Heaven In Your Heart:

The Seon Way for a Purposeful Life Suroso Mun,2012-01-06 Discover what you truly want If you establish your will firmly all creations of the Universe wrap supporting energy around you Therefore you will gain power If you don't gain power that is because your goal is not clear Evolution basically means knowing It is to know about yourself about God about nature as well as about birth aging illness death Once you realize these once you know the direction which the Universe is headed for you will then evolve Why did the Creator make human beings to be imperfect Why did He make human beings like this and have them feel pain grief and sorrow How did He make human beings and how much did He involve Himself The purpose of the Universe's creation is evolution and the Earth is the planet which was created as a training center The purpose of human beings born on this planet is only evolution through experience Likewise if you can become well aware that the Earth is a school and that people are born to learn lessons you will be pleased by all the affairs happening to you because they are teaching materials that make you profound by presenting you with experiences The Words of Jesus Phyllis

Tickle,2019-03-05 What if you could encounter the words of Jesus on their own lifted up from the surrounding narratives and presented in their full power and mystery That's the question Phyllis Tickle one of America's most beloved writers on Christian spirituality asked when she set out to write what she calls a sayings gospel In The Words of Jesus Tickle has compiled and arranged all the sayings of Jesus from the first four books of the New Testament and the first chapter of Acts in a way that creates an entirely new kind of encounter with the texts And she accompanies those sayings with her own personal reflections and commentaries not just on the words themselves but on the One who spoke them **Various**
