Representing a broad range of ethnic diversity these in depth profiles present fascinating accounts of lives and careers the circumstances under which works were produced and their literary significance Each profile also includes critical evaluation a list of the author s principal works with date first published a list of major critical works and a portrait or photograph where available      **Heavenly Diaries** Lorraine Holloway-White,2018-05-14 Heavenly Diaries is a compilation of three books that have also been published separately and independent of each other Through these pages you ll see what it s really like to be touched by Heaven and chosen to do the work of God Join Lorraine in her personal trials filled with suffering sadness and self doubt as she also tries to teach others about the true path to God In obedience to God and heaven she is sharing publicly what has happened to her in recent years These three books are filled with visions revelations and predictions plus her most private thoughts and struggles during the years these words were documented      **Sons Of Heaven** Terrence Cheng,2007-05-21 Sons of Heaven is an epic novel set against the backdrop of one of modern history s most haunting events the Tiananmen Square Massacre In June 1989 the world watched in horror as China s military was mobilized to suppress a student movement that stood for peaceful democracy Hundreds were killed others say thousands No one knows for sure But the image that remains most powerful is that of a lone young man looking confused yet terribly brave as he held his ground before a rolling line of tanks Who was he and why did he do what he did No one has ever been able to determine his identity or fate Within the pages of Sons of Heaven in a stunning blend of history and fiction Terrence Cheng has vividly created a life for this young hero and given him a voice Cheng imagines the young man s life as he goes away to America to complete his education He falls in love with a beautiful young American girl who opens up to him a free life filled with opportunity When he returns to China he is embittered and disillusioned only the potential for political change seems to revive him Also unraveled is the story of the young man s older brother an ardent member of the Red Army who is ordered to capture his little brother In the end their political differences turn deadly On one level this is a novel of history as played out in modern China but first and foremost it is about the universal ties of family and the difficult process of boys learning to become men Also under scrutiny is the life and history of Deng Xiaoping China s leader who is suspected of giving the final orders to turn

the People's Army against its own people What historical and political factors affected his decisions that fateful summer Was Deng the monster that the world made him out to be A revolving narrative of family faith and courage Sons of Heaven braids the lives of peasants and soldiers politicians and gods It is a powerful novel of one of the most memorable and moving moments of our time Praise for SONS OF HEAVEN This remarkably structured and textured debut epic seeks to attach a face to the mysterious man who by stepping in front of the rolling army tanks became the most recognizable symbol of the massacres Cheng succeeds in his endeavor a multifaceted and sophisticated portrait of the Chinese people is rendered This is a rare find This is not the first novel to center around Tiananmen but it may be the best Publishers Weekly starred review A superb first novel Sons of Heaven succeeds because its focus is relentlessly personal and moral San Francisco Chronicle Filled with carefully measured doses of history romance and adventure Stylistically and thematically daring Miami Herald Terrence Cheng enters history in such a profound and provocative way his retelling of the events in and around Tiananmen Square is subversive lyrical and full of control Cheng is a painter and a cinematographer and a wordsmith all at once Colum McCann author of Dancer T his brave insightful and gifted writer seeks to compassionately understand these fictional and actual but fictionalized characters backgrounds motivations and uncertainties to help readers grasp the moment from divergent perspectives Eugene Weekly Compelling powerful a first class thriller set on the stage of world history that is hard to put down Pittsburgh Post Gazette Cinematic powerful Atlanta Journal Constitution Who cannot think of those days in June 1989 without recalling the image of an unknown protester facing off against a tank thanks to Terrence Cheng's Sons of Heaven we shall have an enduring reminder Denver Post An irresistible peek into the human face of modern China USA Today The writing here is terse and often beautiful this clash between pole      *Shaping the Lotus Sutra* Eugene Yuejin Wang, 2005 The Lotus Sutra has been the most widely read and most revered Buddhist scripture in East Asia since its translation in the third century The miracles and parables in the king of sutras inspired a variety of images in China in particular the sweeping compositions known as transformation tableaux that developed between the seventh and ninth centuries Surviving examples in murals painted on cave walls or carved in relief on Buddhist monuments depict celestial journeys bodily metamorphoses cycles of rebirth and the achievement of nirvana Yet the cosmos revealed in these tableaux is strikingly different from that found in the text of the sutra Shaping the Lotus Sutra explores this visual world Challenging long held assumptions about Buddhist art Eugene Wang treats it as a window to an animated and spirited world Rather than focus on individual murals as isolated compositions Wang views the entire body of pictures adorning a cave shrine or a pagoda as a visual mapping of an imaginary topography that encompasses different temporal and spatial domains He demonstrates that the text of the Lotus Sutra does not fully explain the pictures and that a picture or a series of them constitutes its own text In exploring how religious pictures sublimate cultural aspirations he shows that they can serve both political and religious agendas and that different social forces can co exist within the same visual program These pictures

inspired meditative journeys through sophisticated formal devices such as mirroring mapping and spatial programming analytical categories newly identified by Wang The book examines murals in cave shrines at Binglingsi and Dunhuang in northwestern China and relief sculptures in the grottoes of Yungang in Shanxi on stelae from Sichuan and on the Dragon and Tiger pagoda in Shandong among other sites By tracing formal impulses in medieval Chinese picture making such as topographic mapping and pictorial illusionism the author pieces together a wide range of visual evidence and textual sources to reconstruct the medieval Chinese cognitive style and mental world The book is ultimately a history of the Chinese imagination Read an interview with the author <http://dgeneratefilms.com/cinemataalk/cinemataalk-interview-with-professor-eugene-wang-on-chinese-art-and-film> **The Oxford Encyclopedia of the Books of the Bible** Michael D.
