## **Emerson Dilemma:**

*The Emerson Dilemma* T. Gregory Garvey, 2001-01-01 This gathering of eleven original essays with a substantive introduction brings the traditional image of Emerson the Transcendentalist face to face with an emerging image of Emerson the reformer The Emerson Dilemma highlights the conflict between Emerson's philosophical attraction to solitary contemplation and the demands of activism compelled by the logic of his own writings The essays cover Emerson's reform thought and activism from his early career as a Unitarian minister through his reaction to the Civil War In addition to Emerson's antislavery position the collection covers his complex relationship to the early women's rights movement and American Indian removal Individual essays also compare Emerson's reform ethics with those of his wife Lidian Jackson Emerson his aunt Mary Moody Henry David Thoreau John Brown and Margaret Fuller The Emerson who emerges from this volume is one whose Transcendentalism is explicitly politicized thus we see him consciously mediating between the opposing forces of the world he thought and the world in which he lived

**A Political Companion to Ralph Waldo Emerson** Alan Levine, Daniel S. Malachuk, 2011-08-22 From before the Civil War until his death in 1882 Ralph Waldo Emerson was renowned and renounced as one of the United States most prominent abolitionists and as a leading visionary of the nation's liberal democratic future Following his death however both Emerson's political activism and his political thought faded from public memory replaced by the myth of the genteel man of letters and the detached sage of individualism In the 1990s scholars rediscovered Emerson's antislavery writings and began reviving his legacy as a political activist A Political Companion to Ralph Waldo Emerson is the first collection to evaluate Emerson's political thought in light of his recently rediscovered political activism What were Emerson's politics A Political Companion to Ralph Waldo Emerson authoritatively answers this question with seminal essays by some of the most prominent thinkers ever to write about Emerson Stanley Cavell George Kateb Judith N Shklar and Wilson Carey McWilliams as well as many of today's leading Emerson scholars With an introduction that effectively destroys the pernicious myth about Emerson's apolitical individualism by editors Alan M Levine and Daniel S Malachuk A Political Companion to Emerson reassesses Emerson's famous theory of self reliance in light of his antislavery politics demonstrates the importance of transcendentalism to his politics and explores the enduring significance of his thought for liberal democracy Including a substantial bibliography of work on Emerson's politics over the last century A Political Companion to Ralph Waldo Emerson is an indispensable resource for students of Emerson American literature and American political thought as well as for those who wrestle with the fundamental challenges of democracy and liberalism

Mr. Emerson's Revolution Jean McClure Mudge, 2015-09-11 This volume traces the life thought and work of Ralph Waldo Emerson a giant of American intellectual history whose transforming ideas greatly strengthened the two leading reform issues of his day abolition and women's rights A broad and deep yet cautious revolutionary he spoke about a spectrum of inner and outer realities personal philosophical theological and cultural all of which gave his mid career turn to political

and social issues their immediate and lasting power This multi authored study frankly explores Emerson s private prejudices against blacks and women while he also publicly championed their causes Such a juxtaposition freshly charts the evolution of Emerson s slow but steady application of his early neo idealism to emancipating blacks and freeing women from social bondage His shift from philosopher to active reformer had lasting effects not only in America but also abroad In the U S Emerson influenced such diverse figures as Thoreau Whitman Dickinson and William James and in Europe Mickiewicz Wilde Kipling Nietzsche and Camus as well as many leading followers in India and Japan The book includes over 170 illustrations among them eight custom made maps of Emerson s haunts and wide ranging lecture itineraries as well as a new four part chronology of his life placed alongside both national and international events as well as major inventions Mr Emerson s Revolution provides essential reading for students and teachers of American intellectual history the abolitionist and women s rights movement and for anyone interested in the nineteenth century roots of these seismic social changes **Selected**

**Writings of Ralph Waldo Emerson** Ralph Waldo Emerson, 2017-12-05 Essayist lecturer poet and America s first public intellectual Ralph Waldo Emerson 1803-82 is the central figure in nineteenth century American letters and the leader albeit reluctantly of the Transcendental group A literary mover and shaker Emerson directed his unpopular early radicalism toward social institutions the Church education literary conventions by his death in 1882 however his reputation was already solidifying as a national icon Somewhere between the iconic sage and the speculative idealist lies an Emerson that students don t often encounter a flesh and blood figure whose writings testify to his continuing exploration of the individual s place in an increasingly conformist and crowded world In its selections and its apparatus this Broadview edition bridges the gap between Emerson and students by stressing his real world engagements The collection contains a range of prose and poetry addressing some of Emerson s major concerns nature and the self imagination and the poet religion and social reform as he explores the enduring question How shall I live Historical appendices include primary materials on Transcendentalism the contemporary debate about the nature of biblical miracles other authors responses to Emerson as a writer and thinker and the development of his complex reputation as a representative American Copy texts in this edition are the first published versions of each text restored here as Emerson s initial audience would have read them *Emerson's Ghosts* Randall

Fuller, 2007-09-07 This study examines the way influential 20th century critics have understood and deployed Emerson as part of their own larger projects aimed at reconceiving America **Emerson's Protégés** David Dowling, 2014-08-26 Effects of Emerson s professional guidance as mentor marketer editor and promoter for 8 young writers Margaret Fuller Henry Thoreau Christopher Cranch Samuel Gray Ward Jones Very Ellery Channing Charles Newcomb and Ellen Sturgis Hooper

Identity and the Failure of America John Michael, 2008 From Thomas Jefferson to John Rawls justice has been at the center of America s self image and national creed At the same time for many of its peoples from African slaves and European immigrants to women and the poor the American experience has been defined by injustice oppression disenfranchisement

violence and prejudice In *Identity and the Failure of America* John Michael explores the contradictions between a mythic national identity promising justice to all and the realities of a divided hierarchical and frequently iniquitous history and social order Through a series of insightful readings Michael analyzes such cultural moments as the epic dramatization of the tension between individual ambition and communal complicity in *Moby Dick* attempts to effect social change through sympathy in the novels of Lydia Marie Child and Harriet Beecher Stowe Ralph Waldo Emerson's antislavery activism and Frederick Douglass's long fight for racial equity and the divisive figures of John Brown and Nat Turner in American letters and memory Focusing on exemplary instances when the nature of the United States as an essentially conflicted nation turned to force Michael ultimately posits the development of a more cosmopolitan American identity one that is more fully and justly imagined in response to the nation's ethical failings at home and abroad John Michael is professor of English and of visual and cultural studies at the University of Rochester He is the author of *Anxious Intellectuals Academic Professionals Public Intellectuals and Enlightenment Values* and *Emerson and Skepticism The Cipher of the World* *Understanding Emerson* Kenneth S. Sacks, 2021-01-12 A seminal figure in American literature and philosophy Ralph Waldo Emerson is considered the apostle of self reliance fully alive within his ideas and disarmingly confident about his innermost thoughts Yet the circumstances around *The American Scholar* oration his first great public address and the most celebrated talk in American academic history suggest a different Emerson In *Understanding Emerson* Kenneth Sacks draws on a wealth of contemporary correspondence and diaries much of it previously unexamined to reveal a young intellectual struggling to define himself and his principles Caught up in the fierce dispute between his Transcendentalist colleagues and Harvard the secular bastion of Boston Unitarianism and the very institution he was invited to honor with the annual Phi Beta Kappa address Emerson agonized over compromising his sense of self reliance while simultaneously desiring to meet the expectations of his friends Putting aside self doubts and a resistance to controversy in the end he produced an oration of extraordinary power and authentic vision that propelled him to greater awareness of social justice set the standard for the role of the intellectual in America and continues to point the way toward educational reform In placing this singular event within its social and philosophical context Sacks opens a window into America's nineteenth century intellectual landscape as well as documenting the evolution of Emerson's idealism Engagingly written this book which includes the complete text of *The American Scholar* allows us to appreciate fully Emerson's brilliant rebuke of the academy and his insistence that the most important truths derive not from books and observation but from intuition within each of us Rising defiantly before friend and foe Emerson triumphed over his hesitations redirecting American thought and pedagogy and creating a personal tale of quiet heroism

**Approaches to Teaching the Works of Ralph Waldo Emerson** Mark C. Long, Sean Ross Meehan, 2018-08-01 Offers pedagogical techniques for teaching the works of transcendentalist Ralph Waldo Emerson including *Nature* *Self Reliance* *Friendship* *Experience* *The Divinity School Address* *The American Scholar* and other essays speeches and poems Gives

syllabus suggestions for undergraduate and graduate courses in literature creative writing religion media environmental studies and digital humanities      **Understanding Emerson** Kenneth Sacks, 2003-03-30 Publisher Description      [History, Abolition, and the Ever-Present Now in Antebellum American Writing](#) Jeffrey Insko, 2018-12-06 History and the Ever Present Now in Antebellum American Writing examines the meaning and possibilities of the present and its relationship to history and historicity in a number of literary texts specifically the writings of several figures in antebellum US literary history some but not all of whom associated with the period s romantic movement Focusing on nineteenth century writers who were impatient for social change like those advocating for the immediate emancipation of slaves as opposed to those planning for a gradual end to slavery the book recovers some of the political force of romanticism Through close readings of texts by Washington Irving John Neal Catharine Sedgwick Frederick Douglass Ralph Waldo Emerson and Herman Melville the book argues that these writers practiced forms of literary historiography that treat the past as neither a reflection of present interests nor as an irretrievably distant other but as a complex and open ended interaction between the two In place of a fixed and linear past these writers imagine history as an experience rooted in a fluid dynamic and ever changing present The political philosophical and aesthetic disposition Insko calls romantic presentism insists upon the present as the fundamental sphere of human action and experience and hence of ethics and democratic possibility      **Emerson's Emergence** Mary Kupiec Cayton, 2017-11-01 As the culture of commercial capitalism came to dominate nineteenth century New England it changed people s ideas about how the world functioned the nature of their work their relationships to one another and even the way they conceived of themselves as separate individuals Drawing on the work of the last twenty years in New England social history Mary Cayton argues that Ralph Waldo Emerson s work and career when seen in the context of the momentous changes in the culture and economics of the region reveal many of the tensions and contradictions inherent in the new capitalist social order In exploring the genesis of liberal humanism as a calling in the United States this case study implicitly poses questions about its assumptions its aspirations and its failings Cayton traces the ways in which the social circumstances of Emerson s Boston gave rise to his philosophy of natural organicism his search for an appropriate definition of the intellectual s role within society and his exhortations to individuals to distrust the norms and practices of the mass culture that was emerging She addresses the historical context of Emerson s emergence as a writer and orator and undertakes to describe the Federalism and Unitarianism in which Emerson grew up explaining why he eventually rejected them in favor of romantic transcendentalism Cayton demonstrates how Emerson s thought was affected by the social pressures and ideological constructs that launched the new cultural discourse of individualism A work of intellectual history and American studies this book explores through Emerson s example the ways in which intellectuals both make their cultures and are made by them      *Nineteenth Century Prose* , 2003      **The Oxford Handbook of Transcendentalism** Joel Myerson, Sandra Harbert Petrucci, Laura Dassow Walls, 2010-04-16 The Oxford Handbook of Transcendentalism offers an

eclectic comprehensive interdisciplinary approach to the immense cultural impact of the movement that encompassed literature art architecture science and politics

**Atlantic Citizens** Leslie Eckel, 2013-02-28 This book uncovers startling contributions to transatlantic culture and makes the argument that literature is dependent upon other modes of professional creativity in order to thrive

**The Faith of Emerson** Daniel A. Campana, 2023-09-11 In *The Faith of Emerson* American Transcendentalism Kantian Epistemology and Vedantic Thought Daniel A Campana makes the case for seeing Emerson as a prophet for a new concept of religious faith that transcends the boundaries of particular religious traditions By tracing Emerson s intellectual development from his early years to his last works Campana demonstrates the progression in Emerson s thought from a dogmatic to a dynamic sense of living faith He presents Emerson s synthesis of Kantian and Vedantic philosophies as the key to understanding his life and works from a new perspective forging a novel connection between Emerson s transcendental idealism and developments in contemporary analytic philosophy of religion In both cases post Kantian epistemology provides the impetus for a notion of faith as an active interpretive process that is not bound to religious truth claims Vedantic monism supplies an image for how one might understand this interpretive process in its larger metaphysical context This book provides us a vision of life as participation in a narrative greater than ourselves a narrative that may be spoken of in the language of various religious traditions but is not constrained to any one

*Edinburgh Companion to Atlantic Literary Studies* Leslie Eckel, 2016-09-20 New and original collection of scholarly essays examining the literary complexities of the Atlantic world system This Companion offers a critical overview of the diverse and dynamic field of Atlantic literary studies with contributions by distinguished scholars on a series of topics that define the area The essays focus on literature and culture from first contact to the present exploring fruitful Atlantic connections across space and time across national cultures and embracing literature culture and society This research collection proposes that the analysis of literature and culture does not depend solely upon geographical setting to uncover textual meaning Instead it offers Atlantic connections based around migration race gender and sexuality ecologies and other significant ideological crossovers in the Atlantic World The result is an exciting new critical map written by leading international researchers of a lively and expanding field

**Key Features** Offers an introduction to the growing field of Atlantic literary studies by showcasing current work engaged in debate around historical cultural and literary issues in the Atlantic World Includes 26 newly commissioned scholarly essays by leading experts in Atlantic literary studies Fuses breadth of historical knowledge with depth of literary scholarship Considers the full range of intercultural encounters around and across the Atlantic Ocean

**Transcendental Resistance** Johannes Voelz, 2010 A timely and engrossing critique of the New Americanists

Theories of Bildung and Growth Pauli Siljander, Ari Kivelä, Ari Sutinen, 2012-12-30 Continental philosophy of education and North American educational thinking are two traditions of their own yet it is fruitful to compare for similarities and differences between the two and thus generate interest in a mutual dialogue and exchange between European and North American of philosophy of

education The present book analyzes theoretical thinking on education from the standpoints of both traditions The book deals with continental educational thinking while discussing the notion of Bildung and its diversity from J A Comenius to Th Adorno In addition the book discusses the idea of growth inherited from American progressive education and classical Pragmatism The various contributors to the book offer insights to the theoretical discussion on education and specify the historical and thematic connections between different thinking models The book shows that connections between continental educational theories and classical Pragmatism are stronger than generally assumed As such the book invites the readers to challenge their own prejudices and views on Bildung and growth and the relationship between them Education would be tyranny if it did not lead to freedom J F Herbart The teacher who can get along by keeping spontaneous interest excited must be regarded as the teacher with the greatest skill W James      **The ^AOxford Handbook of Transcendentalism** Joel Myerson, Sandra Harbert Petrucci, Laura Dassow Walls, 2010-04-16 The Oxford Handbook of Transcendentalism offers an eclectic comprehensive interdisciplinary approach to the immense cultural impact of the movement that encompassed literature art architecture science and politics
