*Pity Transformed* David Konstan,2015-03-02 Pity Transformed is an examination of how pity was imagined and expressed in classical antiquity It pays particular attention to the ways in which the pity of the Greeks and Romans differed from modern ideas Among the topics investigated in this study are the appeal to pity in courts of law and the connection between pity and desert the relation between pity and love or intimacy self pity the role of pity in war and its relation to human rights and human dignity divine pity from paganism to Christianity and why pity was considered an emotion This book will lead readers to ponder how the Greeks and Romans were both like and unlike us in this fundamental area of cultural sensibility

Fear of Jung Theo A. Cope,2018-04-17 The current neuroscientific research in the field of emotion studies highlights a paradigm of scientific research that must be categorized as functional science As functional science the neuroscientific theory of the neuron doctrine combined with a Jungian theory of the complex doctrine hold significant potential for a natural human science and a psychological study of affectivity Though researchers utilize psychological constructs similar to those proposed by Carl Jung there appears to be a fear of Jung that is a professional fear of invoking Jung s name or his psychological research One familiar with Jung s works notice similar terminology ideas and even conclusions The marginalization and neglect of Jung s psychological insights from a serious empirical scientific approach to psychology is due to many factors Jung did not reduce psychological experience to the body or brain a reductive science does not consider seriously the reality of the psyche This work is an initial contribution to a psychological and neurological study of personal emotional experience
