Hindutva's cultural entrenchment The first section gathers cases where RSS affiliated organisations have set up specific cultural or artistic programmes at the regional level involving the meditation of local people whose interest in these programmes does not necessarily mean that they endorse the Hindutva agenda completely The next deals with convergence and refers to cases where the followers gather around a charismatic personality whose precepts and practice may bring them towards a closer affinity with the Hindutva programme The last section deals with the contexts of resistance where social milieus engaged in opposing Hindutva may in fact paradoxically and even inadvertently imbibe some of its ideas and practices in order to contest its claims
