## En Rade:

**Decadent Subjects** Charles Bernheimer, 2002-07 Honorable Mention for the Aldo and Jeanne Scaglione Prize for Comparative Literary Studies from the Modern Language Association Charles Bernheimer described decadence as a stimulant that bends thought out of shape deforming traditional conceptual molds In this posthumously published work Bernheimer succeeds in making a critical concept out of this perennially fashionable rarely understood term *Decadent Subjects* is a coherent and moving picture of fin de siècle decadence Mature ironic iconoclastic and thoughtful this remarkable collection of essays shows the contradictions of the phenomenon which is both a condition and a state of mind In seeking to show why people have failed to give a satisfactory account of the term decadence Bernheimer argues that we often mistakenly take decadence to represent something concrete that we see as some sort of agent His salutary response is to return to those authors and artists whose work constitutes the topos of decadence rereading key late nineteenth century authors such as Nietzsche Zola Hardy Wilde Moreau and Freud to rediscover the very dynamics of the decadent Through careful analysis of the literature art and music of the fin de siècle including a riveting discussion of the many faces of Salome Bernheimer leaves us with a fascinating and multidimensional look at decadence all the more important as we emerge from our own fin de siècle

**Reality and Illusion in the Novels of J.-K. Huysmans** Ruth B. Antosh, 2023-10-16 , **The Mirror of Divinity** Robert Ziegler, 2004-05 Using a multidisciplinary approach this book argues that the operation of art as mirror is the key to the hidden unity of Huysmans fiction The author claims that only the elimination of Huysmans stylistic distortions enabled his art finally to become faithful and clear **J.-K. Huysmans** Ruth Antosh, 2024-07-06 A critical biography of a major novelist and art critic from the late nineteenth century French decadent movement J K Huysmans 1848 1907 is often hailed as a forerunner of modernist letters While his novel *reboours* *Against Nature* remains infamous for its reclusive protagonist retreating into a realm of artifice and dreams Huysmans's literary contributions are far reaching Ruth Antosh explores Huysmans's life and work illustrating how both reflect an uneasy era of profound social and artistic change In this context Huysmans's correspondence early fiction art criticism and surrealist novel *En rade* Stranded demand greater critical attention Antosh argues that Huysmans's life should be understood as an unwavering quest for spiritual and aesthetic fulfillment

**Flaubert, Beckett, NDiaye** Andrew Asibong, Aude Campmas, 2017-01-23 Gustave Flaubert Samuel Beckett and Marie NDiaye can be considered as visionaries of a peculiarly radical form of failure their protagonists and texts alike sliding inexorably into unmanageable states of paradox incompleteness and disintegration What are the implications of these authors' experiments in splitting and negativity experiments which seem to indulge the most cynical aspects of nihilism whilst at the same time grappling with the very foundations of politicized and psychic truth In this unusual edited volume of comparative analyses Andrew Asibong and Aude Campmas bring together ten provocative and illuminating essays each of which approaches the various failures of the bizarre trio of canonical francophone writers along three principal axes of

investigation the aesthetic the emotional and the political      Rapports et procès-verbaux des réunions ,1927      Joris-Karl Huysmans ,2016-08-09      **Reports from Commissioners** Great Britain. Parliament. House of Lords,1855

*Parliamentary Papers* Great Britain. Parliament. House of Commons,1887      Novel Configurations Allan H. Pasco,1994

During a period when the field of literary studies turned away from texts to theory *Novel Configurations* A Study of French Fiction has become an underground classic Although it proposes a theory that theory is inductive and solidly based in real works of fiction While looking again at significant masterpieces that range from the early nineteenth to the late twentieth centuries from the creations of traditional french writers to that of an Argentine who spent most of his productive life in France Allan H Pasco has perceptively indicted new but valid close readings that have revolutionized our view of these works He suggests that *La Chartreuse de Parme* is rigorously organized that Balzac was a narrational minimalist that Huysmans developed novelistic strategies that would be played out in the *Nouvea Roman* that Proust intended good readers to come away from *A la recherche du temps perdu* with very different but complementary interpretations that Robbe Grillet's *La Jalousie* turns on a plot that seems strange only because it takes place in the mind of the narrator From these philologically sophisticated interpretations Pasco lucidly elegantly and wittily points to categories that include all fiction Concentrating on patterns and description on the one hand and external and internal organization on the other *Novel configurations* proposes a new classification that can be easily taught to novices though it will help even professional readers understand the most complex fictional innovations      Groot Nederduitsch en Fransch Woordenboek ...
