**The Making of Ireland** James Lydon, 2012-08-06 The Making of Ireland by James Lydon provides an accessible history of Ireland from the earliest times. James Lydon recounts in colourful detail the waves of settlers, missionaries and invaders which have come to Ireland since pre history and offers a long perspective on Irish history right up to the present time. This comprehensive survey includes discussion of the arrival of St Patrick in the fifth century and Henry II in the twelfth as well as that of numerous soldiers, traders and craftsmen through the ages. The author explores how these settlers have shaped the political and cultural climate of Ireland today. James Lydon charts the changing racial mix of Ireland through the ages which shaped the Irish nation. The author also follows Ireland's long and troubled entanglement with England from its beginning many centuries ago. The Making of Ireland offers a complete history in one volume. Through a predominantly political narrative, James Lydon provides a coherent and readable introduction to this vital complex history      [The Life of John Banim](#) Patrick Joseph Murray, 2023-06-18 Reprint of the original first published in 1857.
