Emerging Financial Centers Robert C. Effros, 1984 *Switzerland as a Financial Centre* P. Brillard, 2012-12-06 Switzerland as an international financial centre secrecy In addition the development of Swiss banks and finance companies in recent years has During the last forty years Switzerland shown no tendency whatever to slow down indeed which already possessed a long tradition in banking these have been experiencing a new impetus which matters has been able to develop its banking and in many cases has shown itself in record profits financial sector with great success and has become This development may also be seen in the large one of the most active and the most admired finan increase of Swiss banks in foreign hand cial centres in the world This has been due largely expressed both in absolute numbers and in the sum to a number of favourable circumstances such as of the balance sheets involved political and social stability legal certainty a rapid In a world which is characterised by an ever return to freedom of transactions currency stability greater internationalisation of economic and finan as well as the reputation for efficiency and reliabili cial transactions however the operations and ty which has been achieved by its banks prospects of one financial centre cannot be consid In absolute terms and globally speaking there ered without taking into account the development of is no question of Switzerland as a financial centre the international environment

Emerging Financial Centers Robert C. Effros, 1982 **Monetary Policy in Pacific Basin Countries** Hang-Sheng Cheng, 2012-12-06 The chapters in this book are based on papers prepared for a conference organized by the Federal Reserve Bank of San Francisco held at the bank September 23 25 1987 to review and compare monetary policy experiences of Pacific Basin countries during the past 15 years The theme of the conference was conceived with two purposes in mind First there was and still is a great need to enhance knowledge on the workings of economies in the Pacific Basin which has been the fastest growing region in the world economy during the past 30 years While much has been written on Pacific Basin trade and economic growth relatively few studies have been published on the conduct of monetary policy in these economies Second as we in the United States and others elsewhere have learned rapid financial market changes over the last 15 years have led to considerable adjustment in the conduct of monetary policy A comparative study of various national experiences can yield insights into the inter actions between monetary policy and financial market changes more than is obtainable by examining indi vidual national experiences separately
