**En marcha con Fidel 1960** Antonio Núñez Jiménez, Este segundo volumen de la trilogía En marcha con Fidel el autor rememora el avance victorioso de la Revolución Cubana durante 1960 concentrada intensamente en el cumplimiento del programa del Moncada bajo el cada vez más agresivo asedio de los Estados Unidos que fomentan la contrarrevolución interna. Definitorios y también tristes acontecimientos van perfilando el proceso: la explosión del vapor La Coubre, la fundación de organizaciones como la FMC y la ANAP que agrupan respectivamente a las mujeres y a los campesinos beneficiados por la Reforma Agraria, la masiva incorporación popular a las milicias revolucionarias, la desaparición de los remanentes de la prensa reaccionaria simbolizada por el Diario de la Marina, la Primera Declaración de La Habana, los iniciales diálogos entre Cuba y la Unión Soviética, los avatares de Fidel en Nueva York y su histórico discurso en la ONU.

*En marcha con Fidel: 1960* Antonio Núñez Jiménez, *Fidel in the Cuban Socialist Revolution* José Bell Lara, Tania Caram León, Delia Luisa López García, 2019-12-02. The book makes accessible a selection of speeches and television appearances by Fidel Castro during the first two years of the Cuban Revolution. Readers can trace the evolution of this legendary leader's radical political thought and analyze his extraordinary capacity for overcoming adverse political and ideological circumstances in a constant movement towards a socialist ideal. The work is organized chronologically with introductory presentations prepared by Cuban experts Jos Bell Tania Caram and Delia Luisa López and includes a glossary and bibliography. The methodology of this work is original and includes material from 1959 not previously published elsewhere.

**En marcha con Fidel 1959** Antonio Núñez Jiménez, Testigo privilegiado del quehacer de Fidel Castro durante el primer año de la Revolución Cubana como Primer Ministro del Gobierno Revolucionario, el autor relata y devela pasajes anecdóticos, sucesos claves para la consolidación del Comandante en Jefe como líder del radical proceso, siempre desde la perspectiva del amigo, el compañero de luchas y el admirador confeso. En este primer volumen de la trilogía En marcha con Fidel Né Jiménez desglosa los intensos procesos de justa redistribución de las riquezas a los campesinos beneficiados por la Ley de Reforma Agraria, las primeras agresiones y traiciones que sufre la Revolución, las primeras manifestaciones masivas de apoyo popular a Fidel, el diálogo estrecho que establece con los sectores más anárquicos y desfavorecidos hasta el momento, sus preocupaciones por desarrollar el turismo, la agricultura, el arte, además de curiosos acontecimientos que resultan verdaderas aventuras.

**Besieged Beachhead** J. J. Valdés, 2024-11-05. On New Year's Day 1959 Fidel Castro's revolutionary movement overthrew the ruling regime in Cuba, bringing the Cold War to the United States doorstep and setting the island nation and its superpower neighbor on a collision course. The clash came in April 1961 on the southern coast of Cuba at the Bahía de Cochinos, the Bay

of Pigs In an hour by hour chronicle that is as even handed as it is dramatic J J Vald s gets to the heart of this Cold War battle from the beaches and skies of Cuba to the corridors of power in Washington and Havana Long entangled in Cuba s economy and politics the United States watched Castro s revolution carefully and grew wary as Castro drew closer to the Soviet Union Within a few months the CIA with President Dwight Eisenhower s approval was recruiting and training Cuban exiles for a paramilitary force to topple Castro By early 1960 when John F Kennedy became president after campaigning on a hard line on Cuba policymakers believed the window for action was closing Kennedy gave the go ahead for the island s invasion but not before ordering changes aimed at concealing American involvement that weakened the operation Early on April 17 1961 1 400 men of Brigade 2506 Cuban exiles trained by the CIA in Guatemala began landing at the Bay of Pigs just over 100 miles southeast of Havana Nearly everything went wrong Boat engines failed Coral reefs snarled landing craft Castro s planes destroyed ships carrying vital ammunition and medical supplies Expected popular support within Cuba did not materialize Khrushchev rattled the nuclear saber spooking Kennedy from ordering assistance he was reluctant to provide anyway Over the course of three days the Brigade obstinately defended a rapidly shrinking beachhead but the exiles outnumbered and under supported were no match for the air and ground forces Castro threw against them By April 19 the invasion had failed and 1 200 scattered survivors were captured over the ensuing days What had been intended as a Cold War masterstroke ended in embarrassment for the U S The Bay of Pigs disaster would set the stage for the Cuban Missile Crisis eighteen months later and shape U S Cuba relations up until the present Decades in the making Besieged Beachhead draws from English and Spanish sources in the United States and Cuba to tell the story of this conflict as it has never been told before Along the way the work sheds light on events that have been shrouded in secrecy myth and propaganda for six decades

Lambe, 2019-02-14 What does the Cuban Revolution look like from within This volume proposes that scholars and observers of Cuba have too long looked elsewhere from the United States to the Soviet Union to write the island's post 1959 history Drawing on previously unexamined archives the contributors explore the dynamics of sociopolitical inclusion and exclusion during the Revolution's first two decades They foreground the experiences of Cubans of all walks of life from ordinary citizens and bureaucrats to artists and political leaders in their interactions with and contributions to the emerging revolutionary state In essays on agrarian reform the environment dance fashion and more contributors enrich our understanding of the period beginning with the utopic mobilizations of the early 1960s and ending with the 1980 Mariel boatlift In so doing they offer new perspectives on the Revolution that are fundamentally driven by developments on the island Bringing together new historical research with comparative and methodological reflections on the challenges of writing about the Revolution The Revolution from Within highlights the political stakes attached to Cuban history after 1959 Contributors Michael J Bustamante María A Cabrera Ar s María del Pilar Díaz Castañeda Ada Ferrer Alejandro de la Fuente
