

The book cover features a vibrant marbled pattern in shades of deep blue, purple, and red, with swirling, organic lines. A central rectangular label with a cream-colored background contains the title and author information. The title 'FAME AND THE FOUNDING FATHERS' is printed in a large, black, serif font, with 'AND THE' in a smaller, red, serif font. A thin horizontal line separates the title from the author's name, 'ESSAYS BY DOUGLASS ADAIR', which is also in a black, serif font, with 'ESSAYS BY' in red.

George Washington and American Constitutionalism Glenn A. Phelps, 1993-01-08 Known as the Father of His

Country George Washington is viewed as a demigod for what he was and did not what he thought In addition to being a popular icon for the forces of American nationalism he served as commander in chief of the victorious Continental Army That he played a key role in securing the adoption of the Constitution is well known but few credit him with a political philosophy that actively shaped the constitutional tradition In this revisionist study Glenn Phelps argues that Washington s political thought influenced the principles informing the federal government then and now Disinclined to enter the debates by which the framers hammered out a consensus Washington instead sought to promote his way of thinking through private correspondence and the example of his public life From these sources Phelps draws out his political ideas and demonstrates that Washington developed a coherent and consistent view of a republican government on a continental scale long before Madison Hamilton and other nationalists a view grounded in classically conservative republicanism and continentally minded commercialism That he was only partially successful in building the constitutional system that he intended does not undercut his theoretical contribution Even his failures affected the way our constitutional tradition developed Phelps examines Washington s political ideas not as they were perceived by his contemporaries but in his own words that is he shows what Washington believed not what others thought he believed He shows how Washington s political values remained consistent over time regardless of who his counselors or ghost writers were Using letters Washington wrote to friends and family written free from the constraints of public politics Phelps reveals a man with a passionate commitment to a fully developed idea of a constitutional republic on a continental scale In recent years scholarship about Washington has seemed to focus on mythmaking For readers interested in the founding period the framing of what Hamilton called the frail fabric and constitutionalism Phelps explores the substance behind the myth The Education of John Adams Richard B.

Bernstein, 2020 This book a free standing companion to Bernstein s 2003 biography Thomas Jefferson responds to the public curiosity about Adams his life and his work for those intrigued by popular culture portrayals of Adams in the Broadway musical 1776 and the HBO television miniseries John Adams As with Bernstein s other work e g The Founding Fathers A Very Short Introduction it is a clear scholarly concise well written and well researched account of Adams s life career and thought addressing anyone seeking to learn more about him Poe and the Remapping of Antebellum Print Culture Jerome McGann, 2012-12-19 Edgar Allan Poe 1809 1849 has long occupied the position of literary outsider Dismissed as unrepresentative of the main currents of antebellum culture Poe commented incisively in fiction and nonfiction on nationalism science materialism popular taste and cultural ideology Opposing the pressure to write nationalistic American

tales or from a restricted New England perspective he produced a body of work held in greater international esteem than that of any of his U S contemporaries In *Poe and the Remapping of Antebellum Print Culture* scholars explore Poe s anti nationalistic Americanism as they redefine the outlines of antebellum print culture and challenge ideas that situate Poe at the margins of national thought and cultural activity The contributors offer fresh perspectives on an often maligned author including essays on Poe s preoccupation with celebrity his fascination with metropolitan crime and mystery his impact as an observer of racial fear his role as an eccentric cultural icon and his fluctuating reputation in our own era They also argue for new digital approaches that facilitate remapping of print culture Contributors Anna Brickhouse Betsy Erkkila Jennifer Rae Greeson Leon Jackson J Gerald Kennedy Maurice S Lee Jerome McGann Scott Peeples Leland S Person and Eliza Richards

Recovering the Past Forrest McDonald,2004 Forrest McDonald is a legend in his own time He now candidly recounts and reconsiders his own career mixing in equal measure autobiography with a sharp critique of the historical craft *America's Forgotten Founders, second edition* Gary L. Gregg,Mark David Hall,2023-05-30 Beyond Washington and Jefferson Ranking the Founders Even as Americans devour books about our Founding Fathers the focus seldom extends past a half dozen or so icons Franklin Washington Adams Jefferson Madison Hamilton Many of the men and women who made prodigious contributions to the American founding have been all but forgotten *America's Forgotten Founders* corrects this injustice Editors Gary L Gregg II and Mark David Hall surveyed forty five top scholars in history political science and law to produce the first ever ranking of the most neglected contributors to the American Revolution and our constitutional order This unique book features engaging short biographies of the top ten most important Founders whose contributions are overlooked today James Wilson George Mason Gouverneur Morris John Jay Roger Sherman John Marshall John Dickinson Thomas Paine Patrick Henry and John Witherspoon Part of the *Lives of the Founders* series *America's Forgotten Founders* reshapes our understanding of America s founding generation **James Madison** Terence Ball,2017-11-30 James Madison 1751 1836 the Father of the American Constitution was a legal and political thinker of great originality and range The essays by eminent scholars reprinted in this volume explore various facets and aspects of Madison s legal constitutional and political thought These include his views of human nature republican political theory and practice federalism natural and civil rights religious liberty and constitutional interpretation The volume is edited and introduced by Terence Ball whose scholarly publications include an authoritative annotated edition of Hamilton Madison and Jay s *The Federalist* Cambridge University Press 2003

Death and the American South Craig Thompson Friend,Lorri Glover,2015 *Death and the American South* is an edited collection of twelve never before published essays featuring leading senior scholars as well as influential up and coming historians The contributors use a variety of methodological approaches for their research and explore different parts of the South and varying themes in history *A Republic of Men* Mark E. Kann,1998-04 What role did manhood play in early American politics Political scientist Mark Kann suggests that America s founders committed themselves in theory to the

premise that all men are created equal but they did not believe that all men could be trusted with equality A REPUBLIC OF MEN compellingly analyzes the ways in which our founders used a rhetoric of manhood to maintain public order The Presidency and Rhetorical Leadership Leroy G. Dorsey,2008-03-26 Successful presidential leadership depends upon words as well as deeds In this multifaceted look at rhetorical leadership twelve leading scholars in three different disciplines provide in depth studies of how words have served or disserved American presidents At the heart of rhetorical leadership lies the classical concept of prudence practical wisdom that combines good sense with good character From their disparate treatments of a range of presidencies an underlying agreement emerges among the historians political scientists and communication scholars included in the volume To be effective they find presidents must be able to articulate the common good in a particular situation and they must be credible on the basis of their own character Who they are and what they can do are thus twin pillars of successful rhetorical leadership Leroy G Dorsey introduces these themes and David Zarefsky picks them up in looking at the historical development of rhetorical leadership within the office of the presidency Each succeeding chapter then examines the rhetorical leadership of a particular president often within the context of a specific incident or challenge that marked his term in office Chapters dealing with George Washington John Adams Thomas Jefferson Theodore Roosevelt Woodrow Wilson Franklin Roosevelt Dwight Eisenhower Ronald Reagan and Bill Clinton offer the specifics for a clearer understanding of how rhetoric serves leadership in the American presidency This book provides an indispensable addition to the literature on the presidency and in leadership studies *Historical Memory and Representations of the Vietnam War* Walter L. Hixson,2000 First Published in 2000 Routledge is an imprint of Taylor Francis an informa company

The Political Theory of The Federalist David F. Epstein,2008-11-15 In *The Political Theory of The Federalist* David F Epstein offers a guide to the fundamental principles of American government as they were understood by the framers of the Constitution Epstein here demonstrates the remarkable depth and clarity of *The Federalist* s argument reveals its specifically political not merely economic view of human nature and describes how and why the American regime combines liberal and republican values While it is a model of scholarly care and clarity this study deserves an audience outside the academy David F Epstein s book is a fine demonstration of just how much a close reading can accomplish free of any flights of theory or fancy references New Republic Epstein s strength lies in two aspects of his own approach One is that he reads the text with uncommon closeness and sensitivity the other is an extensive knowledge of the European political thought which itself forms an indispensable background to the minds of the authors *Times Literary Supplement* **A Dangerous Passion** Haig Patapan,2021-05-01 *A Dangerous Passion* argues that leadership and honor are mutually constitutive and that this dynamic relationship fundamentally shapes the character of political practice Haig Patapan shows how our contemporary blindness to this leadership honor dynamic and neglect of the significance of honor and shame in modern politics have caused us to fundamentally misunderstand the nature of leadership We have lost sight of how honor shapes the ambitions and aspirations

of those who seek political office and the opportunities and limits it imposes on leaders when engaging with their followers. What has been obscured are the two faces of honor: how it is the dangerous passion that fuels the ambitions of the glory seekers to pursue tyranny and empire as well as being the source of good leadership that is founded on noble ambition and sacrifice for the common good. Patapan examines classical magnanimity, Machiavellian glory, and Hobbesian dispersed leadership views that continue to be debated and then offers insights from these debates to illuminate a series of contemporary political challenges for leaders including the politics of fame, identity, and nationalism.

John Laurens and the American Revolution Gregory D. Massey, 2016-12-13. An excellent biography of General Washington's aide de camp, a daring soldier who advocated freeing slaves who served in the Continental Army. Journal of Military History. Winning a reputation for reckless bravery in a succession of major battles and sieges, John Laurens distinguished himself as one of the most zealous self-sacrificing participants in the American Revolution. A native of South Carolina and son of Henry Laurens, president of the Continental Congress, John devoted his life to securing American independence. In this comprehensive biography, Gregory D. Massey recounts the young Laurens's wartime record, a riveting tale in its own right and finds that even more remarkable than his military escapades were his revolutionary ideas concerning the rights of African Americans. Massey relates Laurens's desperation to fight for his country once revolution had begun. A law student in England, he joined the war effort in 1777, leaving behind his English wife and an unborn child he would never see. Massey tells of the young officer's devoted service as General George Washington's aide de camp, interaction with prominent military and political figures, and conspicuous military efforts at Brandywine, Germantown, Monmouth, Newport, Charleston, Savannah, and Yorktown. Massey also recounts Laurens's survival of four battle wounds and six months as a prisoner of war, his controversial diplomatic mission to France, and his close friendship with Alexander Hamilton. Laurens's death in a minor battle in August 1782 was a tragic loss for the new state and nation. Unlike other prominent southerners, Laurens believed blacks shared a similar nature with whites, and he formulated a plan to free slaves in return for their service in the Continental Army. Massey explores the personal, social, and cultural factors that prompted Laurens to diverge so radically from his peers and to raise vital questions about the role African Americans would play in the new republic. Insightful and balanced, an intriguing account not only of the Laurens family in particular but equally important of the extraordinarily complex relationships generated by the colonial breach with the Mother Country. North Carolina Historical Review.

To Starve the Army at Pleasure E. Wayne Carp, 2017-10-01. American political culture and military necessity were at odds during the War for American Independence, as demonstrated in this interpretation of Continental army administration. E. Wayne Carp shows that at every level of authority—congressional, state, and county—a localistic world view, a deferential political order, and adherence to republican ideology impeded the task of supplying the army, even though independence demanded military strength. Placing military history within the context of colonial and revolutionary historiography, Carp finds that the colonial American belief that

authority and political power should be decentralized deeply influenced Congress's approach to the task of supplying the army Furthermore most Congressmen had neither military experience nor any idea of how to administer an army while local governments constantly thwarted the army's efforts to obtain supplies they blocked impressment and interfered with the movement of food and clothing Carp shows that political leaders eventually adjusted their ideals to the imperatives of winning the war He offers a revisionist analysis of the origins of the Nationalist movement of 1780-83 that was begun by army officers and state legislators fearing the imminent failure of the Revolution Lacking unity and blinded by republican ideology the Nationalists did not markedly improve the administration of the army Instead it was largely through the efforts of Superintendent of Finance Robert Morris the cooperation of the French and sheer luck that the British were ultimately defeated Carp concludes that the Americans won the Revolution in spite of rather than because of their political beliefs

Empire of Liberty Gordon S. Wood, 2009-10-28 The Oxford History of the United States is by far the most respected multi volume history of our nation The series includes three Pulitzer Prize winners two New York Times bestsellers and winners of the Bancroft and Parkman Prizes Now in the newest volume in the series one of America's most esteemed historians Gordon S Wood offers a brilliant account of the early American Republic ranging from 1789 and the beginning of the national government to the end of the War of 1812 As Wood reveals the period was marked by tumultuous change in all aspects of American life in politics society economy and culture The men who founded the new government had high hopes for the future but few of their hopes and dreams worked out quite as they expected They hated political parties but parties nonetheless emerged Some wanted the United States to become a great fiscal military state like those of Britain and France others wanted the country to remain a rural agricultural state very different from the European states Instead by 1815 the United States became something neither group anticipated Many leaders expected American culture to flourish and surpass that of Europe instead it became popularized and vulgarized The leaders also hope to see the end of slavery instead despite the release of many slaves and the end of slavery in the North slavery was stronger in 1815 than it had been in 1789 Many wanted to avoid entanglements with Europe but instead the country became involved in Europe's wars and ended up waging another war with the former mother country Still with a new generation emerging by 1815 most Americans were confident and optimistic about the future of their country Named a New York Times Notable Book Empire of Liberty offers a marvelous account of this pivotal era when America took its first unsteady steps as a new and rapidly expanding nation **David**

Hume Richard Whatmore, 2017-05-15 This volume on Hume's politics brings together essays that have been formative of the scholarly and more general debate about Hume's political thought Unlike many theorists who express their thought in terms of system Hume uses the incidental genre of the essay as the vehicle for his writing and his mode of presentation is a reflection indeed an expression of his belief in the limited power of reason to give any over all shape to human life Hume's politics are particularly suited for discussion of a wide range of view points The possibilities of seeing in Hume both the

conservative and the liberal are pursued along with Hume's sophisticated analysis of party politics. His acute and pioneering theorisation of perhaps the most central issue for 18th century political observers that of commerce and politics is brought out in the context of his ideas of the international order. His fundamental theory of justice is discussed in its connection with law, property and government.

Honor in the Modern World Dan Demetriou, Laurie M. Johnson, 2016-08-03

After a century long hiatus honor is back. Academics, pundits and everyday citizens alike are rediscovering the importance of this ancient and powerful human motive. This volume brings together some of the foremost researchers of honor to debate honor's meaning and its compatibility with liberalism, democracy and modernity. Contributors representing philosophy, sociology, political science, history, psychology, leadership studies and military science examine honor past to present from masculine and feminine perspectives and in North American, European and African contexts. Topics include the role of honor in the modern military, the effects of honor on our notions of the dignity and purity of women, honor as a quality of good statesmen and citizens, honor's role in international relations and community norms and how honor's egalitarian and elitist aspects intersect with democratic and liberal regimes.

Whispering the Secrets of Language: An Psychological Journey through **Fame And The Founding Fathers Essays By Douglass Adair**

In a digitally-driven earth wherever screens reign supreme and instant interaction drowns out the subtleties of language, the profound techniques and mental nuances hidden within phrases frequently go unheard. Fame And The Founding Fathers Essays By Douglass Adair Introduction

In today's digital age, the availability of Fame And The Founding Fathers Essays By Douglass Adair books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Fame And The Founding Fathers Essays By Douglass Adair books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Fame And The Founding Fathers Essays By Douglass Adair books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Fame And The Founding Fathers Essays By Douglass Adair versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Fame And The Founding Fathers Essays By Douglass Adair books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Fame And The Founding Fathers Essays By Douglass Adair books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a

nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Fame And The Founding Fathers Essays By Douglass Adair books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Fame And The Founding Fathers Essays By Douglass Adair books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Fame And The Founding Fathers Essays By Douglass Adair books and manuals for download and embark on your journey of knowledge?

FAQs About Fame And The Founding Fathers Essays By Douglass Adair Books

1. Where can I buy Fame And The Founding Fathers Essays By Douglass Adair books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
