the 1st of July 1769 a day forever memorable in the annals of California a small party of men worn out by the fatigues and hardships of their long and perilous journey from San Fernandez de Villicat came in sight of the beautiful Bay of San Diego They formed the last division of a tripartite expedition which had for its object the political and spiritual conquest of the great Northwest coast of the Pacific and among their number were Gaspar de Portol the colonial governor and military commander of the enterprise and Father Junipero Serra with whose name and achievements the early history of California is indissolubly bound up This expedition was the outcome of a determination on the part of Spain to occupy and settle the upper of its California provinces or Alta California as it was then called and thus effectively prevent the more than possible encroachments of the Russians and the English Fully alive to the necessity of immediate and decisive action Carlos III had sent Jose de Galvez out to New Spain giving him at once large powers as visitador general of the provinces and special instructions to establish military posts at San Diego and Monterey Galvez was a man of remarkable zeal energy and organizing ability and after the manner of his age and church he regarded his undertaking as equally important from the religious and from the political side The twofold purpose of his expedition was as he himself stated it to establish the Catholic faith among a numerous heathen people submerged in the obscure darkness of paganism and to extend the dominion of the King our Lord and protect this peninsula from the ambitious views of foreign nations From the first it was his intention that the Cross and the flag of Spain should be carried side by side in the task of dominating and colonizing the new country Having therefore gathered his forces together at Santa Ana near La Paz he sent thence to Loreto inviting Junipero Serra the recently appointed President of the California Missions to visit him in his camp Loreto was a hundred leagues distant but this was no obstacle to the religious enthusiast whose lifelong dream it had been to bear the faith far and wide among the barbarian peoples of the Spanish world He hastened to La Paz and in the course of a long interview with Galvez not only promised his hearty co operation but also gave great help in the arrangement of the preliminary details of the expedition We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience

The Famous Missions of California William Hudson, 3rd, 2018 The Famous Missions of California by William Henry Hudson is a rare manuscript the original residing in some of the great libraries of the world This book is a reproduction of that original typed out and formatted to perfection allowing new generations to enjoy the work Publishers of the Valley's mission is to bring long out of print manuscripts back to life *California Mission Landscapes* Elizabeth Kryder-Reid, 2016-11-30 Nothing defines California and our nation's heritage as significantly or emotionally says the California Mission Foundation as do the twenty one missions that were founded along the coast from San Diego to Sonoma Indeed the missions collectively represent the state's most iconic tourist destinations and are touchstones for interpreting its history Elementary school students today still make model missions evoking the romanticized versions of the 1930s Does it occur to them or to the tourists that the missions have a dark history *California Mission Landscapes* is an unprecedented and fascinating history of California mission landscapes from colonial outposts to their reinvention as heritage sites through the late nineteenth and twentieth centuries Illuminating the deeply political nature of this transformation Elizabeth Kryder Reid argues that the designed landscapes have long recast the missions from sites of colonial oppression to aestheticized and nostalgia drenched monasteries She investigates how such landscapes have been appropriated in social and political power struggles particularly in the perpetuation of social inequalities across boundaries of gender race class ethnicity and religion *California Mission Landscapes* demonstrates how the gardens planted in mission courtyards over the past 150 years are not merely anachronistic but have become potent ideological spaces The transformation of these sites of conquest into physical and metaphoric gardens has reinforced the marginalization of indigenous agency and diminished the contemporary consequences of colonialism And yet importantly this book also points to the potential to create very different visitor experiences than these landscapes currently do Despite the wealth of scholarship on California history until now no book has explored the mission landscapes as an avenue into understanding the politics of the past tracing the continuum between the Spanish colonial period emerging American nationalism and the contemporary heritage industry *Missions of Southern California* James Osborne, 2007-08-13 Touring south to north from San Diego through Santa Barbara County this unique compendium takes the reader through the Southern California Mission System as portrayed on vintage postcards The book elaborates on the missions myriad functions along the coastal El Camino Real through several centuries as not only isolated centers of civilization in the wilderness and altars of Catholic faith but also as incursions of empire and politics and the means to convert Native American tribespeople to Christianity While the Missions San Gabriel and San Juan Capistrano fittingly receive ample coverage herein this book covers the regions nine major missions as well as outlying chapels or *asistencias* **History of the State of California** John Frost, 2019-12-20 In *History of the State of California* John Frost meticulously chronicles the evolution of California from its indigenous roots to its rise as a pivotal state in American history His narrative weaves together a rich tapestry of historical events cultural shifts and socio political changes employing a clear
