Family Life In The Second World War:

Family Life in the Second World War Nigel Smith, 1994 Saying goodbye Life goes on The Blitz Women at war Children at war Working for victory *Family Life in 20th-Century America* Marilyn Coleman Ph.D., Lawrence H. Ganong, Kelly Warzinik, 2007-04-30 No other century promoted such rapid change in American families than the twentieth century did Through most of the first half of the century families were two parent plus children units but by the 1980s and 1990s divorce was common in half of the homes and many families were single parent or included step parents step siblings and half siblings The major changes in opinions and even some laws on race gender and sexuality during the 1960s and 1970s brought change to families as well Some families were headed by gay parents lived in communes or other non traditional homes were of mixed race or had adopted children Family life had changed dramatically in less than 50 years The change in the core make up of what was considered a family ushered in new celebrations and holidays ways of cooking eating and entertainment and even daily activities In this detailed look at family life in America Coleman Ganong and Warzinick discuss home and work family ceremonies and celebrations parenting and children divorce and single parent homes gay and lesbian families as well as cooking and meals urban vs suburban homes and ethnic and minority families Reference resources include a timeline sources for further reading photographs and an index Volumes in the Family Life in America series focus on the day to day lives and roles of families throughout history The roles of all family members are defined and information on daily family life the role of the family in society and the ever changing definition of the term family are discussed Discussion of the nuclear family single parent homes foster and adoptive families stepfamilies and gay and lesbian families are included where appropriate Topics such as meal planning homes entertainment and celebrations are discussed along with larger social issues that originate in the home like domestic violence child abuse and neglect and divorce Ideal for students and general readers alike books in this series bring the history of everyday people to life [Family Life and Family Policies in Europe](#) Franz-Xaver Kaufmann, 2002 This volume is a comparative study of family change in Europe and its dependency on social policy regimes The authors explore family discourse family law single parents gender relations the new fathers divorce and abortion within the framework of national policies vis a vis the family Conventional wisdom assumes that policy decisions affecting the life situation of a population shape different opportunities for private living particularly in relation to children and the family But the authors argue it would be too simplistic to assume a direct causal link between welfare policies for the family and developments in the family sector Family change is in fact mediated by institutional factors as well as by cultural traditions and political intervention The chapters in this volume deal with the substantial and methodological problems of ascertaining the impact of different national policy regimes on family change *The Family in Modern Germany* Lisa Pine, 2020-04-16 This cutting edge edited collection examines the impact of political and social change upon the modern German family By analysing different family structures gender roles social class aspects and children s socialization The

Family in Modern Germany provides a comprehensive and well balanced overview of how different political systems have shaped modern conceptualizations of the family from the bourgeois family ideal right up to recent trends like cohabitation and same sex couples Beginning with an overview of the 19th century family each chapter goes on to examine changes in family type size and structure across the different decades of the 20th century with a focus on the relationship between the family and the state as well as the impact of family policies and laws on the German family Lisa Pine and her expert team of contributors draw on a wealth of primary sources including legal documents diaries letters and interviews and the most up to date secondary literature to shed new light on the continuities and changes in the history of the family in modern and contemporary Germany This book is a fantastic resource for scholars postgraduates and advanced undergraduates studying modern German history sociology and social policy Family Life in Adolescence Patricia Noller, Sharon Atkin, 2014-01-01 Many parents fear the time when their beautiful happy children will become unmanageable adolescents continually engaging in risky or destructive behaviour Unfortunately this view of adolescents is the focus of the media even though it relates to just a small proportion of young people As the large amount of research we report shows most adolescents are responsible young people who care about their families and crave the support of their parents It is also true however as much research indicates that the quality of the relationship parents have with their adolescents is crucial to the wellbeing of those young people We discuss the need for parents to set reasonable limits on their adolescents and to expect appropriate behavior We also show on the basis of research that children who have experienced positive caring relationships with their parents are more likely than other adolescents to behave responsibly In other words behavior in adolescence does not come out of nowhere but builds on earlier experiences in the family Because of the large amount of research reported in this volume we expect that it will be useful to practitioners from a range of professions that are likely to focus on adolescents social workers youth leaders welfare workers religious leaders psychologists and psychiatrists and contribute to a better understanding of young people and their development and the importance of families to that development **Sociology of Family Life** David Cheal, 2020-06-03 This lucid and accessible introductory text from a highly regarded author provides students who are encountering the sociology of the family for the first time with a systematic and stimulating way of thinking about the subject based on a core set of analytical questions Coherent and persuasive it blends theory with empirical examples drawn from all over the world thus offering valuable insights into the differences and commonalities between families in quite diverse social and cultural contexts *Understanding Muslim Family Life* Joanne Britton, 2024-03-27 This book offers an innovative perspective on Muslim family life in British society Drawing on recent debates the book considers how theories of family have overlooked Muslim families and offers a comprehensive framework to address this oversight Informed by decolonizing approaches the book sheds light on the impact of narrow and stigmatizing perspectives that shape our understanding of Muslim families The author pays close attention to the increasing diversity of family forms and to the role of gender and

generation whilst also considering race ethnicity and class In doing so she demonstrates how a better understanding of Muslim family life can inform policies to address inequalities and advocates for placing Muslim families at the heart of policy solutions

Lesbian Intimacies and Family Life Rebecca Jennings, 2023-11-16 Focusing on patterns of intimacy this book traces the historical roots of parenting practices and familial patterns constructed by lesbians and same sex attracted women living in Britain and Australia between 1945 and 2000 It foregrounds women s unique lived experiences as they expressed desire fell in love and created families against the backdrop of changing cultural legal and medical attitudes to female same sex desire in the late 20th century Including almost 100 original oral history interviews conducted by the author Lesbian Intimacies and Family Life reveals the subjective histories of lesbian intimacy during the period both highlighting the huge variety in women s experiences and tracing shifting patterns of relationship and family formation Combined with analysis of representations of lesbian intimacy in literature press articles medical texts and archival material the book demonstrates the ways in which changing political and cultural concepts of sexuality impacted on individual and collective attitudes With a unique transnational perspective Jennings uncovers how feminist and lesbian networks between Britain and Australia promoted knowledge sharing and helped foster change in the familial practices of each country such as through the adoption of reproductive technologies and alternate routes into motherhood Through considering the rise of divorce and challenges to traditional marriage practices in the period this book highlights how lesbian relationships provided alternative models of interpersonal relations impacting on broader patterns of sexuality and helping redefine notions of the family in the modern era

Inspiring A More Equitable Society And Improving Family Life Douglas B. Schaper, 2023-10-16 All of Us confront too many challenges How can We best meet them all With three poems including The Woman I Love about the relationship between men and women in all societies Is This the Best We Can Do about All of Us and the World We make for Our children and another untitled this book delves into the World Humans mostly under the aegis of maledom and its imperatives have created for Ourselves over the last ten thousand years It does so with a distinctive style of writing that mimics the way we speak with one another It also submits for consideration innumerable solutions for those challenges We all face together including one for taxes where the first 50 000 of income for individuals is not taxed and for businesses the first 100 000 of income is not taxed Ukraine Gaza Iran North Korea China and many more and almost all other domestic and foreign policies are explored many from the author s personal experiences from food to climate regulation to healthcare education to development and infrastructure to environment

Miriam's Family Life Molly Cutpurse, 2012-09-05 It is the summer of 1945 and Miriam and her extended family are weary but disciplined by war and accustomed to austerity Throughout this period she deals with more deaths ill health moving house rationing and accidents all the while guiding her loved ones through the deprivation and destitution that is the East End of London Yet there are births a new relationship for her and marriages Conscription and the introduction of the National Health arrive at the end in 1948 As with Miriam s War

and A Year in Holloway she copes daily struggling with a situation that is unique and difficult Her pathos determination humour and love are all she has *Changing Patterns of European Family Life* Katja Boh,Maren Bak,Cristine Clason,Maja Pankratova,Jens Qvortrup,Giovanni B. Sgritta,Kari Waerness,2023-08-09 Originally published in 1989 this cross national study investigates the role and pattern of family life in fourteen countries in contemporary Europe Providing a wealth of information on European families it is a key source for anyone wishing to understand the changes in the family at that time The contributors argue that far from withering away the family remained a very important social unit which continued to have considerable influence on other social institutions such as the state and the labour market The central theme is the interrelation between changes in production and working life on one hand and changes in family life and reproduction on the other The contributors focus on the pressures and contradictions produced by the division of functions between family and work and on problems which have arisen as a consequence of the sometimes incompatible and even conflicting demands of the two institutions They show that the evolution of the nuclear family model in Europe had led to a great diversity of family patterns and conclude that the family in modern European societies still had a contribution to make which no other institution could provide **Family Life in Transition** Johanna Hiitola,Kati Turtiainen,Sabine Gruber,Marja Tiilikainen,2020-01-29 This volume examines the ways in which bordering practices influence the everyday lives of racialized parents in the changing welfare states of Finland Denmark Norway and Sweden Focusing on the need to negotiate adjust and reconcile family life parenthood and parenting practices in the face of national material ideological cultural religious and moral borders it considers the manner in which these processes are complicated by recent changes in the legitimation of Nordic welfare states The case studies centre on migrant refugee and asylum seeker parents as well as parents of the indigenous Sami communities The book considers the ways in which the welfare state and its services construct borders of respectable parenthood and examines the efforts on the part of racialized parents to negotiate such borders and organize their transnational everyday lives Uncovering possibilities and obstacles that exist for families seeking to enact citizenship in the Nordic welfare states *Family Life in Transition* will appeal to social scientists with interests in the sociology of the family children parenting and the welfare state **Family Life in an Age of Migration and Mobility** Majella Kilkey,Ewa Palenga-Möllenbeck,2016-09-16 In an age of migration and mobility many aspects of contemporary family life from biological reproduction to marriage from child rearing to care of the elderly take place against a backdrop of intensified movement across a range of spatial scales from the global to the local This insightful book analyzes the opportunities and challenges this poses for families and for academic empirical and policy understandings of the family on a global level including case studies from Europe India the Philippines South Korea the United States and Australia With chapters on international reproductive tourism transnational parenting mail order brides and sunset migration it examines the implications of migration and mobility for families at different stages of the life course Moreover it brings together leading international
