Vedic Cuisine Dr Scott Peterson,Vedic Cooking & Cuisine,1997-04-01 The ancient art of Vedic cooking is one of the main treatment arms of Ayur veda on the level of prevention Maharishi Vedic Approach to Health Care programs present Ayurveda in its complete purity and effectiveness This system of health care and medicine comes from the Vedic Tradition a timeless universal knowledge of natural law in India The goal of Maharishi Vedic Approach to Health Care is to help the body and mind evolve to a higher state of consciousness creating the basic foundation to enjoying perfect health Maharishi Vedic Approach to Health Care teaches that each person is unique in his or her nutritional needs based upon specific imbalances and seasons of the year The system or knowledge is simple Only the reasons for specific individual imbalances vary due to the fact that everyone is different The knowledge of Maharishi Vedic Approach to Health programs takes these individual differences into account But more importantly it takes into account the most fundamental level of life that is at the bases of

each individual by giving practical knowledge and experience of the Universal Atma the Self within Thus raising one to the level of perfection and ideal health to enjoy the full dignity of life This is Vedic knowledge when the Universality and the multiple diversity of the individual life are both taken into account The path to perfect health for any one individual is the same but also highly specific and personalized as well Vedic Cuisine A Gourmet Guide for Bliss Consciousness is a lacto vegetarian cookbook written by Scott Peterson He has been a Gourmet Vegetarian cook for 30 years and has delighted meditation communities all around the world with his skills in the kitchen He has learned the art of cooking according to Maharishi Vedic Science programs in India and around the world He is also a teacher of the Transcendental Meditation program as taught by his Holiness Maharishi Mahesh Yogi Scott said The reason for writing this cookbook is to bridge the knowledge of cooking and diet with Self awareness and the evolution of bliss consciousness He also feels that Cooking is a Divine art and science A gifted cook can bring a balancing unifying influence to any meal creating many layers of bliss in every dish By combining the different ingredients flavors herbs and spices along with his or her blissful attention the light of natural law becomes lively in every bit with a taste that inspires the Divine within all of us There are over 350 gourmet vegetarian dishes in two basic sections after the introduction East Indian and a smorgasbord of our favorite International Cuisine Vedic Cuisine A Gourmet Guide for Bliss Consciousness is for anyone who is health and self improvement minded and loves to cook Vedic cooking is fun and the recipes are easy to follow When you see these recipes you will understand why so many people have been urging Scott to write his recipes down for years William Y McKee MD Bellevue Washington USA
