies leading to the detriment of familial relationships Dr Wong demonstrates how Christian doctrines can be used to critique and resist these ideologies Through a careful analysis of Christ's love expressed in his life death and resurrection the author presents a notion of Christ's love bearing the characteristics of fraternal incarnational and unfolding love These aspects of Christ's love are pertinent to the relationships between husbands and wives parents and children and families and their neighbours It is through practicing Christ's love that Christians strengthen their familial relationships and bear witness to Christ in the world

Family in Mission Johannes Reimer, 2020-06-30 Innumerable books have been written about successful outreach and evangelism yet almost none address the centrality of the family as God's intended vehicle for experiencing life community and growth In this timely and powerful book Johannes Reimer urges us to rediscover the family as a primary agent for mission in the world Offering both a theological and practical foundation for understanding the role and significance of families in the vocation of the church this book also provides creative ideas for implementing a family centered praxis that

offers preparation and support to families living out their calling to make Christ known To ignore the family Reimer warns is to ignore the church's greatest resource for transmitting truth communicating love and embodying the gospel If we are to be effective in making disciples of all nations we must start in our own homes

Karl Barth's Theology of Relations, Volume 2 Gary Deddo, 2015-08-04 This work originally published as one volume in the Peter Lang series Issues in Systematic Theology is now available in two volumes In the first volume Gary Deddo shows how Barth grasped the nature of relations as intrinsic to the being and act of the Triune God and to God's relations to us and our relationship to God in Christ Deddo then completes his comprehensive survey showing how Barth saw the reality of the divine relationships analogically pertains by grace to humanity and its creaturely relationships Barth's doctrine of God Christology and theological anthropology are all intrinsically onto relational to borrow a term coined by Thomas F Torrance In the second volume Deddo shows how Barth's relational theology is intrinsically ethical As a case study Deddo explicates Barth's ethical teaching on the relationship between parents and children found in section 54 of his chapter on Freedom in Fellowship in CD III 4 He further demonstrates the relevance and fruitfulness of Barth's theology of relations for critically engaging other theological and non-theological views of the family and for shedding ethical light on a wide range of contemporary issues facing families especially in the North American context Karl Barth is known for his insight into the inseparability of act and being in God What is less recognized is that Barth's theological understanding of dynamic covenantal relationship is also essential to his doctrine of the Triune God his Christology and theological anthropology God is revealed in Jesus Christ to be one in act being and relation Humanity is revealed in Jesus Christ to be essentially a unity of act being and relation The failure to see the ethical implications of Barth's theology can be traced in large part to the failure to grasp how Barth's understanding of God's being and act is also essentially relational Deddo's work corrects this oversight and opens up the door to better comprehension of Barth's trinitarian doctrine of God his Christology anthropology and ethics

The New Covenant as a Paradigm for Optimal Relations Pablo Polischuk, 2016-10-07 The New Covenant as a Paradigm for Optimal Relations regards the New Covenant primarily as a gracious and merciful redemptive deal springing from God's unilateral unconditional and proactive initiative The New Covenant is adopted as representing both a salvific and an exemplary paradigm that displays God's gracious and merciful ways toward his children Ten discrete yet interwoven principles are extracted from interpreted and abstracted from Scriptures pertaining to the promised New Covenant These principles apply to those who as dearly beloved children are invited to imitate God's loving ways God's manner of love defines the foundational basis from which the author derives and elaborates the propositions that guide the considerations pertaining to thoughts feelings motivations and behaviors that enter into play in relational transactions In terms of style an architectural design permeates the content of this book offering and encompassing a metacognitive view of God's covenantal ways a top down perspective that applies to bottom up endeavors of relational nature The challenges posed by our cultural postmodern trends devoid of absolute

principles and lacking a moral compass are countered and addressed by the author in insightful fashion offering theologically based guidelines integrated to sound psychological principles applicable to psychotherapeutic and counseling endeavors as well as to pastoral care
