My Brother's Keeper Nicholas Rosenlicht,2024-10-01 A leading psychiatrist seeks to transform our understanding of mental health care and how it fits into larger social and economic forces and proposes an effective and compassionate new framework for healing Mental health care in America has become nothing short of atrocious Supposed developments in treatment methods and medication remain inaccessible to those who need them most Countless people seeking treatment are routinely funneled into prison or end up homeless while an epidemic of mental illness ravages younger generations It seems obvious that the system is broken but the tragic truth is that it is actually functioning exactly as intended providing reliably enormous profits for the corporate entities who now manage mental health care It is easy to turn a blind eye Most of us are more comfortable ducking our own fears about mental health and placing our faith in the rugged American individual and the free market rather than confronting our own prejudices and misguided beliefs Why did we choose to build such a disastrous system when every other industrialized nation has developed far better models After decades of work in psychiatry Dr Nicholas Rosenlicht reveals how and why we arrived at this abysmal reality and more importantly how we can find our way

out of it Timely and unflinching and written with commanding prose and the deep knowledge of a mental health care veteran who categorically rejects corporate interests Dr Rosenlicht makes plain the disastrous outcomes of the for profit mental health care model Patients are clients and doctors are providers stripping away the human element and emboldening shift ethical and legal practices Perhaps most insidious the business model paints the mentally ill as the other as people who just don't want help rather than as people who can't afford care or even realize they need help as a consequence of their illness But a path forward does exist Mental illness is something that will touch all of us all of us in some way if not directly through those we know and love Those who have already helped care for a loved one know that those who suffer by it have hopes desires and aspirations A healthy solution means a healthier society In the tradition of Andrew Solomon or Bessel van der Kolk's *The Body Keeps the Score* My Brother's Keeper is a paradigm shifting book that can help us find our way to real and lasting solutions

Paul's Letters and Contemporary Greco-Roman Literature Paul Robertson, 2016-05-23 In this volume Paul Robertson re-describes the form of the apostle Paul's letters in a manner that facilitates transparent empirical comparison with texts not typically treated by biblical scholars Paul's letters are best described by a set of literary characteristics shared by certain Greco-Roman texts particularly those of Epictetus and Philodemus Paul Robertson theorizes a new taxonomy of Greco-Roman literature that groups Paul's letters together with certain Greco-Roman ethical philosophical texts written at a roughly contemporary time in the ancient Mediterranean This particular grouping termed a socio-literary sphere is defined by the shared form content and social purpose of its constituent texts as well as certain general similarities between their texts authors
