Annual Report of the Superintendent of Education on the Public Schools of Nova Scotia for the Year Ending 31st October ... Nova Scotia. Superintendent of Education,1895 *Fact and Fable in Psychology* Joseph Jastrow,1900 The present collection of essays is offered as a contribution towards the realization of a sounder interest in and a more intimate appreciation of certain problems upon which psychology has an authoritative charge to make to the public jury to show that the sound and profitable interest in mental life is in the usual and normal and that the resolute pursuit of this interest necessarily results in bringing the apparently irregular phenomena of the mental world within the field of illumination of the more familiar and the law abiding They further aim to illustrate that misconceptions in psychology as in other realms are as often the result of bad logic as of defective observation and that both are apt to be called into being by inherent mental prepossessions Some of the essays are more especially occupied with an analysis of the defective logic which lends

plausibility to and induces credence in certain beliefs others bring forward contributions to an understanding of phenomena about which misconception is likely to arise still others are presented as psychological investigations which it is believed command a somewhat general interest Preface PsycINFO Database Record c 2005 APA all rights reserved The Collected Works of L.S.
