womans immigration into the U S and how three of her generations struggled in the U S school system The book ends with an analysis of why many students fail in school and what we can do about it Through story and analysis this book offers a critique of the U S education system in 3 parts Part one imagines what the immigration experience was like in the past and reads like historical fiction Part two looks at the ensuing three generations in the present and reads like a memoir Part three gleans lessons from the story as a whole for what we can do better in the future In the historical fiction part a Sicilian woman named Rose emigrates to the U S at the turn of the twentieth century Knowing no English and illiterate but armed with a moral intelligence she struggles in this strange world of the free rubs shoulders with some of the great thinkers of her day and discusses the nature of education with them Shes one of the many prosaic heroes history books and schools sometimes forget In the memoir part Roses son Henry the authors father drops out of school in the eighth grade to help his single mom by selling newspapershe never thought he was smart enough for school anyway His son Henry Jr goes all the way in school to obtain a PhD but struggles to find a voice along the way Henry Jr s son Justin was seemingly born with an expressive voice but in his shuffle to conform to the school system almost lost it In these 3 cases we see 3 types of students who often fail in school in general In the final analysis part the book reflects on these prosaic cases to understand why so many U S students fail The theme that emerges parallels the traditions of Rousseau Dewey and Montessori students at heart are good and educators are most effective when they treat them as such students learn best by doing and this includes moral doing and students become intrinsically motivated to learn if allowed to think critically creatively and to find their voices If democracy depends on an informed citizenry the questions this book raises about school failure are critical to the future of our nation J A

Understanding Success and Failure in Adult ESL Taewoong Kim, 2022-04-12 This book explores the reasons why adult ESL learners drop out of their language classes and suggests explicit strategies for keeping students engaged The most effective strategies may be personal rather than technical or curricular Based on a study of a group of Mexican immigrants to the US the author proposes that superaci n or self actualization is crucial to understanding the relative success of adult ESL learners Learners decisions to drop out were not hasty or superficial but were based on a commonsense assessment concerning how the class might improve the quality of their lives Those involved in delivering ESL to adult learners should stress the tangible practical advantages that accrue with learning English and at the same time strive to make instruction relevant
