

# The Specifics of Hebrew Poetry

- ◆ The differences between Hebrew poetry and prose are not easy to specify.
- ◆ Bishop Robert Lowth laid the foundation for the systematic study of Hebrew poetry in 1753.
- ◆ Lowth discovered that the central feature of Hebrew poetry is **parallelism**.
- ◆ **Parallelism is the balancing of the thoughts in successive lines of poetry.**
- ◆ In Hebrew poetry the words do not rhyme. Instead the **thoughts rhyme**.

## Hebrew Poetry:

**Classical Hebrew Poetry** Wilfred G. E. Watson, 1984-01-01      *The Forms of Hebrew Poetry* George B. Gray, 2002-05-24  
Gray refined the classifications offered up by Lowth in his *Lectures on the Sacred Poetry of the Hebrews* Gray developed ingenious readings of texts which had been previously seen as corrupt and readable only with major emendations Gray deduced principles of Semitic poetry which allowed these texts to be sensibly read without emendation      Directions in Biblical Hebrew Poetry Elaine R. Follis, 1987-07-01 This collection of original papers reflects the intensity of current interest in the poetry of the OT and amply demonstrates the diversity of rewarding approaches now available Some of these studies are landmarks and all are stimulating for further research      **Hebrew Poetry in the Bible** Lynell Zogbo, Ernst R. Wendland, 2000      *Pottery, Poetry, and Prophecy* David Noel Freedman, 1980 A collection of articles and essays practically all of which were published during the 1970 s      **The Basics of Hebrew Poetry** Samuel T. S. Goh, 2017-10-12 Almost 75 percent of the Old Testament is made up of poetic passages yet for many readers lay Christians even seminary students and pastors biblical poetic passages remain the greatest challenge Being unfamiliar with poetry in general and biblical poetry in particular their reading and preaching are limited to selected poetic passages This in turn limits their understanding of God s word To help readers overcome these problems the first four chapters of this book aim to get them familiarized with the literary techniques of biblical poets To demonstrate how the techniques work to bring across the biblical theological message the last three chapters offer poetic analyses of three passages of different kinds In the process we hope to draw attention to the beauty of the Hebrew poetic art and to the creative skill of biblical poets versification The ultimate aim however is to help readers discover the rich message of the Bible      The Art of Biblical Poetry Robert Alter, 2011-09-06 Three decades ago renowned literary expert Robert Alter radically expanded the horizons of biblical scholarship by recasting the Bible as not only a human creation but a work of literary art deserving studied criticism In *The Art of Biblical Poetry* his companion to the seminal *The Art of Biblical Narrative* Alter takes his analysis beyond narrative craft to investigate the use of Hebrew poetry in the Bible Updated with a new preface myriad revisions and passages from Alter s own critically acclaimed biblical translations *The Art of Biblical Poetry* is an indispensable tool for understanding the Bible and its poetry      **The Penguin Book of Hebrew Verse** T. Carmi, 2006-06-29 This stunning anthology gathers together the riches of poetry in Hebrew from *The Song of Deborah* to contemporary Israeli writings Verse written up to the tenth century show the development of piyut or liturgical poetry and retell episodes from the Bible and exalt the glory of God Medieval works introduce secular ideas in love poems wine songs and rhymed narratives as well as devotional verse for specific religious rituals Themes such as the longing for the homeland run through the ages especially in verse written after the rise of the Zionist movement while poems of the last century marry Biblical references with the horrors of the Holocaust Together these works create a moving portrait of a rich and varied culture through the last 3 000 years      **Interpreting Hebrew Poetry** David L. Petersen, 2009-12-01 Here is

a convenient introduction to the unique aspects of interpreting the one third of the Hebrew Bible that is in poetic form Numerous are the occasions when a failure to distinguish poetry from prose in the Old Testament has resulted in flawed interpretation Robert Lowth's Lectures on the Sacred Poetry of the Hebrews 1753 1787 marked a turning point of major proportions by focusing on the importance of parallelism of lines But new studies of the past decade now require significant adjustments to Lowth's analyses Interpreting Hebrew Poetry offers an authoritative introduction to this discussion of parallelism meter and rhythm and poetic style It also provides by way of example a poetic analysis of Deuteronomy 32 Isaiah 51 7 and Psalm 1

*An Attempt to Delineate the Characteristic Structure of Classical (Biblical) Hebrew Poetry* Donald Broadribb, 1995

**The Dream of the Poem**, 2009-01-10 Hebrew culture experienced a renewal in medieval Spain that produced what is arguably the most powerful body of Jewish poetry written since the Bible Fusing elements of East and West Arabic and Hebrew and the particular and the universal this verse embodies an extraordinary sensuality and intense faith that transcend the limits of language place and time Peter Cole's translations reveal this remarkable poetic world to English readers in all of its richness humor grace gravity and wisdom The Dream of the Poem traces the arc of the entire period presenting some four hundred poems by fifty four poets and including a panoramic historical introduction short biographies of each poet and extensive notes The original Hebrew texts are available on the Princeton University Press Web site By far the most potent and comprehensive gathering of medieval Hebrew poems ever assembled in English Cole's anthology builds on what poet and translator Richard Howard has described as the finest labor of poetic translation that I have seen in many years and an entire revelation a body of lyric and didactic verse so intense so intelligent and so vivid that it appears to identify a whole dimension of historical consciousness previously unavailable to us The Dream of the Poem is Howard says a crowning achievement

**Innovations in Hebrew Poetry** Eric D. Reymond, 2004-01-01 Although scholars point to similarities between Sirach and the book of Proverbs and sometimes characterize Ben Sira's relationship to biblical poetry as one of imitation often unsuccessful imitation this study considers the innovative and unique aspects of Sirach poetry especially its use of parallelism and demonstrates that Ben Sira does not rely exclusively on Proverbs or any other biblical book as a model Innovations in Hebrew Poetry provides detailed readings and philological analysis for the nine poems in the Masada scroll and general observations on many other Sirach and biblical poems complement the analysis Paperback edition is available from the Society of Biblical Literature [www.sbl-site.org](http://www.sbl-site.org)

**Spanish Hebrew Poetry and the Arabic Literary Tradition** Arie Schippers, 1994 This work deals extensively with the Arabic themes and literary devices used by Hebrew Andalusian poets in 11th century Muslim and Christian Spain Special interest is devoted to the four main poets of the Hebrew Golden Age in Spain namely Samuel Ha Nagid Solomon Ibn Gabirol Moses Ibn Ezra and Yehuda Ha Lewi

Classical Hebrew Poetry Wilfred G. E. Watson, 1984-08-01 In spite of debatable issues such as metre we now know enough about classical Hebrew poetry to be able to understand how it was composed This large scale manual rich in detail

exegesis and bibliography provides guidelines for the analysis and appreciation of Hebrew verse Topics include oral poetry metre parallelism and forms of the strophe and stanza Sound patterns and imagery are also discussed A lengthy chapter sets out a whole range of other poetic devices and the book closes with a set of worked examples of Hebrew poetry Throughout other ancient Semitic verse has been used for comparison and the principles of modern literary criticism have been applied

**Word-Order Variation in Biblical Hebrew Poetry** Nicholas P. Lunn, 2006-10-19 This study tackles the neglected subject of word order in biblical Hebrew poetry The fact that the order of clause constituents frequently differs from that found in prose has often been noted but no systematic attempt has been offered by way of explanation Here two separate factors are taken into consideration that of purely poetic variation defamiliarisation and that of pragmatic markedness The former is common to the poetic genre In the latter case there is a discernible significance in the positioning of the words that has implications with respect to the matters of topic and focus Using Lambrecht's theory of information structure and building on the insights of previous studies in biblical Hebrew narrative the present volume shows that marked topic and focus structures in Old Testament poetry are identical to those found in prose and are distinguishable from defamiliarised word order by means of the environment in which the latter is found Here the common phenomenon of parallelism is seen to be an important factor in providing a secondary line in which defamiliarisation may freely occur This work offers a new approach to the poetry of the Old Testament that will be an aid towards more accurate translation exegesis and discourse analysis of poetic texts

*Hebrew Poetry from Late Antiquity* 6th cent Yehuda, 1998 This text edition of liturgical poems of the synagogue poet Yehudah provides a unique corpus of Hebrew compositions based on manuscript fragments from the Genizah collection Yehudah's poetry reflects the importance of Hebrew poetry from the liturgy of the synagogue in early Palestinian Judaism This study highlights the historical and literary context of Yehudah's poetry against the background of Byzantine Jewry

Traditional Techniques in Classical Hebrew Verse Wilfred G. E. Watson, 1994-09-01 Before during and after the preparation of *Classical Hebrew Poetry A Guide to its Techniques* Wilfred Watson published several articles on Hebrew poetry in a wide range of periodicals The present volume collects together the most significant of these writings including a chapter from a book on chiasmus as well as a few unpublished items After an opening survey of current work on Hebrew verse the articles cover the following topics parallelism including half line parallelism previously almost unnoticed antithesis word pairs chiasmus figurative language and introductions to speech in verse The last section deals with structural devices and a folktale motif in narrative verse hyperbole apostrophe and alliteration Previously unpublished items are on the contribution of ethno-poetics from the study of Native American literature to Hebrew narrative verse a new topic in biblical studies parallelism in the Song of Songs and a metaphor in Jeremiah This anthology is intended as a companion volume to *Classical Hebrew Poetry* It includes additions and corrections to that book and there are also several indices

Dictionary of the Old Testament: Wisdom, Poetry & Writings Tremper Longman III, Peter Enns, 2008-06-06 Tremper Longman III and

Peter E Enns edit this collection of 148 articles by over 90 contributors on Job Psalms Proverbs Ecclesiastes Song of Songs Lamentations Ruth and Esther      **Cantos and Strophes in Biblical Hebrew Poetry** P. van der Lugt, 2005-12-01 This volume deals with the poetic framework and material content of the book of Psalms The rhetorical analyses of Psalms 1-41 are preceded by a broad survey of the history of strophic investigation into Hebrew poetry starting from the beginning of the nineteenth century Formal and thematic devices demonstrate that the psalms are composed of a consistent pattern of cantos stanzas and strophes The formal devices include quantitative balance on the level of cantos in terms of the number of verselines verbal repetitions and transition markers A quantitative structural approach also helps to identify the focal message of the poems An introduction to the design of biblical poetry describing the fundamentals that determine the macrostructure of individual compositions concludes this massive study      **The Spirit of the Hebrew Poetry** Isaac Taylor, 1862
