Home Garden and Flower Grower ,1927 The Churchman ,1895 **Motherhood, the Elephant in the Laboratory** Emily Monosson,2011-08-15 About half of the undergraduate and roughly 40 percent of graduate degree recipients in science and engineering are women As increasing numbers of these women pursue research careers in science many who choose to have children discover the unique difficulties of balancing a professional life in these highly competitive and often male dominated fields with the demands of motherhood Although this issue directly affects the career advancement of women scientists it is rarely discussed as a professional concern leaving individuals to face the dilemma on their own To address this obvious but unacknowledged crisis the elephant in the laboratory according to one scientist Emily Monosson an

independent toxicologist has brought together 34 women scientists from overlapping generations and several fields of research including physics chemistry geography paleontology and ecology among others to share their experiences From women who began their careers in the 1970s and brought their newborns to work breastfeeding them under ponchos to graduate students today the authors of the candid essays written for this groundbreaking volume reveal a range of career choices the authors work part time and full time they opt out and then opt back in they become entrepreneurs and job share they teach high school and have achieved tenure The personal stories that comprise Motherhood the Elephant in the Laboratory not only show the many ways in which women can successfully combine motherhood and a career in science but also address and redefine what it means to be a successful scientist These valuable narratives encourage institutions of higher education and scientific research to accommodate the needs of scientists who decide to have children

Paradise Parade Anne Baker, 2012-04-26 A young woman discovers that all that glitters is not gold Anne Baker writes a gripping saga of love secrets and class struggles in Paradise Parade Perfect for fans of Dilly Court and Sheila Newberry Living above her stepfather's fish and chip shop on Merseyside's Paradise Parade Emily Barr is glad to escape to the relative peace of her job in Wythenshaw's jewellery factory And when she is promoted to work for young Mr Giles the son of the owner she is the envy of all her workmates What a catch he would be Much to her surprise Emily finds the eligible Giles is trying to woo her and when he proposes she willingly accepts But Giles is not the suitable suitor he appears to be and Emily soon discovers that the marriage isn't quite what she'd hoped for What readers are saying about Paradise Parade Anne Baker is a great novelist every book I have read of hers is brilliant This book is an excellently researched book of the period You really empathise with Emily and can almost smell the chip shop odours
