**Counter-Cultural Paradigmatic Leadership** Gary K. G. Choong, 2011-06-03 In *Counter Cultural Paradigmatic Leadership* Gary Choong challenges the reader to consider the mind set motive and manner of leadership in any Asian setting that is suffused with contemporary practices of paternalistic authority It provides a counter cultural paradigm shift for the Christian leader who desires to honor God with mind and heart based on a biblical moral foundation and to lead with character biblical core values and a commitment to further the cause of Christ The counter

cultural paradigms and practices of integrity humility and empowerment address the ills of contemporary paternalistic authority such as didactic leadership guarding and building of reputation protection of dominance autocratic control nepotism cronyism ambivalence lack of accountability overstaying one's effectiveness and underestimating one's subordinates This counter cultural paradigmatic Christian leadership deals first with the Christian leader's character and spiritual formation over a lifetime second it seeks to influence and impact team members toward biblical coherence and congruence in discipleship team ministry and leadership development third it encourages the leader to consider ways to address organizational behavioral dysfunctions and hence organizational coherence congruence and effectiveness particularly with a view toward leadership succession and organizational significance      *Leadership Reconsidered* Ruth A. Tucker, 2008-12-01 While books and articles on leadership abound most of them are written by successful men who look at the world through the lens of a Western business model The standard for success is based on the bottom line financial growth in both the personal and corporate realms This perspective has infected Christian leadership literature as well In *Leadership Reconsidered* Ruth A Tucker calls for a revised definition one that abandons the love of power and success for the eternal value of legacy She challenges the assumption that a leader must by definition have followers be an extrovert crave recognition and dominate others Instead legacy encompasses the values of behind the scenes influence that are available to everyone and last beyond the grave This unique and refreshing perspective on leadership is accessible and engaging and will make an impact on anyone who takes it to heart
