Eminent Bahá'ís in the Time of Bahá'u'lláh H. M. Balyuzi, 1985 **Eminent Bahá'ís in the Time of Bahá'u'lláh** H. M. Balyuzi, 1985 The story of Bah u ll h s followers in Iran *The Baha'is of Iran* Dominic Parviz Brookshaw, Seena B. Fazl, 2012-10-02 The Baha i community of Iran is the country s largest non Muslim religious minority This collection of essays presents a comprehensive study of the social and historical development of the Baha i community and its role in shaping modern Iran Central to this study is the pioneering character of the Baha i community in the late 19th and early 20th century with chapters examining the role of women in the Baha i community the impact of Baha i run schools on Iranian society Baha i contributions to public health initiatives and the influence of Baha i thought and the actions of individual Baha is on the Constitutional Revolution of 1906 1911 Conversion to the Baha i Faith is another important theme as contributors investigate the phenomenon of large scale conversion to the Baha i Faith from the Jewish and Zoroastrian communities Finally although persecution of the Baha is has drawn the attention of the Western media until now few scholars working in the field of Iranian studies have chosen to write on the history or details of this persecution Here five prominent figures in the field redress this balance and look at different aspects of this persecution including its historical background the attitude of secular Iranians persecution before and after the Islamic Revolution of 1979 and human rights perspectives This book will be of interest to students and scholars of Iranian studies Middle Eastern studies and comparative religion and with many chapters authored by leading academics in Iranian studies The Baha is of Iran addresses both a gap in academic literature on the Baha i Faith and in the study of modern Iran in general *The Bahá'í Faith and African American History* Loni Bramson, 2021-09-09 This book examines the intersection of African American history with that of the Bah Faith in the United States Since the turn of the twentieth century Bah s in America have actively worked to establish interracial harmony within its own ranks and to contribute to social justice in the wider community becoming in the process one of the country s most diverse religious bodies Spanning from the start of the twentieth century to the early twenty first the essays in this volume examine aspects of the phenomenon of this religion confronting America s original sin of racism and the significant roles African Americans came to play in the development of the Bah Faith s culture identity administrative structures and aspirations Quddús: The First in Rank Boris Handal, 2024-09-01 The book presents the fascinating real life story of Qudd s the son of a poor Persian rice farmer who rose to become the most illustrious disciple of the B b Thoroughly researched and broad in scope it is a story of the rugged journey filled with pathos and exhilarating triumph at every turn during the five short eventful years he spent in absolute servitude to the B b We experience the vivid details of a life which left no room for settling down as he valiantly approached the centre of an intense ever increasing maelstrom at the very inception and birth of a new world religion fraught with opposition and intrigue yet filled with spiritual confirmations culminating in an unprecedented climax This work also features new translations of select Tablets by Bah u ll h and the B b as well as

previously unpublished writings of Qudd s The book spans 605 pages and includes 87 illustrations **The Baha'is of Iran ,**

Stockman,2021-12-30 The World of the Bah Faith is an outstanding guide to the Bah Faith and its culture in all its geographical and historical diversity Written by a distinguished team of international contributors this volume explores the origin of this religion and contains substantial thematic articles on the living experience of the global Bah community The volume is organised into six distinct sections Leadership and Authoritative Texts Theology Humanity Society The Contemporary Bah Community History and Spread of the Bah Community These sections cover such themes as the afterlife artistic expression Bah institutions devotional life diversity economics education the environment and sustainability family life gender human nature interfaith relations international governance law marriage peace persecution philosophy race science and religion scripture spirituality and work The development of the Bah Faith is outlined in ten regional articles This volume provides an authoritative and accessible source of information on all topics important to the Bah Faith The World of the Bah Faith will be essential reading to students and scholars studying world religions and comparative religion It will also be of interest to those in related fields such as sociology political science anthropology and ethics **The Dispensation of the Bab** Boris Handal ,2023-10-01 More than producing a new religious canon the B b brought a fresh worldview of the divine the human and the social Through His vast written revelation the B b proclaimed majestically the fulfilment of the prophetic Great Day of God promised by the religions in the past His mystical teachings appeal to the perfection and nobility of the human soul All things being made new He delivered a distinct divine philosophy drastically changing ecclesiastic and liturgical laws and legislating on individual and social matters The B b s teaching attracted fiery opposition from the establishment leading to His imprisonment torture exile and martyrdom Relying on nearly 600 passages from His writings the Dispensation of the B b presents a panoramic view of the B b s doctrine highlighting His position as an independent Messenger of God and announcing the imminent advent of Him Whom God shall make manifest showing at the same time the theological unicity between the faiths of the B b and Bah u ll h Exploring the Kitáb-i-Aqdas Omid Ghaemmaghami,Shahin Vafai,2025-01-23 The Kit b i Aqdas is considered the most important and sacred text of the Bah Faith a religion with some eight million adherents found in nearly every country of the world It sets out the laws teachings and institutions that shape and influence individual and collective life for members of the Bah community Despite the Kit b i Aqdas s significance it has not been extensively researched Exploring the Kit b i Aqdas The Laws and Teachings of the Bah Faith now offers a comprehensive academic study of the text This important new publication explores and analyzes the significance and history of the Kit b i Aqdas its language style and translation and its theological and spiritual foundations including its conceptions of God religion and human beings The book moreover examines the Kit b i Aqdas s provisions for succession interpretation and administration within the Bah religion its devotional and other personal laws its ordinances for promoting unity its perspectives on justice and law and its addresses to the world s political and

religious leaders Academically rigorous yet eminently clear and accessible Exploring the Kitáb-i-Aqdas is an essential read for students of religion and Middle East studies Religion in Iran Alessandro Bausani, 2000 *In the Shadow of the King* Heidi Walcher, 2008-04-30 Zill al Sultan was the notorious Qajar prince who ruled Isfahan Iran's former capital during the Safavid era as governor from 1874 to 1907 He is remembered as a Qajar anti hero even a villain to this day based largely on his apparent exercise of absolute power and pursuit of intrigue to further his own political interests Heidi A Walcher has produced the first extraordinarily important study which works both as a biography of one of the most colourful individuals in the history of modern Iran and as a study of the social and political circumstances of late nineteenth century Iran in general and Isfahan in particular She investigates the growing British and Russian interference in the country and the impact of these foreign interventions not least among the clerical elite of Isfahan which has always been a leading centre of Shi'ite theology in Iran and among its mercantile classes The rise of the Tobacco Protests in 1890 the constant trade wars against the British the suspicions against the Jewish merchants the persecution of local Bábis and Bahá'ís the conflicts with European missionaries ultimately the fall of Zill al Sultan in 1907 after 33 years of rule and the rise of the Bakhtiáris as the new ruling power in Isfahan all these developments resulted from the pivotal role of the mullahs and their collaboration with the merchants led by Ága Najafí who was the city's principal cleric and who with his brothers represented the militant and radical tendencies within Iran's Shi'ite establishment This book tracing the history of late nineteenth century Isfahan past the 1906 Constitutional Revolution is a major contribution to a proper understanding of modern Iran BOOK JACKET *The Encyclopedia Americana*, 1992 **Iran**, 1999 Vols for 1963 include the Director's report 1961-62 *Church and State* Sen McGlinn, 2005 This is a political theology for the Bahá'í Faith but it is also a philosophy for living in our globalized post modern society The author investigates the Bahá'í teachings concerning the separation of Church and State Government religion commerce art education and science are increasingly independent have different social functions relate differently to one another and have different meanings for us today This functional differentiation also drives the pluralism relativism and global scope of our post modern society In a society such as ours in which religious ritual is the mirror of individual distinctiveness not of collective identity in which permanent pluralism means that no one religion can provide common norms and values and in which the values of one sphere of life are not transferred to other spheres religion must find a new role in society The twentieth century has taught us that economic affairs cannot be governed by political ideologies that science must be free of doctrine that the dignity and autonomy of the individual must be respected and that church and state must be separated This is an exhaustive review of Bahá'í literature on the subject but the book also inquires into the scriptures of both Christianity and Islam to find that the separations of state from religion is a universal ideal Publisher's website **The Bahá'í World**, 1994 **Bahaism and Its Claims** Samuel Graham Wilson, 2021-04-25 In Bahaism and Its Claims Samuel Graham Wilson presents a comprehensive analysis of the Bahá'í Faith exploring its foundational principles historical

development and claims to universal truth Wilson employs a meticulous and scholarly literary style weaving together theological discourse with historical context and situating Bah teachings within the broader tapestry of religious philosophy The book delves into the dichotomy of faith versus reason examining the implications of Bah tenets on interfaith dialogue and modern spirituality thus contributing significantly to contemporary religious studies Samuel Graham Wilson a prominent scholar in religious studies dedicates this work to elucidating the nuances of Bah thought drawing on his extensive background in theology and comparative religion His academic rigor is informed by personal encounters with the faith community and a deep seated belief in the necessity of understanding diverse spiritual perspectives Wilson s insights reflect his commitment to fostering unity through knowledge stemming from a long standing interest in the role of religion in shaping human experience This book is highly recommended for scholars activists and lay readers alike who seek a deeper understanding of the Bah Faith and its relevance in today s pluralistic society Wilson s engaging prose and critical perspective make *Bahaism and Its Claims* an essential resource for anyone interested in the richness of world religions and their potential for promoting global harmony
