An illustration at the bottom of the book cover depicts a man and a woman in a cemetery. The woman, on the left, is wearing a dark blue or black dress and a matching headscarf. She is looking towards the man. The man, on the right, is wearing a dark red or maroon suit and is leaning forward, looking down at something in his hands. They are surrounded by tombstones and flowers. The background of the illustration is a light, textured grey.

Miller, 2006 Laugh in the face of death That's what this bold brash and often irreverent collection of epitaphs encourages readers to do It offers more than just the deceased's name and dates of birth and death plus a touching phrase in memorial Instead every fascinating quote presents an unexpectedly cheeky perspective on the tragic like this one from Uniontown New Jersey Here lies the body of Jonathan Blake stepped on the gas pedal instead of the brake Some come from the gravestones of the famous Bette Davis's proudly notes that she did it the hard way Each thought provoking line makes an indelible contribution to our folklore

*Last Words* Karl S. Guthke, 1992-10-30 Whether Goethe actually cried More light on his deathbed or whether Conrad Hilton checked out of this world after uttering Leave the shower curtain on the inside of the tub last words regardless of authenticity have long captured the imagination of Western society In this playfully serious investigation based on factual accounts anecdotes literary works and films Karl Guthke explores the cultural importance of those words spoken at the border between this world and the next The exit lines of both famous and ordinary people embody for us a sense of drama and truthfulness and reveal much about our thoughts on living and dying Why this interest in last words Presenting statements from such figures as Socrates Nathan Hale Marie Antoinette and Oscar Wilde I am dying as I have lived beyond my means Guthke examines our fascination in terms of our need for closure our desire for immortality and our attraction to the mystique of death scenes The author considers both authentic and invented final statements as he looks at the formation of symbols and legends and their function in our culture Last words handed down from generation to generation like cultural heirlooms have a good chance of surviving in our collective memory They are shown to epitomize a life convey a sense of irony or play to an audience as in the case of the assassinated Mexican revolutionary Pancho Villa who is said to have died imploring journalists Don't let it end like this Tell them I said something Originally published in 1992 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Waiting to Die** Kenneth Ring, 2019-04-01 During his many years researching the near death experience NDE Dr Kenneth Ring was concerned with answering the question What is it like to die In this book of fifteen sparkling and delightfully witty essays his question becomes more personal What is it like waiting to die More specifically

what is it like for an octogenarian who has spent half his life studying and writing about NDEs to face his own mortality Laced with humor these essays are not morbid or morose but highly entertaining and edifying They are not just full of an old man s droll complaints about his wayward bodily decay but also contain serious reflections on life and insights from his work on death and a possible afterlife In addition Ring reflects on what other literary figures have written about death and he delves into subjects like psychedelics and their possible use with the dying All his essays trace his sometimes surprising and occasionally antic journey along the road whose terminus is certain but unknown They let the reader glimpse into what it has been like for one elderly but still lively man waiting to die who has so far failed to reach his goal though he is convinced he will get there in the end *Famous Last Words and Tombstone Humor* Gyles Daubeney Brandreth,1989 Some people can t resist going out with a bang Caesar s parting words Et tu Brute are well known but what about a murderer s last request as he faced the firing squad a bullet proof vest
