Darnell F. Hawkins

Emerging Influentials In State Legislatures Women Blacks And Hispanics:

Emerging Influentials in State Legislatures Albert Nelson, 1991-06-30 Although representation by women blacks and Hispanics in state legislatures has increased greatly in recent decades the significance of these gains has not been systematically evaluated Albert Nelson's study explores several important questions in this area Does greater representation in fact result in proportionally greater influence in political parties and policy outcomes How do party affiliation gender and other variables affect the political fortunes of these groups And what is the impact of party affiliation on their turnover rates in legislatures Nelson scrutinizes the factors that influence minority and female incorporation into the legislative process including opportunity and incentives party affiliation religion employment and cultural elements He examines differences in legislative representation in the North and South In addition he assesses party representation according to gender minority group and political affiliation and investigates differences in turnover rates between Democrats and Republicans Nelson explains how these elements translate into practical political results in both legislatures and the power base provided by political parties The final chapter provides an overview of Nelson's findings and identifies promising areas for continuing research Based on a statistical analysis of state legislatures in the 1980s this book will be a useful resource for scholars and students in political science the social sciences minorities studies and women's studies

African American Legislators in the American States Kerry Lee Haynie, 2001 Has black inclusion in the political process changed political institutions and led to more black influence in the governmental process How do African American legislators balance racial interests with broader issues of government And how is their effectiveness subjectively perceived and objectively evaluated In one of the first book length studies to analyze the behavior of African American state legislators in multiple legislative sessions across five states Kerry Haynie has compiled a wealth of valuable data that reveals the dynamics and effectiveness of black participation in the legislative process Owing to the increasing role of state government in administering what he defines as key black issues education healthcare poverty social welfare civil rights and children's issues Haynie focuses on bills introduced in these categories in Arkansas Illinois Maryland New Jersey and North Carolina The book reveals how responsive political institutions have been to the nation's largest minority group It explores the question of how legislators deal with the duality dilemma which requires them to be both responsible legislators and race representatives and whether agendas should be deracialized in order to appeal to a broader constituency Along with numerous statistical charts illustrating everything from representation on house standing committees to a ranking of the fifteen legislative sessions by quartiles of African American political incorporation a useful and revealing portrait emerges one that will fuel debate and inform future discussions of the role of African Americans in the political process

Gender, Race, and Office Holding in the United States Becki Scola, 2013-12-04 Over the past several decades the number of women elected to higher office in the United States has grown substantially However when the electoral gains of women are considered on a state by state basis there are

observable variations in the rate by state at which women are elected to state legislative office Scholars have noted an additional variation in women office holders that women of color serve at higher rates than white women Becki Scola's book provides an explanation for these two interrelated puzzles on electoral gender gaps She examines the factors surrounding the uneven proportional distribution of female legislators and then explores why gender appears to be an advantage for women of color office holders Through an examination of the divergent state level institutional and environmental conditions Scola maps out the factors that contribute to more or less female legislative service and how race ethnicity intersects with these conditions She reveals that the common conceptions and theories that help us understand women's office holding in general do not equally apply to both white women and women of color's legislative service The first book length study to analyze how race informs gender in terms of patterns of office holding *Gender Race and Office Holding in the United States* provides insight into both underrepresentation in general as well as the underlying dynamics of representation within specific groups of women *Legislative Leadership in the American States* Malcolm E. Jewell, Marcia Lynn Whicker, 1994 A

pioneering study of leadership styles at the state level **Race and the Black Male Subculture** William T. Houston, 2016-05-11 This book is a study of black masculinity in the twenty first century Through a series of critical and interdisciplinary essays this work examines the image of the black male in American society as a Toby Waller stereotype Toby Waller is the fictional yet symbolic character from Alex Haley's highly acclaimed book and mini series *Roots* It is a richly detailed fictional story about slavery and one enslaved African man's struggle to regain freedom The parallel of the life of enslaved Toby Waller is similar to present day black males Both are individuals who are often stripped of their cultural identity and exist within an institutional and systemic framework that devalues black male life This dichotomy is the historical platform to discuss how those in the annals of white America demarcate which embodiment merits inclusion into societal acceptance **Black Masculinity in the Obama Era** W. Houston, 2014-08-07 Black Masculinity in the Obama Era

provides an in depth examination of the current state of black males and identifies the impact of living in the Obama era In the era of the first black president Barack H Obama this book gauges the status of black masculinity and provokes discourse to discover whether his election and presence has had an influential impact on black male achievement A purposeful sample of black males was asked what does it mean to be a black male in the 21st century Throughout the interviews with black males we learn that the Obama Effect has not had the intended impact on black male achievement and black males continue to be plagued by structural and cultural forces that have historically burdened their plight and level of achievement

Governance And The Changing American States David Hedge, 2018-02-12 This book chronicles the kinds of changes that have occurred on the demand and supply sides of American state government It assesses the consequences of those developments for the quality of statehouse democracy and the ability of state governments to govern responsibly and effectively *Politics in the New South* Charles E. Menifield, Stephen D. Shaffer, 2012-02-01 Winner of the 2006 V O Key

Award presented by the Southern Political Science Association This authoritative study of contemporary state legislatures in the South provides a fascinating account of how African Americans have achieved noticeable political power since the Voting Rights Act was passed in 1965 A history of racial discrimination and one party Democratic dominance is being supplanted by African American empowerment in a competitive two party system Contributors examine the evolution of the Black Caucus the growing number of African American lawmakers and the rise of black legislators to important leadership positions in the legislatures of each of the southern states Roll call data on key votes from several legislative sessions in Arkansas Florida Georgia Mississippi and Texas are analyzed The Oxford Handbook of Southern Politics Charles S. Bullock III, Mark J. Rozell, 2012-02-17 The unique political history of the Southern United States is rooted in the fact that it is the only region to have ever taken up arms against the national government While the resources of the North prevailed after the four bloody years of the Civil War the consequences of the practice of slavery and the bitter loss experienced by the South continue to shape southern politics a century and a half later The twenty three essays included in The Oxford Handbook of Southern Politics present a definitive view of the factors that contribute to this region s distinctive politics examining these factors in the context of the South s political development since World War II Following an introductory essay by editors Charles Bullock III and Mark Rozell five chapters survey the past seventy five years of the region s political history looking in particular at the Civil Rights Movement urbanization of the South and the area s economy and changing demographics Four chapters will then take a closer look at the influence of particular demographics including religious conservatives women and Latinos This will be followed by chapters on the rise of the Republican Party southern political attitudes and political and economic development in the Southern Black Belt Subsequent chapters will examine political parties voting and elections including party organizations and activists the mainstreaming of the Republican Party realignment party building and Deep South politics The five chapters of the final section will look at the South s impact on national politics at the executive and congressional levels legislatively and on the nation more generally **Intersectionality and Politics** Carol Hardy-Fanta, 2013-05-13 Cutting edge research on the intersection of race gender and politics Traditionally there has been a significant lack of empirical attention given to the ways in which race ethnicity gender and political representation overlap Intersectionality and Politics is the groundbreaking collection of contemporary research and essays that applies the concept of intersectionality specifically to descriptive and substantive representation by African American Latino a and Asian American elected officials This unique compilation looks at numerous states and focuses on multiple racial ethnic groups to demonstrate the importance of this theory for understanding the political leadership of people of color and women Intersectionality and Politics is the wide ranging text that is both informative overview and thought provoking analysis of a subject that has received little practical study Articles in this important text cover a expansive gamut from women of color as elected officials and the changing face of leadership in America today to an exploration of the growing interest in

intersectionality and a look toward the potential of future research making it a useful and comprehensive one stop resource Contributors to Intersectionality and Politics explore critical topics such as the contours and context of descriptive representation with a focus on women of color the puzzle of women of color s proportionately higher percentage of office holding in state legislatures agenda setting behavior of African American female state legislators the impact of race and gender on the likelihood of legislative bill submission and passage patterns of gendered representation and related legislative advocacy within Latino delegations in the Southwest new findings on the Latino a gender gap the public policy implications of intersectionality theory and many more Complete with extensive bibliographies and a wealth of tables and figures to highlight the striking findings Intersectionality and Politics is ideal for undergraduate and graduate students and educators in political science ethnic studies Latino Black Asian studies gender studies sociology and women s studies Policymakers politicians and those working in high minority areas will also find this to be an invaluable text Impacts of Faith-Based Decision Making on the Individual-Level Legislative Process: Emerging Research and Opportunities Drenner, Karla,2017-04-07 Increased diversity and shifting social identities have created significant effects on contemporary legislative systems These shifts have altered how legislative bodies conduct implement and pass various policies and bills Impacts of Faith Based Decision Making on the Individual Level Legislative Process Emerging Research and Opportunities is an innovative source of scholarly material on the religious influences of modern society on marital law Including perspectives on topics such as same sex marriage religious values and bill sponsorship this book is ideally designed for researchers academics professionals graduate students and policy makers interested in the latest developments on legislative decision making The African American Experience Arvarh E. Strickland,Robert E. Weems Jr.,2000-11-30 Compared to the early decades of the 20th century when scholarly writing on African Americans was limited to a few titles on slavery Reconstruction and African American migration the last thirty years have witnessed an explosion of works on the African American experience With the Civil Rights and Black Power movements of the 1960s came an increasing demand for the study and teaching of African American history followed by the publication of increasing numbers of titles on African American life and history This volume provides a comprehensive bibliographical and analytical guide to this growing body of literature as well as an analysis of how the study of African Americans has changed The African-American Male Jacob U. Gordon,1999-07-30 The plight of the Black male in American society has been well documented by scholars and practitioners Although Black males represent only 6 percent of the American population they represent about 40 percent of the prison population the number of Black males in prison and jail exceeds the number of Black males in higher education The homicide rates for Black males were 72.5 percent per 100,000 nearly eight times higher than for White males This bibliographic volume explores the extent to which American academia has addressed these problems It will be an invaluable resource for researchers as well as practitioners in social service programs In addition to more than 400 annotated publications the book

includes a selected list of works on the African American male and a compilation of doctoral dissertations This publication will serve as a reference in public as well as academic libraries human service agencies government policymaking agencies and in academic courses in gender and ethnic studies criminal justice and social psychology Term Limits and the Dismantling of State Legislative Professionalism Thad Kousser, 2005 The wisdom of term limits and professional politics has been debated since the time of Aristotle spurring reforms of legislatures in Athens Rome Venice and in the US under the Articles of Confederation This book examines recent trends in American states in order to investigate the age old question of how the rules that govern a legislature affect the behavior of its members and the policies that it produces The clear and consistent finding is that the two reforms have countervailing effects whatever professionalization has brought more of term limits have reduced This lesson comes from quantitative analyses of data from all fifty states and detailed examinations of legislative records from six states informed by interviews with over one hundred legislators staff assistants lobbyists journalists and executive officials Gendering Legislative Behavior Tiffany D. Barnes, 2016-06-30 In democracies power is obtained via competition Yet as women gain access to parliaments in record numbers worldwide collaboration appears to be on the rise This is puzzling why if politicians can secure power through competition would we observe collaboration in Congress Using evidence from 200 interviews with politicians from Argentina and a novel dataset from 23 Argentine legislative chambers over an 18 year period Gendering Legislative Behavior reexamines traditional notions of competitive democracy by evaluating patterns of collaboration among legislators Although only the majority can secure power via competition all legislators particularly those who do not have power can influence the policy making process through collaboration Tiffany D Barnes argues that as women have limited access to formal and informal political power they collaborate more than men to influence policy making Despite the benefits of collaboration patterns of collaboration vary among women because different legislative contexts either facilitate or constrain women s collaboration *Ethnicity, Race, and Crime* Darnell F. Hawkins, 1995-02-16 Researchers have long noted that rates of reported crime and punishment are higher for some ethnic and racial groups in the U S than for others Comparatively high rates of crime have been reported for white ethnic Americans during the past and some groups of racial minorities today These observations have prompted much public debate and acrimony but surprisingly little research Contributors include Thomas A Regulus Joan McCord M Craig Brown and Barbara D Warner Eric Monkkonen E M Beck and Stewart E Tolnay Martha A Myers Gary LaFree Robert D Crutchfield Dorothy Lockwood Anne E Pottieger and James A Inciardi William Chambliss Coramae Richey Mann Theodore G Chiricos and Charles Crawford Zoann Snyder Joy Roland Chilton Raymond Teske and Harald Arnold Pamela Irving Jackson and Darnell F Hawkins Latino Politics in Massachusetts Carol Hardy-Fanta, Jeffrey Gerson, 2014-01-14 This collection of original essays explores the major challenges to Latino political representation in cities where Latino populations do not make up the majority of the population and therefore cannot rely on sheer numbers to gain representation **Racism in**

Contemporary America Meyer Weinberg, 1996-05-23 Racism in Contemporary America is the largest and most up to date bibliography available on current research on the topic It has been compiled by award winning researcher Meyer Weinberg who has spent many years writing and researching contemporary and historical aspects of racism Almost 15 000 entries to books articles dissertations and other materials are organized under 87 subject headings In addition there are author and ethnic racial indexes Several aids help the researcher access the materials included In addition to the subject organization of the bibliography entries are annotated whenever the title is not self explanatory An author index is followed by an ethnic racial index which makes it convenient to follow a single group through any or all the subject headings This is a source book for the serious study of America s most enduring problem as such it will be of value to students and researchers at all levels and in most disciplines

Gender and Elections Susan J. Carroll, Richard L. Fox, 2009-11-16 The updated edition of this book describes the role of gender in the American electoral process through the 2008 elections It strikes a balance between highlighting the most important developments for women as voters and candidates in the 2008 elections and providing a deeper analysis of the ways that gender has helped shape electoral politics in the United States Individual chapters demonstrate the importance of gender in understanding presidential elections voter participation and turnout voting choices the participation of African American women congressional elections the support of political parties and women s organizations candidate communications with voters and state elections This updated volume also includes new chapters that analyze the roles of Latinas in US politics and chronicle the candidacies of Hillary Clinton and Sarah Palin

The Oxford Handbook of American Political Parties and Interest Groups L. Sandy Maisel, Jeffrey M. Berry, 2012-01-12 The Oxford Handbooks of American Politics are the essential guide to the study of American political life in the 21st Century With engaging new contributions from the major figures in the field of political parties and interest groups this Handbook is a key point of reference for anyone working in American Politics today

Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Emerging Influentials In State Legislatures Women Blacks And Hispanics is one of the best book in our library for free trial. We provide copy of Emerging Influentials In State Legislatures Women Blacks And Hispanics in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Emerging Influentials In State Legislatures Women Blacks And Hispanics. Where to download Emerging Influentials In State Legislatures Women Blacks And Hispanics online for free? Are you looking for Emerging Influentials In State Legislatures Women Blacks And Hispanics PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Emerging Influentials In State Legislatures Women Blacks And Hispanics. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider

finding to assist you try this. Several of Emerging Influentials In State Legislatures Women Blacks And Hispanics are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Emerging Influentials In State Legislatures Women Blacks And Hispanics. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Emerging Influentials In State Legislatures Women Blacks And Hispanics To get started finding Emerging Influentials In State Legislatures Women Blacks And Hispanics, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Emerging Influentials In State Legislatures Women Blacks And Hispanics So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading Emerging Influentials In State Legislatures Women Blacks And Hispanics. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Emerging Influentials In State Legislatures Women Blacks And Hispanics, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Emerging Influentials In State Legislatures Women Blacks And Hispanics is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Emerging Influentials In State Legislatures Women Blacks And Hispanics is universally compatible with any devices to read.
