introduction that reveals both the seriousness and excitement of the Pentateuch *Biblical Religion and Family Values* Jay Newman, 2001-08-30 In this broad philosophical examination of the relationship between religion and the family Jay Newman delves into issues concerning Biblical religion culture sociology and family values He maintains that recent media debates about the Bible and family values have obscured the complex relationship between the family and religion Focusing on how the family values that the Biblical literature imparts might be relevant or irrelevant to family problems and other cultural problems in a modern Western democracy this study contributes to the understanding of basic cultural relations between religion and the family After reflecting on the effects of much Biblical teaching on the family the book proceeds to explore the cultural and existential significance of competition and cooperation between Biblical religion and the family **Tree of Souls** Howard Schwartz, 2006-12-27 Drawing from the Bible the Pseudepigrapha the Talmud and Midrash the kabbalistic literature medieval folklore Hasidic texts and oral lore collected in the modern era Schwartz has gathered together nearly 700 of the key Jewish myths For each myth he includes extensive commentary revealing the source of the myth and explaining how it relates to other Jewish myths as well as to world literature from publisher description **The Bible among the Myths** John N. Oswalt, 2009-08-30 Sixty years ago most biblical scholars maintained that Israel's religion was unique that it stood in marked contrast to the faiths of its ancient Near Eastern neighbors Nowadays it is widely argued that Israel's religion mirrors that of other West Semitic societies What accounts for this radical change and what are its implications for our understanding of the Old Testament Dr John N Oswalt says the root of this new attitude lies in Western society's hostility to the idea of revelation which presupposes a reality that transcends the world of the senses asserting the existence of a realm humans cannot control While not advocating a the Bible says it and I believe it and that settles it point of view Oswalt asserts convincingly that while other ancient literatures all see reality in essentially the same terms the Bible differs radically on all the main points The Bible Among the Myths supplies a necessary corrective to those who reject the Old Testament's testimony about a transcendent God who breaks into time and space and reveals himself in and through human activity **Reimagining the Bible** Howard Schwartz, 1998 A collection of essays from Schwartz's previously published work exploring how each successive phase of Jewish literature has drawn upon and reimagined previous ones and arguing that there is a continuity in Jewish Literature which extends from the biblical era to our own times *A Man of High Character* Mitchell White, 2019-11-25 The call of a Christian is to aim for righteousness yet so few of us ask What is right What is the ideal that we ought to aim for Ecclesiastes states there is a time for all things A time to embrace and a time to refrain from embracing a time to love and a time to hate a time for war and a time for peace Yet it is a rare man who will dare to ask When should I love and when should I hate When should I forgive and when should I go to war Most prefer the simplicity of always choosing one but the Christian is committed to pursuing righteousness This book is a fierce dive into the depths of righteousness It is not for those who prefer simplicity and easy living but for those who are willing to bear the

responsibility of righteousness **Forbidden Theology** Miles Augustus Navarr, 2012 Over 75% of the people who live on this planet are followers of one of the three major monotheistic religions They all consider Abraham as the father of their race and religion They all believe in one singular all powerful all knowing benevolent god The Hebrew call him Yahweh the Christians refer to him as Father or Lord and Muslims call him Allah and yet millions and millions of people have been murdered maimed and tortured by the followers of this single entity to prove that their version of this single god is better than the other two versions Sounds ridiculous and yet sadly enough more people have died in the name of religion than any other cause in the history of humanity Each and every one of us at one time or another has asked or thought about such fundamental questions as Is there a God Where did humans come from Why out of millions of species on earth only humans reached this level of sophistication Is there a life after death Is there a purpose to life Why are we here Are the scriptures truly the words of god More importantly is there any way we could find answers to such questions The fact is the answer to most of these questions and many more that we thought unanswerable have been written down on clay tablets by our ancient ancestors who lived in Mesopotamia over 7000 years ago These records are readily available to those who are willing to step outside the dogmatic belief system of the establishment and are prepared mentally and spiritually to tolerate a totally different rendering of the oldest written historical records about mankind s origin purpose and the truth about god our maker The subject matter of this book is an attempt to investigate the circumstances under which Mankind was made and to trace the beginning and development of such concerns as the emergence of the concept of god and the formation of what later became known as religion This is done primarily by relying on our scriptural texts particularly the Old Testament as well as other ancient manuscripts such as Sumerian Akkadian and Babylonian Creation and Genesis epics The first chapter begins by examining the behaviour commands and instructions given by Yahweh to his chosen people These commands and instructions are then evaluated and compared with basic accepted human rights standards practised and observed by almost all communities and societies past and present The question is then asked How could an entity powerful enough to have created the entire universe issue such cruel and sadistic commands against some of his own creations Furthermore Yahweh s behaviour is decidedly pro Hebrew and shows no regards or thought about non Hebrew masses How could the universal god show such bias towards a tiny fraction of his creatures with total disregard for the rest Finally the characteristics and personalities of Yahweh is analysed by scrutinising his behaviour actions and directives as stated in the Old Testament before examining the god of Christianity In investigating the role and characteristics of God in Christianity the first thing that immediately becomes apparent is the absence of a prominent role for God the Father as we had witnessed in Judaism The Christians or more specifically Saint Paul who was the founder and designer of Christianity as we know it today in order to distance his creation from the Hebrews and religion of Yahweh invented a new Godhead and named him Jesus Christ Ancient Greek I sous Born of a virgin with powers to heal the sick give sight to the blind and even raise the dead who was crucified

but resurrected three days later These were all characteristics borrowed from various religions and cults prevalent at the time in the Levant from Mithraism to the cult of Apoll **Black and Slave** David M. Goldenberg, 2017-05-22 Studies of the Curse of Ham the belief that the Bible consigned blacks to everlasting servitude confuse and conflate two separate origins stories etiologies one of black skin and the other of black slavery This work unravels the etiologies and shows how the Curse an etiology of black slavery evolved from an earlier etiology explaining the existence of dark skinned people We see when where why and how an original mythic tale of black origins morphed into a story of the origins of black slavery and how in turn the second then supplanted the first as an explanation for black skin In the process we see how formulations of the Curse changed over time depending on the historical and social contexts reflecting and refashioning the way blackness and blacks were perceived In particular two significant developments are uncovered First a curse of slavery originally said to affect various dark skinned peoples was eventually applied most commonly to black Africans Second blackness originally incidental to the curse in time became part of the curse itself Dark skin now became an intentional marker of servitude the visible sign of the blacks degradation and in the process deprecating black skin itself
