The Love Israel Family Charles Pierce LeWarne,2015-07-21 Winner of the Malstrom Award of the League of Snohomish County Historical Organizations In 1968 a time of turbulence and countercultural movements a one time television salesman named Paul Erdmann changed his name to Love Israel and started a controversial religious commune in Seattle s middle class Queen Anne Hill neighborhood He quickly gathered a following and they too adopted the Israel surname along with biblical or virtuous first names such as Honesty Courage and Strength The burgeoning Love Israel Family lived a communal lifestyle centered on meditation and the philosophy that all persons were one and life was eternal They flourished for more than a decade owning houses and operating businesses on the Hill although rumors of drug use control of members and unconventional sexual arrangements dogged them By 1984 perceptions among many followers that some Family members especially Love Israel himself had become more equal than others led to a bitter breakup in which two thirds of the members defected The remaining faithful about a hundred strong resettled on a ranch the Family retained near the town of Arlington Washington north of Seattle There they recouped and adapted with apparent social and economic success for two more decades In The Love Israel Family Charles LeWarne tells the compelling story of this group of idealistic seekers whose quest for a communal life grounded in love service and obedience to a charismatic leader foundered when that leader s power distanced him from his followers LeWarne followed the Family for years attending its celebrations and interviewing the faithful and the disaffected alike He

tells the Family's story with both sympathy and balance describing daily life in the urban and later the rural communes and explaining the Family's deeply felt spiritual beliefs The Love Israel Family is an important chapter in the history of communal experiments in the United States

To Trust or Not To Trust - Love's Labours Lost. A Sad Family Story Manny & Brigitta Davidson, 2018-07-26 Manny and Brigitta Davidson are a remarkable couple Their parents emigrants from Latvia and from Nazi occupied Poland strove to keep their heads above water and give their children a future in which to prosper Together Manny and Brigitta built a business empire from nothing having survived the terrible Blitz on London during the Second World War Their two children however have lived altogether different lives Charmed lives some might say The Davidsons business did so well that their offspring went to the finest schools enjoyed luxury holidays and lived in beautiful homes here and abroad As their success grew the Davidsons set up a trust fund for their son and daughter with two purposes First to provide generous incomes for them it is currently delivering approximately 20 million a year The second purpose was to protect the family's wealth for the future benefit of their children and further generations That wealth included the beautiful Jacobean manor Lyegrove House in Gloucestershire and all its priceless contents of art and other treasures Sadly their children decided that they would wait no longer before laying claim to all that their parents had provided and seized control of the trust in a cruel and punishing way which led to legal action and even to court Today the Davidsons live in Monaco estranged from their son and daughter They have lost their children as surely as those children have lost their parents This is their story in which they can be forgiven for echoing Shakespeare's line How sharper than a serpent's tooth it is to have a thankless child

Family Love in the Diaspora Mary Chamberlain, 2017-07-05 Colonial social policy in the British West Indies from the nineteenth century onward assumed that black families lacked morals structure and men a void that explained poverty and lack of citizenship African Caribbean families appeared as the mirror opposite of the ideal family advocated by the white colonial authorities Yet contrary to this image what provided continuity in the period and contributed to survival was in fact the strength of family connections their inclusivity and support This study is based on 150 life story narratives across three generations of forty five families who originated in the former British West Indies The author focuses on the particular axes of Caribbean peoples from the former British colonies of Jamaica Trinidad and Tobago and Barbados and Great Britain Divided into four parts the chapters within each present an oral history of migrant African Caribbean families demonstrating the varieties organization and dynamics of family through their memories and narratives It traces the evolution of Caribbean life argues how the family can be seen as the tool that helps transmit and transform historical mentalities examines the dynamics of family life and makes comparisons with Indo Caribbean families Above all this is a story of families that evolved against the odds of slavery and poverty to form a distinct Creole form through which much of the social history of the English speaking Caribbean is refracted Family Love in the Diaspora offers an important new perspective on African Caribbean families their history and the problems they face for now and the future It offers a long overdue

Sex, Love, and Families Julie Hanlon Rubio, Jason Edward King, 2020-03-30 2021 Association of Catholic Publishers first place award in theology 2021 Catholic Media Association Award first place award in marriage and family living. Six years into the papacy of Pope Francis, Catholics are still figuring out how to respond to his image of the church as a field hospital—a church that goes into the streets rather than remaining locked up behind closed doors. Marriage and family are primary sites of the field hospital called to meet people's need for healing and accompaniment with compassion and love. The authors of this collection all lay a mix of single and married traditional and progressive Catholics take up this work. They offer practical wisdom from and critical engagement with the Catholic tradition but avoid rehashing decades-old theological debates. Instead, their essays engage with and respond to realities shaping contemporary family life like religious pluralism, technology, migration, racism, sex and gender, incarceration, consumerism, and the call to holiness. The result is a collection that envisions ways that families can be places of healing and love in and for the world.
