Falling Toward Earth And Other Short Fiction:

Falling Towards Earth and Other Short Stories Stephen Kyle, 2000 Kyle's stories deal with people forced to live on society's fringe from a naive 18 year old coming out as gay and a young woman considering prostitution to a mentally ill man trying to escape the clutches of a voodoo cult Kyle's knack for weaving an alluring tale will draw you building toward endings that are realistic yet surprising In the novella *Falling Towards Earth* Jon Clark is trying to recover from his wife's death He meets a mysterious couple that draws him into their strange circle Soon Jon's best friend Perry warns him with strange stories of conspiracies and cults Is Perry just paranoid or is there something truly odd about these people When the mysterious David seduces Jon he learns that there is no clear line between being straight and being gay But what's more disturbing is the blurred line between sanity and madness and truth about David and Perry Kyle's stories combining unexpected humor with suspense building momentum toward shattering conclusions [bodyparts falling to earth. A collection not to be missed these stories will stay with you from the first page to the last *Molly Falls to Earth* Maria Mutch,2021-04-27 As Molly experiences the singularity of the seizure over the course of seven minutes she is haunted by her past memories of love and infidelity thoughts of her family and her work and of the city itself She also reflects on the disappearance of a lover she last saw ten years earlier his sister and the secrets that connect all three of them *The Fantasy of Globalism* John V. Waldron,2013-12-16 For many the advent of globalization brought with it an end to the way that the world had been viewed previous to the fall of the Berlin Wall Among the many endings the one that most concerns my book is the perceived foreclosure of any alternatives to the capitalistic ideology that structures globalization Even criticisms of globalization are bounded by its limits since the critical models they use cannot conceive of a space outside its homogenizing discourse Against the final limits that shape most interpretations of globalization I show how writers on the periphery of the globalizing north through the development and deployment of neo baroque imaginings offer a different possibility to monological globalism I show that the baroque has been a way of resisting and reconfiguring the colonial gaze in Latin America since the time of the first encounter to the present **A Snake Falls to Earth** Darcie Little Badger,2021-11-09 Nina is a Lipan girl in our world She s always felt there was something more out there She still believes in the old stories Oli is a cottonmouth kid from the land of spirits and monsters Like all cottonmouths he s been cast from home He s found a new one on the banks of the bottomless lake Nina and Oli have no idea the other exists But a catastrophic event on Earth and a strange sickness that befalls Oli s best friend will drive their worlds together in ways they haven t been in centuries And there are some who will kill to keep them apart Darcie Little Badger introduced herself to the world with *Elatsoe* In *A Snake Falls to Earth* she draws on traditional Lipan Apache storytelling structure to weave another unforgettable tale of monsters magic and family It is not to be missed **The Oxford Book of Japanese Short Stories** Theodore William Goossen,2002 Beginning with the first writings to assimilate and rework Western literary traditions through the flourishing of the short story genre in the cosmopolitan atmosphere of the Taisho era to the new breed of writers produced under the constraints of literary censorship and the current writings reflecting the pitfalls and paradoxes of modern life this anthology offers a stimulating survey of the entire development of the Japanese short story *Auteuring Nollywood* Afolayan, Adeshina,2015-02-28 Beginning from an auteur standpoint this book interrogates extant cinematic representation of African and Nigerian postcolonial realities in Nollywood It makes a case using Kunle Afolayan s *The Figurine* for a critical space clearing gesture around the notion of a neo Nollywood which transcends the formulaic cinematic representation of African and Nigerian realities to embrace a visionary and philosophic rearticulation of the role of film making and of Nollywood in the Nigerian imagination The Idea of neo Nollywood and a visionary director therefore stands at the core of a cinematic production process that challenges disturbs and stimulates perceptions of current and future African identities
