Family Law in a Nutshell Harry D. Krause, 1983 Family Law in a Nutshell John Myers, 2025-05-28 Few areas of law practice cover as many issues as family law The subject embraces marriage and divorce annulment custody of children spousal and child support complex property issues paternity domestic violence adoption and alternative means of reproduction Each of these topics itself is complex For example within the broad subject of child custody lie the issues of interstate move away cases international parental child abduction and the impact of domestic violence on a parent s right to custody or visitation In addition to purely legal issues family law has a large psychological component touching on some of the most important and sensitive aspects of human nature and interaction such as what is a family what are the rights and responsibilities of parents toward children and how should society respond to child abuse and domestic violence All of these issues and more are discussed in this Nutshell The book provides a thorough introduction to this challenging field of practice As you prepare for the bar examination check to see if family law is tested on the bar you intend to take The Uniform Bar Exam tests family law A number of state bar exams include family law This book covers the family law topics you will encounter on the bar and in a family law course Family Law in a Nutshell , 1980

Thermonuclear Monarchy: Choosing Between Democracy and Doom Elaine Scarry, 2014-02-24 From one of our leading social thinkers a compelling case for the elimination of nuclear weapons During his impeachment proceedings Richard Nixon boasted I can go into my office and pick up the telephone and in twenty five minutes seventy million people will be dead

Nixon was accurately describing not only his own power but also the power of every American president in the nuclear age Presidents Eisenhower Kennedy Johnson and Nixon each contemplated using nuclear weapons Eisenhower twice Kennedy three times Johnson once Nixon four times Whether later presidents from Ford to Obama considered using them we will learn only once their national security papers are released In this incisive masterfully argued new book award winning social theorist Elaine Scarry demonstrates that the power of one leader to obliterate millions of people with a nuclear weapon a possibility that remains very real even in the wake of the Cold War deeply violates our constitutional rights undermines the social contract and is fundamentally at odds with the deliberative principles of democracy According to the Constitution the decision to go to war requires rigorous testing by both Congress and the citizenry when a leader can single handedly decide to deploy a nuclear weapon we live in a state of thermonuclear monarchy not democracy The danger of nuclear weapons comes from potential accidents or acquisition by terrorists hackers or rogue countries But the gravest danger comes from the mistaken idea that there exists some case compatible with legitimate governance There can be no such case Thermonuclear Monarchy shows the deformation of governance that occurs when a country gains nuclear weapons In bold and lucid prose Thermonuclear Monarchy identifies the tools that will enable us to eliminate nuclear weapons and bring the decision for war back into the hands of Congress and the people Only by doing so can we secure the safety of home populations foreign populations and the earth itself

Failure to Flourish Clare Huntington,2014-05-20 Exploring the connection between families and inequality Failure to Flourish How Law Undermines Family Relationships argues that the legal regulation of families stands fundamentally at odds with the needs of families Strong stable positive relationships are essential for both individuals and society to flourish but from transportation policy to the criminal justice system and from divorce rules to the child welfare system the legal system makes it harder for parents to provide children with these kinds of relationships exacerbating the growing inequality in America Failure to Flourish contends that we must re orient the legal system to help families avoid crises and when conflicts arise intervene in a manner that heals relationships To understand how wrong our family law system has gone and what we need to repair it Failure to Flourish takes us from ancient Greece to cutting edge psychological research and from the

chaotic corridors of local family courts to a quiet revolution under way in how services are provided to families in need Incorporating the latest insights of positive psychology and social science research the book sets forth a new more emotionally intelligent vision for a legal system that not only resolves conflict but actively encourages the healthy relationships that are at the core of a stable society Coercion and the State David A. Reidy, Walter J. Riker, 2008-03-19 A signal feature of legal and political institutions is that they exercise coercive power The essays in this volume examine institutional coercion with the aim of trying to understand its nature justification and limits Included are essays that take a fresh look at perennial questions Leading scholars from philosophy political science and law examine these and related questions shedding new light on an apparently inescapable feature of political and legal life Coercion **The SAGE Encyclopedia of Marriage, Family, and Couples Counseling** Jon Carlson, Shannon B. Dermer, 2016-10-11 The SAGE Encyclopedia of Marriage Family and Couples Counseling is a new all encompassing landmark work for researchers seeking to broaden their knowledge of this vast and diffuse field Marriage and family counseling programs are established at institutions worldwide yet there is no current work focused specifically on family therapy While other works have discussed various methodologies cases niche aspects of the field and some broader views of counseling in general this authoritative Encyclopedia provides readers with a fully comprehensive and accessible reference to aid in understanding the full scope and diversity of theories approaches and techniques and how they address various life events within the unique dynamics of families couples and related interpersonal relationships Key topics include Assessment Communication Coping Diversity Interventions and Techniques Life Events Transitions Sexuality Work Life Issues and more Key features include More than 500 signed articles written by key figures in the field span four comprehensive volumes Front matter includes a Reader's Guide that groups related entries thematically Back matter includes a history of the development of the field a Resource Guide to key associations websites and journals a selected Bibliography of classic publications and a detailed Index All entries conclude with Further Readings and Cross References to related entries to aid the reader in their research journey
