Emergency Vehicle Operations Course Appalachian State University. Center for Safety and Driver Education, North Carolina. Office of Emergency Medical Services, 1978. Emergency Vehicle Safety Initiative, 2004. From Book's Introduction. As traffic volume increases and the highway and interstate system becomes more complex, emergency responders face a growing risk to their personal safety while managing and working at highway incidents. The purpose of this report is to identify practices that have the potential to decrease that risk as well as to reduce the number of injuries and deaths that occur while responding to and returning from incidents. Emergency Vehicle Operation Instruction, Hugh Anderson, 2020-05-25. Think you know everything about Emergency Vehicle Operations? Think again! If you have been training EVO for any length of time, you have one of two mind sets: I train this way because that's the way it's always been, or I can't find additional training information that will expand my knowledge. If those thoughts have ever crossed your mind, your search is over. Emergency Vehicle Operation Instruction will not only provide you with five different strategies to implement into your EVO programs but will also cause you to question some of your organization's current practices. This book follows the author's career and delves into some of the strategies and techniques which he has improved throughout. Many of the techniques and theories which Hugh explores will cause the reader to stop and examine their own strategies and techniques.

By reading this book you will be able to expand upon your breadth of knowledge and avoid the pitfalls and mistakes the author has experienced Implementing just a few of the five strategies will undoubtedly take your training to the next level As Deputy Chief Retired Dave Jarvis wrote about the author His expert knowledge on Police Vehicle Operations was a valued resource for the duration of my career I am sure that this book will provide insight for the training of Emergency Vehicle Operators and that it will be a sought after resource just as Hugh was for me Driving Facility Ohio Peace Officer Training Academy.
