Taking on the Trust: The Epic Battle of Ida Tarbell and John D. Rockefeller Steve Weinberg, 2008-03-17 How a female investigative journalist brought down the world's greatest tycoon and broke up the Standard Oil monopoly Long before the rise of mega corporations like Wal Mart and Microsoft Standard Oil controlled the oil industry with a monopolistic force unprecedented in American business history Undaunted by the ruthless power of its owner John D Rockefeller 1839 1937 a fearless and ambitious reporter named Ida Minerva Tarbell 1857 1944 confronted the company known simply as The Trust Through her peerless fact gathering and devastating prose Tarbell a muckraking reporter at McClure's magazine pioneered the new practice of investigative journalism Her shocking discoveries about Standard Oil and Rockefeller led inexorably to a dramatic confrontation during the opening decade of the twentieth century that culminated in the landmark 1911 Supreme Court antitrust decision breaking up the monopolies and forever altering the landscape of modern American industry Based on extensive research in the Tarbell and Rockefeller archives Taking on the Trust is a vivid and dramatic history of the Progressive Era with powerful resonance for the first decades of the twenty first century

The Money and the Power Sally Denton, Roger Morris, 2002-05-07 Las Vegas the name evokes images of divorce and dice gangsters and glitz But beneath it all is a sordid history that is much more insidious and far reaching than ever imagined The Money and the Power is the most comprehensive look yet at Las Vegas and its breadth of influence Based on five years of intensive research and interviewing Sally Denton and Roger Morris reveal the city's historic network of links to Wall Street international drug traffickers and the CIA In doing so they expose the disturbing connections amongst politicians businessmen and the criminals that harness these illegal activities Through this lucid and gripping indictment of Las Vegas Morris and Denton uncover a national ethic of exploitation violence and greed and provide a provocative reinterpretation of twentieth century American history Now this neon maelstrom of ruthlessness and greed stands to not as an aberrant sin city but as a natural outgrowth of the corruption and worship of money that have come to permeate American life

Presents the life and accomplishments of the Massachusetts senator from his early childhood and family life to the deaths of his brothers and his later life as a senator and family man **Introduction to Criminology** Frank E. Hagan,2008

Introduction to Criminology Sixth Edition is a comprehensive introduction to the study of criminology and includes oneachapter on the criminal justice system It aims to avoid an overly legal and crime control orientation and instead concentrates on the vital core of criminological theory theory method and criminal behavior Hagan investigates all forms of criminal activity such as organized crime white collar crime political crime and environmental crime He explains the methods of operation the effects on society and how various theories account for criminal behavior **Not So!** Paul F. Boller,1996

This study explores a number of myths and misconceptions about the American past The book covers events throughout American history from whether Columbus knew the world was round when he went off to discover America to contemporary media attacks of the presidency **Theoretical Frameworks for Personal Relationships** Ralph Erber,Robin Gilmour,2013-06-17

The past two decades have seen a tremendous increase in research and scholarship devoted to personal relationships From rather scattered beginnings a recognizable and recognized field has emerged whose strength and health is reflected in a wide array of indicators The editors contend that while the vigor of the field is often shown in the diversity and innovation of its research it is in the theoretical domain that they find evidence of a real coming of age This volume provides grounds for arguing that the diversity of theorizing is particularly healthy at this point The reader will notice that there is some diversity in terms of how much theory and research is contained in each chapter some are purely theoretical others are complemented by original pieces of empirical research The editors and contributors are from different countries another way in which the diversity of this book manifests itself The variety of the frameworks presented are seen as a strength as building on established strengths elsewhere to feed into relationship research and enhance its vitality Each chapter makes its own contribution to thinking and research about personal relationships As a group they add to an exciting collection that not only reflects a richness of conceptual backing but also a wide range of usable theoretical structures

The New Encyclopedia of American Scandal George C. Kohn,2001 Covering people and events from the 1630s to the

present day this reference offers 455 entries on such topics as dirty politics white collar scams botched cover ups tawdry love affairs and despicable acts of corruption *Presidential Campaigns, Slogans, Issues, and Platforms* Robert North Roberts, Scott John Hammond, Valerie A. Sulfaro, 2012-06-12 The book provides a comprehensive discussion of the major issues and events surrounding all American presidential elections from the earliest years of the Republic through the campaign of 2008 *Presidential Campaigns Slogans Issues and Platforms The Complete Encyclopedia* is an easy to use reference work designed to encourage students and anyone interested in democratic politics to undertake a greater understanding of this complex aspect of American political life The three volume work covers each presidential campaign in depth examining a large number of related issues ranging from the use of social media in modern presidential campaigns to negative campaign ads and key slogans used in every presidential campaign Volume One contains entries offering specific and focused information on issues trends factors slogans strategies and other more detailed elements of presidential campaigning from the first stirrings of the American democratic process to the first decade of the 21st century Volumes Two and Three provide chronological accounts of every presidential campaign since the ratification of the Constitution through the campaign of 2008 with Volume Two covering the campaign of 1788 89 to the campaign of 1908 and Volume Three covering the campaign of 1912 to the campaign of 2008 *Fall from Grace* Shelley Ross, 1988 Washington scandal is more than accidental it s an American tradition Political misdeeds are older than the republic Throughout history an aggressive news media has consistently exposed irregularities and illegalities on all sides helping to shape our perceptions about politics and politicians This fact filled book names the names and sets the scenes from almost every presidential administration letting loose history s best kept secrets and most infamous scandals such as The Governor in Skirts In 1702 Lord Cornbury New York s drunken cross dressing Colonial governor general insisted on wearing formal hooped skirts and lady s accessories in public as a tribute to the fashionable Queen Anne The Overzealous Colonel Oliver North s predecessor in clandestine paramilitary activities was William S Smith in Thomas Jefferson s administration Intent on aiding Venezuelan freedom fighters in their battle against Spanish occupation he raised private funds secured weapons and enlisted soldiers of fortune for his private army Drawing comparisons between malfeasance in times gone by and today s simmering scandals *Fall From Grace* demonstrates how our intriguing if imperfect system manages to stay afloat almost despite itself and exposes the all too fallible men and women who take the front page by storm **Subtle Censorship** William Joseph Cardwell, Wm Josepf Cardwell, 2002-10 The war on drugs assumes all casual users are corrupted equally It separates family love loyalty and all positive social structures into protectionist policies while ignoring the fact that casual users likewise demonstrate all of these qualities It keeps the testimonial as its logo and ignores the fact that experience holds no secrets It calls casual use bad and sobriety good And ignores that in all practical terms the two are simply different This book is structured as a debate between two opponents one pro drug choice the other against Using a point counterpoint style the

two present their best and worse case experiences Though there is a logical structure to the presentation of ideas I have labored to make the debate seem as natural as possible The intent of the book may seem to build a case for the legalization of certain drugs however my greater intent is this to present the ideas and voices of those too long dismissed in this debate Most people believe there are only two sides to an argument This is a false assumption for there is right wrong and neutral This oft overlooked third alternative I have relegated to the footnotes I would encourage you to not just read passively but rather engage the conversation with your own arguments My best hope is this you will come to see the world in ways you have till now overlooked
