Perspectives on Family Ministry Timothy Paul Jones, 2019-11-15 The most effective family ministries refocus every church process to engage parents in discipling their children and to draw family members together instead of pulling them apart

Faith Generation Nick Shepherd, 2016-08-18 The recent Church Growth Research see www.churchgrowthresearch.org.uk identifies that the successful transmission of faith to children and young people is a key factor in stemming decline and promoting growth This book explores the cultural and theological reasons as to why this is the case and makes research based recommendations for the faith formation of children and young people The central argument is that church communities need to engage in deliberate strategies that help foster intentional Christian Communities within which children and young people can form and sustain Christian identity

Trained in the Fear of God Randy Stinson, Timothy Paul Jones, Dr Randy Stinson and Dr Timothy Paul Jones have been the primary architects of the theological foundations for what has become known as family equipping ministry a recognition that the generations need one another and that parents have an inherent responsibility for the discipleship of their children

Australian Evangelical Perspectives on Youth Ministry Ruth Lukabyo, 2023-12-06 This book is a unique contribution to the study of children's and youth ministry displaying the rich theological thinking that is developing amongst Australian evangelical scholars Many of the writers have previously presented at the Youthworks House conference which promotes theological reflection for best practice in youth and children's ministry in a community of youth and children's ministers The themes explored in this book are vitally important to pastors seeking to nurture young people as disciples of Jesus Thirteen evangelical scholars answer questions such as How can biblical theology shape a young person's view of themselves What is the biblical definition of church and how does this shape our understanding of intergenerational gatherings family and community How should young Christians

interact with the culture around them And how do biblical teachings on sin grace and wisdom provide young people with the resources to live in today s world You will be challenged to reconsider how theology and exegetical study of the Bible can mold your priorities principles and presumptions as you exercise ministry to and with young people Starting Right Kenda Creasy Dean,Chap Clark,Dave Rahn,2010-05-11 Starting Right Thinking Theologically About Youth Ministry is the first academic textbook that introduces youth ministry students whether undergraduate or graduate level to a marriage of solid research real life and accessible design Whereas most college level texts may reflect a thorough though impenetrable mastery of the field they tend to expect readers to plow through unnecessarily thick prose and bland design because it s good for them Youth Specialties doesn t agree In this debut title to a continuing academic book line college and seminary students will be introduced to real life research real life youth ministry dilemmas and real life solutions Contributing writers represent a spectrum of Christian Education thought and practice as well as widespread recognition in their field transdenominational yet the perfect background to ministry in any denomination or ministry organization This text includes thorough indexes design and graphics that compel readers from page to page now that s a first for a college text organization that permits professors to use any part of the text in any order rather than plod through the entire book from beginning to end a perfect primary text that gives students a rich academic and readable though not popular grasp of every aspect of youth ministry a typical Intro course touches while also serving as an ideal secondary text **Don't Call It a Comeback (Foreword by D.**

A. Carson) Kevin DeYoung,2011-01-06 Recent cultural interest in evangelicalism has led to considerable confusion about what the term actually means Many young Christians are tempted to discard the label altogether But evangelicalism is not merely a political movement in decline or a sociological phenomenon on the rise as it has sometimes been portrayed It is in fact a helpful theological profile that manifests itself in beliefs ethics and church life DeYoung and other key twenty and thirty something evangelical Christian leaders present Don t Call It a Comeback The Same Evangelical Faith for a New Day to assert the stability relevance and necessity of Christian orthodoxy today This book introduces young new and under disciplined Christians to the most essential and basic issues of faith in general and of evangelicalism in particular Kevin DeYoung and contributors like Russell Moore Darrin Patrick Justin Taylor Thabiti Anyabwile and Tim Challies examine what evangelical Christianity is and does within the broad categories of history theology and practice They demonstrate that evangelicalism is still biblically and historically rooted and remains the same framework for faith that we need today **The Next Generation** Gary Zustiak,1996 Generation X has been called the least wanted generation of all time Things such as abortion and the pill have limited their numbers Zustiak puts a spin on the X factor an unknown quantity If this generation will find their value in Christ they could accomplish great things for Christ **Getting it Right** General Conference of Seventh-Day Adventists, Youth Dept Staff,General Conference of Seventh-Day Adventists. Youth Department,2005

Emmaus Road Donna Sinclair,Christopher White,2003 Using as their guide the story of the two disciples who meet the

risen Christ on the road to Emmaus Donna Sinclair and Christopher White move congregations beyond a search for silver bullet solutions beyond a preoccupation with technique and programming beyond a hope in simplistic formulas for success to the qualities of character and faith that will help congregations in the years ahead Focussing on the healing power of community the nurture and comfort of study the gift of sacrament and the power of outreach Sinclair and White offer to readers what those first disciples experienced on the road to Emmaus an encounter with hope **Old School, New Clothes** Ronald E. Hoch, David P. Smith, 2011-09-09 Is much of Christian education in America distinctly Christian Ron Hoch and David Smith say No Instead it is guilty of having adopted an ideology and methodology that strips it of the right to call itself Christian and the ability to fulfill a truly Christian mission The authors claim that the fundamentally humanistic ideology of the West conditions and controls much of what is labeled Christian education By talking about the need to integrate faith and learning focusing on teaching methodology and operating schools in virtually the same way as government run schools many Christian academics betray captivity to the dogma that humans are the measure of all things and need to do what God has already done As a result much of what controls the conversation and practices in Christian academia echoes the humanistic arrogance of the West and offers no substantive alternative to it In Old School New Clothes Hoch and Smith issue a call for Christian academics to own up to their own confession that all reality was created and integrated by God damaged by sin and has already been reintegrated in and by Jesus Thus the emphasis in Christian education ought not to be what Christian educators are doing to redeem the culture but on what God is bringing to the Church in order to redeem sinners Only by recognizing that all human knowledge claims in every sphere are inherently theological and that God is truly seen in and experienced through knowledge of all things will a distinctly Christian education be forged Christian education must primarily emphasize the reintegration or redemption of teachers brought through right knowledge of Jesus that comes through every subject discipline and expressed in a life balanced on Sabbath work and family **Connect** Jonathan McKee, 2010-01-05 In an age where teenagers are deeply engaged in virtual communities and social networks they're still feeling alone and isolated It may sound all too simple but the truth is that you have the opportunity to make a profound impact on the lives of students with the simple act of spending time with them one on one Whether you're a volunteer or the lead youth pastor getting some students to open up and share their lives can be a challenge In this practical book you'll learn the importance of connecting with students on an individual basis and get helpful ideas on how to engage a variety of students in meaningful dialogue You'll explore and learn more about connecting with six different types of students including The No Way Kid The Not Interested Kid The Checking Things Out Kid The Stagnant Kid The Growing Kid The Looking for Ministry Kid Connect will walk you through the steps to lead you into relationships with students that go beyond the youth room and impact them into adulthood *Don't Call It a Comeback* Kevin DeYoung, 2011 Unites some of today's most promising young evangelicals in a bold assertion of the stability relevance and necessity of Christian orthodoxy and reasserts

the theological nature of evangelicalism **Religion and Youth** Pink Dandelion, 2016-04-08 What is the future of religion given the responses of young people What impact do existing religious forms have on youth What kind of spirituality and religion are young people creating for themselves Religion and Youth presents an accessible guide to the key issues in the study of youth and religion including methodological perspectives It provides a key teaching text in these areas for undergraduates and a book of rigorous scholarship for postgraduates academics and practitioners Offering the first comprehensive international perspective on the sociology of youth and religion this book reveals key geographical and organisational variables as well as the complexities of the engagement between youth and religion The book is divided into six parts organised around central themes Generation X and their legacy The Big Picture surveys of belief and practice in the USA UK and Australia Expression how young people construct and live out their religion and spirituality Identity the role of religion in shaping young people's sense of self and social belonging Transmission passing on the faith or not Researching Youth Religion debates issues and techniques in researching young people's religion and spirituality James A Beckford writes the Foreword and Linda Woodhead the Epilogue
