Before Jim B. Tucker, M.D., 2021-04-13 A fully updated 2 in 1 edition with a new introduction by the author combining Dr Jim B Tucker's bestselling books about children who remember past lives *Return to Life* and *Life Before Life* These two books contain first person accounts of Jim B Tucker's experiences with a number of extraordinary children with memories of past lives and expands on the international work started by Tucker's University of Virginia colleague Ian Stevenson Tucker's work has been lauded by the likes of parapsychologist Carol Bowman and Deepak Chopra and has been described by some as quantum physics His goal in each case of a child reporting memories of previous lives is to determine what happened what the child has said how the parents have reacted whether the child's statements match the life of a particular deceased person and whether the child could have learned such information through normal means Tucker has found case studies that provide persuasive evidence that some children do in fact possess memories of previous lives Thought provoking and captivating the stories in *Before* urge readers skeptics and supporters alike to think about life death and reincarnation and to reflect about their own consciousness and spirituality

Old and New World Highland Bagpiping John Graham Gibson, 2002 *Old and New World Highland Bagpiping* provides a comprehensive biographical and genealogical account of pipers and piping in highland Scotland and Gaelic Cape Breton The work is the result of over thirty years of oral fieldwork among the last Gaels in Cape Breton for whom piping fitted unself consciously into community life as well as an exhaustive synthesis of Scottish archival and secondary sources Reflecting the

invaluable memories of now deceased new world Gaelic lore bearers John Gibson shows that traditional community piping in both the old and new world G ihealtachlan was and for a long time remained the same exposing the distortions introduced by the tendency to interpret the written record from the perspective of modern post eighteenth century bagpiping Following up the argument in his previous book Traditional Gaelic Bagpiping 1745 1945 Gibson traces the shift from tradition to modernism in the old world through detailed genealogies focusing on how the social function of the Scottish piper changed and step dance piping progressively disappeared Old and New World Highland Bagpiping will stir controversy and debate in the piping world while providing reminders of the value of oral history and the importance of describing cultural phenomena with great care and detail

[Grey Aliens and the Harvesting of Souls](#) Nigel Kerner,2010-01-19 Exposes the agenda behind the bio robotic grey aliens genetic manipulation of certain human races Reveals the Grey s nature as sophisticated self aware machines created by a long vanished extraterrestrial civilization Explains how their quest to capture human souls appears in the historical record from biblical times Explains how the phenomenon of racism is a by product of their genetic tampering In 1997 Nigel Kerner first introduced the notion of aliens known as Greys coming to Earth explaining that Greys are sophisticated biological robots created by an extraterrestrial civilization they have long since outlived In this new book Kerner reveals that the Greys are seeking to master death by obtaining something humans possess that they do not souls Through the manipulation of human DNA these aliens hope to create their own souls and thereby escape the entropic grip of the material universe in favor of the timeless realm of spirit Kerner explains that genetic manipulation by the Greys has occurred since biblical times and has led to numerous negative qualities that plague humanity such as violence greed and maliciousness Racism he contends was developed by the aliens to prevent their genetic experiments from being compromised by breeding with others outside their influence Examining historical records Kerner shows that Jesus who represented an uncorrupted genetic line warned his disciples about the threat posed by these alien interlopers while Hitler a pure product of this alien intelligence waged genocide in an attempt to rid Earth of all those untouched by this genetic tampering Despite the powerful grip the Greys have on humanity Kerner says that all hope is not lost Greys exist wholly in the material world so if we follow the spiritual laws of reincarnation and karma aiming for enlightenment and rising above the material a state the Greys are unable to reach we can free ourselves from their grasp
