Leaving Ukraine And Other 20th Century Tales Darlene Weingarten,2022-10-17 The twentieth century was both wonderful and horrible There were two catastrophic world wars and

many ghastly smaller wars But there were medical advances and discoveries that extended the lives of people and animals There were many inventions that made life easier for ordinary people inventions we take for granted Some people were blessed with productive and peaceful lives while others suffered from events beyond their control Each decade of the twentieth century was unique The author has written about some she witnessed some events told to her and some she has made up entirely from her imagination Even as a child she was always ready to listen to someone s story She wondered about her twenty cousins and many aunts and uncles some of whom she never met As an educator and member of several organizations she found friends who had a unique story to tell

The Jewish Holocaust Marty Bloomberg,Buckley Barry Barrett,1995-01-01 This expanded edition of the guide to major books in English on the Holocaust is organized into ten subject areas reference materials European antisemitism background materials the Holocaust years Jewish resistance

Explaining the Holocaust Mordecai Schreiber,2015-04-16 Seventy years after it took place the Holocaust committed against the Jews of Europe during World War II continues to cast a giant shadow over humankind Man s inhumanity to man is not a thing of the past Genocidal action is still commonplace around the globe Has humankind learned the lessons of the past Is the human race doomed to live in a perpetual state of war and self destruction Explaining the Holocaust shows how given the right circumstances human beings can lose their humanity Does that mean that the ethical teachings of the major religions are wishful thinking This book tackles two questions that continue to be asked by people everywhere Why did a highly civilized nation like Germany in the middle of the twentieth century commit the most heinous crime in all of human history And if indeed there is a loving God who made a covenant with the people of Israel

why were millions of innocent peaceful Jews dehumanized starved tortured and systematically murdered Explaining the Holocaust spares no one in discussing the enormity of the evil But it also shows how the divine spark in human beings did not die during those years of darkness and why we still have a glimmer of hope **Israel Yearbook on Human Rights, Volume 43 (2013)** Yoram Dinstein, 2021-10-11 The Israel Yearbook on Human Rights an annual published under the auspices of the Faculty of Law of Tel Aviv University since 1971 is devoted to publishing studies by distinguished scholars in Israel and other countries on human rights in peace and war with particular emphasis on problems relevant to the State of Israel and the Jewish people The Yearbook also incorporates documentary materials relating to Israel and the Administered Areas which are not otherwise available in English including summaries of judicial decisions compilations of legislative enactments and military proclamations **Reassessing the Presidency** David Gordon, Thomas J. DiLorenzo, Thomas E. Woods, Jr, Yuri N. Maltsev, Ralph Raico, Paul Gottfried, Hans-Hermann Hoppe, 2013-09-19 American Despots Amazing low sale price in defense of authentic freedom as versus the presidency that betrayed it Everyone seems to agree that brutal dictators and despotic rulers deserve scorn and worse But why have historians been so willing to overlook the despotic actions of the United States own presidents You can scour libraries from one end to the other and encounter precious few criticisms of America s worst despots The founders imagined that the president would be a collegial leader with precious little power who constantly faced the threat of impeachment Today however the president orders thousands of young men and women to danger and death in foreign lands rubber stamps regulations that throw enterprises into upheaval controls the composition of the powerful Federal Reserve and manages the priorities millions of swarms of bureaucrats that vex the citizenry in every way It is not too much of a stretch to say that the president embodies the Leviathan state as we know it Or more precisely it is not an individual president so much as the very institution of the presidency that has been the major impediment of liberty The presidency as the founders imagined it has been displaced by democratically ratified serial despotism And for that reason it must be stopped Every American president seems to strive to make the historians A list by doing big and dramatic things wars occupations massive programs tyrannies large and small in hopes of being considered among the greats such as Lincoln Wilson and FDR They always imagine themselves as honored by future generations the worse their crimes the more the accolades Well the free ride ends with Reassessing the Presidency The Rise of the Executive State and the Decline of Freedom edited by John Denson This remarkable volume 825 pages including index and bibliography is the first full scale revision of the official history of the U S executive state It traces the progression of power exercised by American presidents from the early American Republic up to the eventual reality of the power hungry Caesars which later appear as president in American history Contributors examine the usual judgments of the historical profession to show the ugly side of supposed presidential greatness The mission inherent in this undertaking is to determine how the presidency degenerated into the office of American Caesar Did the character of the man who held the office corrupt it or did the power of the office as it

evolved corrupt the man Or was it a combination of the two Was there too much latent power in the original creation of the office as the Anti Federalists claimed Or was the power externally created and added to the position by corrupt or misguided men There s never been a better guide to everything awful about American presidents No you won t get the civics text approach of see no evil Essay after essay details depredations that will shock you and wonder how American liberty could have ever survived in light of the rule of these people Contributors include George Bittlingmayer John V Denson Marshall L DeRosa Thomas J DiLorenzo Lowell Gallaway Richard M Gamble David Gordon Paul Gottfried Randall G Holcombe Hans Hermann Hoppe Jeffrey Rogers Hummel Michael Levin Yuri N Maltsev William Marina Ralph Raico Joseph Salerno Barry Simpson Joseph Stromberg H Arthur Scott Trask Richard Vedder and Clyde Wilson **Handbook of Research on**
