## **Family Law And Society Cases And Materials:**

Family Law Frances Burton, 2003-02-15 A reader friendly guide to the basic family law topics The book also includes indications of where the law may be going in practice for example following the implementation of the Human Rights Act Major academic and practitioner issues are flagged **The Family, Law and Society** Brenda M. Hoggett, David Pearl, 1983

**Cases and materials on family law** K. Kusum, 2010 *Justice for Everyone* Rosemary Hunter, Erika Rackley, 2022-05-26 Featuring original research this collection celebrates the remarkable career of former Supreme Court President Brenda Hale Law's Families Alison Diduck, 2003-07 Examining the diversity of perspectives and approaches in family law scholarship and drawing upon this work this book provides an analysis of recent trends in family law from a socio legal and feminist perspective and questions the nature of the nuclear family Family Law, Gender and the State Alison Diduck, Felicity Kaganas, 2012-02-07 The third edition of this work on family law comprising text cases and materials provides not only an explication of legal principle but also explores primarily from a feminist perspective some of the assumptions about and constructions of gender sexual orientation class and culture that underlie the law It examines the ideology of the family and in particular the role of the law in contributing to and reproducing that ideology Structured around the themes of equality welfare and family privacy the book aims to offer the benefits of a textbook while also giving students a wide ranging set of materials for classroom discussion As well as providing a firm grounding in family law the text sets the law in its social and historical context and encourages a critical approach by students to the subject It provides an ideal introduction to family law for undergraduates but will be equally helpful for postgraduate students of family law for whom it provides a challenging selection of materials set within a theoretical framework rich in ideas and arguments Review of the second edition Diduck and Kaganas examine legal developments to shed light on society principally by investigating the ways in which family law constructs and regulates family life and responsibilities There is an important and ambitious book that aims ultimately at a feminist restatement of family law The book is written and referenced in such depth that it is a useful resource for legal as well as social science researchers at all levels whether looking for theoretical inspiration or drawing up a literature review The range of diverse sources that Diduck and Kaganas draw on is impressive they seem to have included every bit of material that helps feminists make sense of family law There is a well pitched selection of further reading of such material at the end of each chapter What's more they undersell themselves by describing their book as Text Cases and Materials because they have woven by far the largest proportion of the cases and materials into the text Helen Reece Times Higher Education May 2007 Reviews of first edition A stimulating work which attempts to situate family law in its social historical and political context Its appeal should not be confined to family law students as its commitment to a critical and analytical approach offers insights and ideas with broader significance Mary Childs Child and Family Law Quarterly September 2002 The arguments are provocative the analysis is stimulating and the materials amassed strongly support the

authors aim to question the axiomatic status of what is traditionally designated as the family Fiona E Raitt *Infant and Child Development* September 2002 It is not often that one can say of a textbook in Law that it makes interesting reading with quite the enthusiasm that can be expressed for this text This new publication offers something that few textbooks seem to offer a book you CAN open up virtually anywhere and find an interesting piece on almost any aspect of the broad family law spectrum Penny Booth *The Law Teacher* September 2002 All the major themes in feminist and constructionist perspectives in family law are presented together with a wealth of readings and extensive references As a teaching manual it is excellent a coherent feminist perspective across the entire range of family law Marty Slaughter *Feminist Legal Studies* July 2003

Cases & Materials on Constitutional & Administrative Law Brian Thompson, Michael Gordon, 2017 Cases Materials on Constitutional Administrative Law provides students with a comprehensive selection of legal resources to accompany their studies Extracts from leading cases academic works and political documents are drawn together with incisive author commentary and thought provoking questions to highlight the historical debates and ongoing development of the subject The authors take a critical look at the doctrines of constitutional law and the principles of administrative law showing how the constitution operates in relation to Parliament the Executive and the citizen Online Resource Centre This book is supported by an Online Resource Centre providing a wide range of extra resources to further support students in their studies including Updates in constitutional and administrative law An extensive range of web links An interactive timeline of significant public law events throughout history Oxford News Now a live feed on topical public law issues sourced from news websites such as the BBC and Guardian **Text, Cases and Materials on Medical Law and Ethics** Marc Stauch, Kay Wheat, John Tingle, 2011 Divided into two parts this text examines both the general principles that permeate medical law and issues which arise in relation to specific areas of medical treatment **Text, Cases & Materials on Medical Law** Marc Stauch, 2017-07-05 Lucid and logical in structure this new edition previously entitled Sourcebook on Medical Law draws together a wide range of essential material including extracts from statutes cases and academic commentary from medical law an area which is fast becoming an important part of undergraduate syllabuses Fully updated to take account of recent developments in this dynamic area of law it examines two major pieces of legislation the Mental Capacity Act 2005 and the Human Tissue Act 2004 as well as a significant amount of new case law including the House of Lords decisions in *Chester v Afshar* and *Gregg v Scott* and the Court of Appeal decision in *R on the application of Burke v GMC* and others Divided into two parts it covers the general principles that permeate medical law exploring illness and the ethics of care and healthcare in England and Wales and consent to treatment confidentiality and medical malpractice issues which arise in relation to specific areas of medical treatment including infertility treatment and surrogacy pregnancy and abortion treating the incompetent the mentally ill medical research organ transplants and euthanasia This textbook is an invaluable reference tool for all those studying medical law as well as those studying medicine *Cases and Materials on Constitutional and Administrative Law*

Brian Thompson, Michael Gordon, Adam Tucker, 2021 Cases and Materials on Constitutional and Administrative Law provides an essential collection of key primary and secondary materials with incisive commentary from the authors **An Unfortunate Coincidence** Didi Herman, 2011 This book examines the depiction of Jews and Jewishness in modern English law revealing the role of racial and religious understandings in legal decision making It challenges both assumptions about tolerance and neutrality in English law and any simple narrative of anti-Semitism charting the ambivalent status of Jewish identity in the law **Encyclopedia of Law and Society** David S. Clark, 2007-07-10 This work will be very valuable for academic and public libraries supporting prelaw law social and cultural studies Summing Up Highly recommended Upper level undergraduates through professionals practitioners general readers CHOICE There are two aspects of scholarship about the legal systems of our day that are especially salient one being for the first time there is a fair amount of genuine research on legal systems and two that this research is increasingly global As soon as you cross a jurisdictional line even if it separates countries that are very similar you enter a different legal system It cannot be assumed that any particular rule doctrine or practice is the same in any two jurisdictions regardless of how close these jurisdictions are in terms of history and tradition The Encyclopedia of Law and Society is the largest comprehensive and international treatment of the law and society field With an Advisory Board of 62 members from 20 countries and six continents the three volumes of this state of the art resource represent interdisciplinary perspectives on law from sociology criminology cultural anthropology political science social psychology and economics By globalizing the Encyclopedia's coverage American and international law and society will be better understood within its historical and comparative context Key Features Includes more than 700 biographical entries that are historical comparative topical thematic and methodological Presents the rich diversity of European Latin American Asian African and Australasian developments for the first time in one place to reveal the truly holistic interdisciplinary virtues of law and society Examines how and why legal systems grow and change how and why they respond or fail to respond to their environment how and why they impact the life of society and how and why the life of society impacts in turn these legal systems With borders more porous than ever before this Encyclopedia reflects the paradoxical reality of modern life including legal life This valuable resource aims to present research along with the theories on which it is grounded fairly and comprehensively and is a must have for all academic libraries **Tackling Domestic Violence: Theories, Policies and Practice** Lynne Harne, Jill Radford, 2008-07-16 This accessible text takes a multidisciplinary approach to exploring issues surrounding domestic violence It draws on contemporary research findings policy developments innovative practice and case studies to explore new directions in professional and voluntary sector responses to domestic violence Centred on the United Kingdom but located in a context of global change the book discusses and critically evaluates new criminal justice and multi agency initiatives such as domestic violence courts and risk assessment conferences as well as assessing how far these initiatives improve the safety of women and children Harne and Radford aim

to disseminate ideas about best practice in relation to dealing with this sensitive and still controversial issue They use real life case studies from professionals including the police health services and Women s Aid and are inclusive of the experiences of a wide range of survivors in order to enable an understanding of the need for appropriate responses depending on different survivor needs Tackling Domestic Violence provides an informed background for professionals in the police probation health and social care services the legal system and voluntary sector with a remit to respond to domestic violence It is also highly relevant to those undertaking courses on domestic violence at undergraduate and postgraduate level
