Emmas Search For Grace A Novel:

Emma's Search for Grace Maggie Wilson, 2004-10-01 Emma's Search for Grace is the story of a young woman's quest for herself and her place in the world, a world that slowly begins to reveal itself to her in all its variety, color, confusion, and pain. Emma's story has a happy ending, but for both Emma and the reader, it's a long, difficult, and rewarding journey getting there.

Beneath the Shadows Sara Foster, 2012-06-05 In this thrilling gothic suspense debut by Sara Foster in the tradition of Rosamund Lupton and Sophie Hannah, a young mother searches Yorkshire's windswept moors for the truth behind her husband's mysterious disappearance. **THE ANSWERS ARE HIDING BENEATH THE SHADOWS** When Grace's husband Adam inherits an isolated North Yorkshire cottage, they leave the bustle of London behind to try a new life. A week later, Adam vanishes without a trace, leaving their baby daughter Millie in her stroller on the doorstep. The following year, Grace returns to the tiny village on the untamed heath. Everyone—the police, her parents, even her best friend and younger sister—is convinced that Adam left her. But Grace, unable to let go of her memories of their love and life together, cannot accept this explanation. She is desperate for answers, but the slumbering, deeply superstitious hamlet is unwilling to give up its secrets. As Grace hunts through forgotten corners of the cottage, searching for clues and digs deeper into the lives of the locals, strange dreams begin to haunt her. Are the villagers hiding something, or is she becoming increasingly paranoid? Only as snowfall threatens to cut her and Millie off from the rest of the world does Grace make a terrible discovery. She has been looking in the wrong place for answers all along, and she and her daughter will be in terrible danger if she cannot get them away in time. A haunting tale of loss and one woman's search for the truth, no matter the consequences. This vividly written novel will leave you breathless and as chilled as the starkly beautiful North Yorkshire moors where this compelling story unfolds. *Heather Gudenkauf*, New York Times bestselling author of *These Things Hidden*. **Teen Genreflecting** Sarah Flowers, Samuel Stavole-Carter, 2020-09-08 *Teen Genreflecting* serves as a guide to contemporary teen fiction encompassing every genre and format, including graphic novels, scrapbook-formatted books, verse novels, historical fiction, speculative fiction, contemporary realistic fiction, and more. Zionkowski,2016-05-26 This book analyzes why the most influential novelists of the long eighteenth century centered their narratives on the theory and practice of gift exchange Throughout this period fundamental shifts in economic theories regarding the sources of individual and national wealth along with transformations in the practices of personal and institutional charity profoundly altered cultural understandings of the gift s rationale purpose and function Drawing on materials such as sermons conduct books works of political philosophy and tracts on social reform Zionkowski challenges the idea that capitalist discourse was the dominant influence on the development of prose fiction Instead by shifting attention to the gift system as it was imagined and enacted in the formative years of the novel the volume offers an innovative understanding of how the economy of obligation shaped writers portrayals of class and gender identity property and community Through theoretically informed readings of Richardson s Clarissa and Sir Charles Grandison Burney s Cecilia and The Wanderer and Austen s Mansfield Park and Emma the book foregrounds the issues of donation reciprocity indebtedness

and gratitude as it investigates the conflicts between the market and moral economies and analyzes women's position at the center of these conflicts. As this study reveals, the exchanges that eighteenth-century fiction prescribed for women confirm the continuing power and importance of gift transactions in the midst of an increasingly commercial culture. The volume will be essential reading for scholars of the eighteenth-century novel, economic literary criticism, women and gender studies, and book history.

Books in Print, 1977 [Five Fictions in Search of Truth](#) Myra Jehlen, 2016-07-26 Fiction far from being the opposite of truth is wholly bent on finding it out, and writing novels is a way to know the real world as objectively as possible. In *Five Fictions in Search of Truth*, Myra Jehlen develops this idea through readings of works by Flaubert, James, and Nabokov. She invokes Proust's famous search for lost memory as the exemplary literary process which strives whatever its materials for a true knowledge. In Salammb, Flaubert digs up Carthage in The

Ambassadors James plumbs the examined life and touches at its limits while in *Lolita* Nabokov traces a search for truth that becomes a trespass In these readings form and style emerge as fiction's means for taking hold of reality which is to say that they are as epistemological as they are aesthetic each one emerging by way of the other The aesthetic aspects of a literary work are just so many instruments for exploring a subject and the beauty and pleasure of a work confirm the validity of its account of the world For Flaubert famously a beautiful sentence was proven true by its beauty James and Nabokov wrote on the same assumption that form and style were at once the origin and the confirmation of a work's truth In *Five Fictions* in Search of Truth Jehlen shows moreover that fiction's findings are not only about the world but immanent within it Literature works concretely through this form that style this image that word seeking a truth that is equally concrete Writers write and readers read to discover an incarnate secular knowledge and in doing so they enact a basic concurrence between literature and science
