Family Observational Coding Systems Patricia K. Kerig, Kristin M. Lindahl, 2000-08-01 CODING MANUAL INFORMATION IS AVAILABLE FROM THE CHAPTER AUTHORS AND THEIR E MAIL ADDRESSES CAN BE FOUND ON PAGE XV OF THE BOOK Family studies is an area that has enjoyed the benefits of conceptual and methodological advances in recent years including the widespread adoption of observational research techniques The selection of an appropriate coding system is critical to achieving a better understanding of the complex family processes related to normative and pathological development This book presents 14 examples of family observational coding systems chosen for the wide range of constructs and phenomena they capture Each system is described in detail and excerpts from the coding manual are presented links to the full coding manuals are available to purchasers of the book at LEA s Web site www.erlbaum.com Each chapter follows a consistent outline so that the different coding systems can be more easily compared to one another They include the theoretical underpinnings of the measure its reliability and validity the coding process strategies for coder training and examples of studies in which it has been used This volume will prove invaluable to students and researchers in family studies clinicians and other practitioners who need to interpret data from family observations **Couple Observational Coding Systems** Patricia K. Kerig, Donald H. Baucom, 2004-07-22 A companion volume to Family Observational Coding Systems this book moves from the triad to the dyad and provides a showcase for significant developments in the coding of intimate couple interactions The hope is that this book will contribute to the broadening and deepening of the field by disseminating information both about the coding systems that have been developed as well as the conceptual and methodological issues involved in couple observational research The first three chapters present overviews of conceptual and methodological issues in the study of couple processes The remaining chapters describe contributions to the field by 16 teams of researchers Each chapter provides information about the conceptual underpinnings and structure of the coding system developed by the authors and evidence for its psychometric properties Couple Observational Coding Systems will be of interest to researchers studying couple interactions as well as clinicians who work with couples **Researching Interactive Communication Behavior** C. Arthur VanLear, Daniel J. Canary, 2015-12-17 Researching Interactive Communication Behavior by C Arthur VanLear and Daniel J Canary provides students and experienced researchers with tools for studying communication behaviors through direct observation The sourcebook provides sound coverage of both cutting edge and well established systems measurements and procedures as well as detailed information on measurement selection coding reliability assessment and analysis In addition to offering theoretical discussions each chapter also focuses on how to apply systems and principles in conducting actual original research and uses examples and exemplars to help readers understand and apply the methods **Advanced Methods in Family Therapy Research** Richard B Miller, Lee N. Johnson, 2013-12-17 Research is vital in moving the field of family therapy forward but the myriad of possibilities inherent in

working with systems and individuals can overwhelm even the most seasoned researcher. **Advanced Methods in Family Therapy Research** is the best resource to address the day to day questions that researchers have as they investigate couples and families and the best source for learning long term theory and methodology. The contributors of this volume share their wisdom on a wide variety of topics including validity concerns, measuring interpersonal process and relational change, dyadic data analysis demonstrated through a sample research study, mixed methods studies and recruitment and retention. The volume contains one of the most detailed descriptions of data collections and covers interviewing using questionnaires and observing brain activity. Also addressed are suggestions to meaningfully reduce cultural bias to conduct ethical research and in the Health Services Research chapter to examine interventions for clients in various income brackets. A separate groundbreaking chapter also addresses psychophysiological research in a couple and family therapeutic context. As an added benefit, readers will learn how to become informed consumers of journal articles and studies, how to produce quality publishable research and how to write fundable grant proposals. Each chapter provides a clear and detailed guide for students, researchers and professionals and as a whole, **Advanced Methods in Family Therapy Research** advances the field by teaching readers how to provide evidence that marriage and family therapy not only relieves symptoms but also effects behavioral change in all family members.

The Handbook of Systemic Family Therapy, The Profession of Systemic Family Therapy Richard B. Miller, Ryan B. Seedall, 2020-10-19. This first volume of the **The Handbook of Systemic Family Therapy** includes extensive work on the theory, practice, research and policy foundations of the profession of CMFT and its roles in an integrated health care system.
