Placemaker Christie Purifoy, 2019-03-12 Placemaker is a call to tend our souls our land and our homes to cultivate comfort beauty and peace in the places God has us Images of comfortable kitchens and flower filled gardens stir something deep within us we instinctively long for home In a world of chaos and conflict we want a place of comfort and peace In Placemaker Christie Purifoy invites us to notice our soul s desire for beauty our need to create and to be created again and again As she reflects on the joys and sorrows of two decades as a placemaker and her recent years living in and restoring a Pennsylvania farmhouse Christie shows us that we are all gardeners No matter our vocation we spend much of our lives tending keeping and caring In each act of creation we reflect the image of God In each moment of making beauty we realize that beauty is a mystery to receive Weaving together her family s journey with stories of botanical marvels and the histories of the flawed yet inspiring placemakers who shaped the land generations ago Christie calls us to cultivate orchards and communities to clap our hands along with the trees of the fields to step into our calling to create to make a place in the place God made for us Placemaker is a timely yet timeless reminder that the cultivation of good and beautiful places is not a retreat from the real world but a holy pursuit of a world that is more real than we know Everything Else You Need to Know When

Suspended Conversations Martha Langford, 2021-10-13 In *Suspended Conversations* Martha Langford shows how photographic albums tell intimate and revealing stories about individuals and families Rather than isolate the individual photograph treat albums as texts or argue that photography has supplanted memory she demonstrates that the photographic album must be taken as a whole and interpreted as a visual and verbal performance that extends oral consciousness Exhibiting a collection of photographic travelogues memoirs thematic collections and family sagas compiled between 1860

and 1960 and held by the McCord Museum of Canadian History this second edition includes a revised and expanded preface along with new photographs of the Notman albums Printed in colour throughout the enhanced material draws out the distinct nuances and details of each album giving them new life to tell their stories Albums are treasured by families collected as illustrations of the past by museums of social history and examined by scholars for what they can reveal about attitudes and sensibilities but when no one is left to tell the tale the intrigue of the album becomes a puzzle a suspended conversation Langford argues that oral consciousness provides the missing key Correlating photography and orality she explains how albums were designed to work as performances and how we can unlock their mysteries A fascinating glimpse of the preoccupations of previous centuries Suspended Conversations brings photography into the great conversation of how we remember and how we send our stories into the future
