**Servants in Husbandry in Early Modern England** Ann Kussmaul, 1981-11-12 This book explores servants in husbandry and considers the wider historiographical implications *Family History*, 1985 An ambitious volume of studies of the origins and trends in family history of major geographical areas *Family Formation in an Age of Nascent Capitalism* David Z. Levine, 2013-09-11 Family Formation in an Age of Nascent Capitalism deals with the impact of early capitalism on the strategies of family formation among four sets of English villagers in the period before the wholesale switch over to factory industry This era roughly speaking from 1550 to 1850 has been variously described as traditional preindustrial and more recently protoindustrial However the author sees it as a stage in the transition from feudalism to capitalism a halfway house The book begins by placing the study in the context of the larger debate concerning nascent capitalism early rural industrialization and the growth of population Separate chapters then discuss the growth and structure of the framework knitting industry in Shepshed and the social implications of this economic change the patterns of immigration population turnover and generational replacement in Shepshed and Bottesford and industrial involution and domestic organization in 1851 Subsequent chapters deal with the demographic implications of rural industrialization the relationship between economic opportunity and family formation and relationships among the expectation of marriage bridal pregnancy and illegitimacy **The English Family 1450 - 1700** Ralph A. Houlebrooke, 2014-06-11 The history of the family has become the source of lively controversy and Ralph Houlbrooke's study has made a major contribution to the debate Thorough investigations reveal the attitudes and aspirations of all levels of society set within economic political and religious contexts and developments within the period *Novel Relations* Ruth Perry, 2004-08-05 Ruth Perry describes the transformation of the English family as a function of several major social changes taking place in the eighteenth century including the development of a market economy and waged labor enclosure and the redistribution of land urbanization the rise of the middle class and the development of print culture In particular Perry traces the shift from a kinship orientation based on blood relations to a kinship axis constituted by conjugal ties as it is revealed in popular literature of the second half of the eighteenth century Perry focuses particularly on the effect these changes had on women's position in families She uses social history literary analysis and anthropological kinship theory to examine texts by Samuel Richardson Charlotte Lennox Henry MacKenzie Frances Burney Jane Austen and many others This important study by a leading eighteenth century scholar will be of interest to social and literary historians *Romantic Periodicals and Print Culture* Kim Wheatley, 2004-11-23 Building on a revival of scholarly interest in the cultural effects of early 19th century periodicals the essays in this collection treat periodical writing as intrinsically worthy of attention not a mere backdrop to the emergence of British Romanticism but a site in which Romantic ideals were challenged modified and developed Contributors to the volume discuss a range of different periodicals from the elite Quarterly and Edinburgh Reviews through William Cobbett's populist weekly newspaper Two Penny

Trash to the miscellaneous monthly magazines typified by Blackwood's While some contributors to the volume approach the phenomenon of Romanticism within periodical culture from a more materialist standpoint than others several elaborate upon recent intersections between Romantic studies and gender studies     The Changing American Family Scott J South, Stewart Tolnay, 2019-06-26 In this book leading authorities on the family show how families parents and children have been affected by changing patterns of marriage and cohabitation Taking a long historical perspective some authors consider trends such as the decline of multigenerational families and group differences in the relationships between economic opportunity and the timing of marriage But the focus is predominantly on questions of current interest patterns of union formation differences between marriage and cohabitation contact between divorced fathers and their children the division of household labor and the transmission of attitudes and behavior across generations Intended for scholars and advanced students this book offers essential analysis of the changing dimensions of the American family     English Population History from Family Reconstitution 1580-1837 E. A. Wrigley, 1997-07-24 This book uses data from 26 Anglican to provide information about fertility morality and nuptiality in the past     *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1979     **Domestic Strategies** Stuart Woolf, 2003-12-04 Research on historical processes such as commercialisation traditionally concentrated on the motors of change and measurement of their impact and considered the labouring classes as the passive objects of such changes Developments in the social sciences in recent years have stimulated a new reading of the historical sources in terms of the social relations and strategies of families in interpreting and adapting to their own use institutional settings and economic resources The essays presented in this 1991 book explore the relationship between the historical experiences of social relations and the demands and opportunities offered by the economy in early modern Europe through a focus on the strategies of labouring families Critical discussion of the historian's use of sources characterises the essays which provide case studies of social groups in north central Italy and the French Alps They relate to three specific themes the exploitation of non agricultural resources in the countryside urban guilds and charitable provision     **Spinning the Threads of Uneven Development** Jane Gray, 2005-01-01 Using the history of the Irish linen industry as a substantive case study *Spinning the Threads of Uneven Development* shows how gendered variations in the division of labor within and between households affected the economic development of the local and regional textile industry beginning with industrialization through to the transition to industrial capitalism Drawing on a wide range of sources from census records to folk poetry Jane Gray develops a dynamic model of gender that links the allocation of labor within households to macro socioeconomic change Expanding on recent literature of the salience of gender in the Irish political economy *Spinning the Threads of Uneven Development* is important reading for social and economic historians as well as those interested in the role of gender in economic development and Irish history     Encyclopedia of Social History Peter N.
