Houwen, 2017-07-13 In Film and Video Intermediality Janna Houwen innovatively rewrites the concept of medium specificity in order to answer the questions what is meant by video and what is meant by film How are these two media to be understood How can film and video be defined as distinct specific media In this era of mixed moving media it is vital to ask these questions precisely and especially on the media of video and film Mapping the specificity of film and video is indispensable in analyzing and understanding the many contemporary intermedial objects in which film and video are mixed or combined

The Worlds of Back to the Future Sorcha Ní Fhlainn, 2014-01-10 A critical examination of the cultural cinematic and historical contexts of the Back to the Future trilogy this book provides a multi focal representation of the trilogy from several interdisciplinary fields including philosophy literature music pop culture and media and gender studies Topics include sexual symbolism in the trilogy and the oedipal plotting of the first film nostalgia and the suburban dream in the cultural climate of the 1980s generic play and performance throughout the trilogy the emotional and narrative force

provided by the films renowned musical scores the trilogy's post modern references and allusions to the Western genre female representations across the trilogy and the Lacanian philosophical constructs in the characterizations of Doc Brown and George and Marty McFly

The Best Old Movies for Families Ty Burr, 2008-12-10 If a child can watch Barney can't that same child also enjoy watching Charlie Chaplin or the Marx Brothers And as they get older wouldn't they grow to like screwball comedies His Girl Friday women's weepies Imitation of Life and westerns The Searchers The answer is that they'll follow because they'll have learned that old does not necessarily mean next channel please Here is an impassioned and eminently readable guide that introduces the delights of the golden age of movies Ty Burr has come up with a winning prescription for children brought up on Hollywood junk food

FOR THE LITTLE ONES Ages 3-6 Fast paced movies that are simple without being unsophisticated plainspoken without being dumbed down Singin' in the Rain and Bringing Up Baby are perfect

FOR THE ONES IN BETWEEN Ages 7-12 Killer stories placing easily grasped characters in situations that start simply and then throw curveballs The African Queen and Some Like It Hot do the job well

FOR THE OLDER ONES Ages 13 Burr recommends relating old movies to teens contemporary favorites without Hitchcock there could be no The Texas Chainsaw Massacre without Brando no Johnny Depp

The Encyclopedia of Contemporary Spanish Films Salvador Jiménez Murguía, Alex Pinar, 2018-05-18 Under the Franco regime 1939-1976 films produced in Spain were of poor quality promoted the regime's agenda or were heavily censored After the dictator's death the Spanish film industry transitioned into a new era one in which artists were able to more freely express themselves and tackle subjects that had been previously stifled Today films produced in Spain are among the most highly regarded in world cinema The Encyclopedia of Contemporary Spanish Films features nearly 300 entries on the written by a host of international scholars and film critics Beginning with movies released after Franco's death this volume documents four decades of films directors actresses and actors of Spanish cinema Offering a comprehensive survey of films the entries address such topics as art culture society and politics Each includes comprehensive production details and provides brief suggestions for further reading Through its examination of the films of the post Franco period this volume offers readers valuable insights into Spanish history politics and culture An indispensable guide to one of the great world cinemas The Encyclopedia of Contemporary Spanish Films will be of interest to students academics and the general public alike

Steven Spielberg's Children Linda Ruth Williams, 2025-08-12 Why has Steven Spielberg's work been so often identified with childhood and children How does the director elicit such complex performances from his young actors Steven Spielberg's Children is the first book to investigate children childhood and Spielberg's employment of child actors together and in depth Through a series of lively readings of both the celebrated performances he elicits from his young stars in films such as E.T. The Extra Terrestrial A.I. Artificial Intelligence and Empire of the Sun as well as less discussed roles in films such as War of the Worlds The BFG and Jurassic Park this book shows children to be key players in the director's articulation of childhood since the 1970s Steven Spielberg's

Children presents children and childhood in some surprising ways not only analyzing boyhood and girlhood according to Spielberg but considering children as alien adult children who refuse to grow up and children who aren't even human It discusses the way in which children have served to cast Spielberg as a sentimentalist but also how they are more frequently framed as complex cruel and canny The child might be dangled as bait in an exploitation horror scenario Jaws might become the image of universal higher beings Close Encounters of the Third Kind or might be a young cultural creator like the director was himself The Fabelmans born with a camera glued to his eye The child on both sides of the camera is a resonant image signifying all that adult culture wants it to be yet resisting this through authorship of their own stories The book also looks at Spielberg's young actors in the long history of child stars in theater and cinema and how Spielberg's children have fared as performers and celebrities
