Grudin, 2017-10-20 This book explores Andy Warhol s creative engagement with social class During the 1960s as neoliberalism perpetuated the idea that fixed classes were a mirage and status an individual achievement Warhol s work appropriated images techniques and technologies that have long been described as generically American or middle class Drawing on archival and theoretical research into Warhol's contemporary cultural milieu Grudin demonstrates that these features of Warhol's work were in fact closely associated with the American working class The emergent technologies Warhol conspicuously employed to make his work home projectors tape recorders film and still cameras were advertised directly to the working class as new opportunities for cultural participation What s more some of Warhol's most iconic subjects Campbell's soup Brillo pads Coca Cola were similarly targeted since working class Americans under threat from a variety of directions were thought to desire the security and confidence offered by national brands Having propelled himself from an impoverished childhood in Pittsburgh to the heights of Madison Avenue Warhol knew both sides of this equation the intense appeal that popular culture held for working class audiences and the ways in which the advertising industry hoped to harness this appeal in the face of growing middle class skepticism regarding manipulative marketing Warhol was fascinated by these promises of egalitarian individualism and mobility which could be profound and deceptive generative and paralyzing charged with strange forms of desire By tracing its intersections with

various forms of popular culture including film music and television Grudin shows us how Warhol s work disseminated these promises while also providing a record of their intricate tensions and transformations The Films of Paul Morrissev Maurice Yacowar, 1993-05-28 The Films of Paul Morrissey is the first appraisal of one of the major figures of American independent cinema An innovator in the narrative cinema that emerged from Andy Warhol's Factory Morrissey as established in this study was also the force who shaped the most important films that have heretofore been attributed to Warhol The director's experiments in the use of non professional actors controversial subject matter and language are demonstrated through analysis of his most accomplished achievements including Mixed Blood 40 Deuce and Spike of Bensonhurst The Films of Paul Morrissey furthermore reveals the director's challenge to the moral social and political values of contemporary Concerning Consequences Kristine Stiles, 2016-03-21 Kristine Stiles has played a vital role in establishing liberalism trauma studies within the humanities A formidable force in the art world Stiles examines the significance of traumatic experiences both in the individual lives and works of artists and in contemporary international cultures since World War II In Concerning Consequences she considers some of the most notorious art of the second half of the twentieth century by artists who use their bodies to address destruction and violence The essays in this book focus primarily on performance art and photography From war and environmental pollution to racism and sexual assault Stiles analyzes the consequences of trauma as seen in the works of artists like Marina Abramovic Pope L and Chris Burden Assembling rich intellectual explorations on everything from Paleolithic paintings to the Bible's patriarchal legacies to documentary images of nuclear explosions Concerning Consequences explores how art can provide a distinctive means of understanding trauma and promote individual and collective healing Blue Gene Baby Fiona Dunbar, 2011-01-20 The Silk sisters are back rescued from their evil uncle by the impossibly glamorous fashionista Nolita Newbuck But could it be that the devil really DOES wear Prada The sisters must continue the dangerous search for their mysteriously missing parents but nothing is ever quite as it seems You Are Beautiful and You Are Alone Jennifer Otter Bickerdike, 2021-08-10 A new definitive biography of the iconic and mysterious singer Warhol superstar Velvet Underground collaborator influential solo artist Nico YOU ARE BEAUTIFUL AND YOU ARE ALONE is a new biography of Nico the mysterious singer best known for her work with the Velvet Underground and her solo album Chelsea Girl Her life is tangled in myth much of it of her own invention Rock and roll cultural historian Jennifer Bickerdike delivers a definitive book that unravels the story while making a convincing case for Nico's enduring importance Over the course of her career Nico was an ever evolving myth art film house actress highly coveted fashion model Dietrich of Punk Femme Fatale Chelsea Girl Garbo of Goth The Last Bohemian Heroin Junkie Lester Bangs described her as a true enigma At age 27 Nico became Andy Warhol's newest Superstar featuring in his one commercial break out hit film Chelsea Girls and garnering the position of chanteuse for the Velvet Underground It wasn t Nico's musical chops which got her the gig it was her striking beauty Her seeming otherworldly and unattainable presence was further amplified by her reputation

for dating rock stars Brian Jones Bob Dylan Jim Morrison among others She became famous for being Nico Yet Nico s talent and her contribution to rock culture are often overlooked She spent most of her career as a solo artist on the road determined to make music seemingly against all the odds enduring empty concert halls abusive fans and the often perilous reality of being an ageing artist and drug addict She created mesmerizing and unique projects that inspired a generation of artists including Henry Rollins Morrissey Siousxie Sioux and the Banshees and Iggy Pop Drawing on the archives at the Andy Warhol Museum and at Nico's record labels various private collections and rarely seen footage and featuring exclusive new interviews from those who knew her best including Iggy Pop and Danny Fields and those inspired by her legacy YOU ARE BEAUTIFUL AND YOU ARE ALONE reveals the complicated often compromised self destructive and always head strong woman behind the one dimensional myths Andy Warhol's Mother Elaine Rusinko, 2024-11-19 While biographers of Andy Warhol have long recognized his mother as a significant influence on his life and art Julia Warhola's story has not yet been told As an American immigrant who was born in a small Carpatho Rusyn village in Austria Hungary in 1891 Julia never had the opportunity to develop her own considerable artistic talents Instead she worked and sacrificed so her son could follow his dreams helping to shape Andy s art and persona Julia famously followed him to New York City and lived with him there for almost twenty years where she remained engaged in his personal and artistic life She was well known as Andy Warhol s mother even developing a distinctive signature with the title that she used on her own drawings Exploring previously unpublished material including Rusyn language correspondence and videos Andy Warhol s Mother provides the first in depth look at Julia s hardscrabble life her creative imagination and her spirited personality Elaine Rusinko follows Julia s life from the folkways of the Old Country to the smog of industrial Pittsburgh and the tumult of avant garde New York Rusinko explores the impact of Julia s Carpatho Rusyn culture Byzantine Catholic faith and traditional worldview on her ultra modern son the guintessential American artist This close examination of the Warhola family s lifeworld allows a more acute perception of both Andy and Julia while also illuminating the broader social and cultural issues that confronted and conditioned them Who is Andy Warhol? Elliott Goldwyn, 2005-09 War is hell and never has it been more hellish than in this moving collection of poetry by Viet Nam War veteran Jim Soular Few today can deny that the war was a horrific tragedy resulting in the deaths of 60 000 Americans and millions of Vietnamese Laotians and Cambodians The first section In Country assaults the reader with all the charm of a meat grinder as the poet serves up image after violent image of the indiscriminate carnage of war and the gruesomeness of death in the triple canopy jungles of Viet Nam The second section Back in the World returns us to the States but not necessarily to sanity as Soular wades through the psychological aftereffects of the war for both the veterans and their families With vivid and carefully chosen imagery this section portrays the mind numbing consequences of exposure to war its accompanying PTSD and the tremendous guilt sorrow and despair that many veterans and their families live with to this day These poems are a raw new look at war vignettes of horror guilt and sorrow in what many consider America's longest and most brutal conflict as well as its most *The Trip* Deborah Davis, 2016-08-30 From the author of Strapless and Guest of Honor a book divisive since the Civil War
