Hegel And The Hermetic Tradition:

Hegel and the Hermetic Tradition Glenn Alexander Magee, 2001 Glenn Alexander Magee's book argues that Hegel was decisively influenced by the Hermetic tradition a body of thought with roots in Greco Roman Egypt In the Middle Ages and modern period the Hermetic tradition became entwined with such mystical strands of thought as alchemy Kabbalism Millenarianism Rosicrucianism and theosophy Recent scholarship has drawn connections between the Hermetic counter tradition and many modern thinkers including Leibniz and Newton [Hegel and the Hermetic Tradition](#) Glenn Alexander Magee, 1998 **Hegel and the Hermetic Tradition** Glenn Alexander Magee, 2008 Glenn Alexander Magee's pathbreaking book argues that Hegel was decisively influenced by the Hermetic tradition a body of thought with roots in Greco Roman Egypt Magee traces the influence on Hegel of such Hermetic thinkers as Baader B hme Bruno and Paracelsus and fascination with occult and paranormal phenomena Hegel and the Hermetic Tradition covers Hegel's philosophical corpus and shows that his engagement with Hermeticism lasted throughout his career and intensified during his final years in Berlin Viewing Hegel as a Hermetic thinker has implications for a more complete understanding of the modern philosophical tradition and German idealism in particular [Hegel's Philosophy of Reality, Freedom, and God](#) Robert M. Wallace, 2005-04-04 Showing the relevance of Hegel's arguments this book discusses both original texts and their interpretations [Hegel and History](#) Will Dudley, 2010-07-02 Nearly two centuries after declaring the end of history Hegel remains a rich source of insights into our historical nature The essays collected here interpret and develop those insights while also challenging Hegel's philosophical approach to comprehend present and future phenomena that he could neither experience nor imagine They represent the very best in contemporary scholarship on Hegel and history and collectively they address all of the important and disputed topics in the field Hegel's claim that history has an end whether his philosophy of history is Eurocentric or racist how elements of what he terms subjective spirit and objective spirit contribute to historical development and the relationship between religion and his philosophy of history **The Devil's Redemption : 2 Volumes** Michael J. McClymond, 2018-06-05 2018 Book Award Winner The Gospel Coalition Academic Theology A Choice Outstanding Academic Title for 2019 Will all evil finally turn to good or does some evil remain stubbornly opposed to God and God's goodness Will even the devil be redeemed Addressing a theological issue of perennial interest this comprehensive book in two volumes surveys the history of Christian universalism from the second to the twenty first century and offers an interpretation of how and why universalist belief arose The author explores what the church has taught about universal salvation and hell and critiques universalism from a biblical philosophical and theological standpoint He shows that the effort to extend grace to everyone undermines the principle of grace for anyone *The Truth about Neo-Marxism, Cultural Maoism, and Anarchy* Jerome R. Corsi, 2023-10-24 This book exposes the dark evil ideology that has descended over America The arch of the Hegelian dialectic culminates only in negation with millions annihilated in the nightmare apocalypse of post modernist

Democratic Socialism The Truth about Neo Marxism Cultural Maoism and Anarchy Exposing Woke Insanity in an Age of Disinformation reveals how Communist ideology has evolved into its present day woke madness that began with Immanuel Kant and Georg Wilhelm Friedrich Hegel continued through Antonio Gramsci and the Frankfurt School and concluded with post modern thinkers like Jean Baudrillard Want to understand why the neo Marxists cultural Maoists and anarchists of the woke critical theory radical Left live in a fundamentally different view of reality operating with a set of values that redefines truth to be subjective Read The Truth about Neo Marxism Cultural Maoism and Anarchy but be prepared to be shocked Jerome R Corsi has conducted a tour de force examination of philosophical texts modern critical theory treatises and the murderous history of Communism under Stalin and Mao that exposes the neo Marxists behind today s anti capitalist woke schizophrenia

Hegel's Foundation Free Metaphysics Gregory S. Moss, 2020-05-20 Winner of the Hegelpd prize 2022 Contemporary philosophical discourse has deeply problematized the possibility of absolute existence Hegel s Foundation Free Metaphysics demonstrates that by reading Hegel s Doctrine of the Concept in his Science of Logic as a form of Absolute Dialetheism Hegel s logic of the concept can account for the possibility of absolute existence Through a close examination of Hegel s concept of self referential universality in his Science of Logic Moss demonstrates how Hegel s concept of singularity is designed to solve a host of metaphysical and epistemic paradoxes central to this problematic He illustrates how Hegel s revolutionary account of universality particularity and singularity offers solutions to six problems that have plagued the history of Western philosophy the problem of nihilism the problem of instantiation the problem of the missing difference the problem of absolute empiricism the problem of onto theology and the third man regress Moss shows that Hegel s affirmation and development of a revised ontological argument for God s existence is designed to establish the necessity of absolute existence By adopting a metaphysical reading of Richard Dien Winfield s foundation free epistemology Moss critically engages dominant readings and contemporary debates in Hegel scholarship Hegel s Foundation Free Metaphysics will appeal to scholars interested in Hegel German Idealism 19th and 20th century European philosophy metaphysics epistemology and contemporary European thought

Hegel and Ancient Philosophy Glenn Alexander Magee, 2018-03-20 Hegel s debts to ancient philosophy are widely acknowledged by scholars and by the philosopher himself Roughly half of his Lectures on the History of Philosophy is devoted to ancient philosophy and throughout his work Hegel frequently frames his positions in relation to the thinkers and movements of antiquity This volume presents original essays from leading scholars dealing with Hegel s debts to ancient thinkers as well as his own often problematic readings of ancient philosophy While around half of the chapters discuss Hegel s treatment of Aristotle a topic that has long been at the forefront of scholarship the other half explore his relationship to such ancient figures as Xenophanes Anaxagoras Socrates Plato Sextus Empiricus and the Stoics The essays challenge a number of longstanding scholarly assumptions regarding for example Hegel s denigration of the mythical his developmentalist approach to ancient thought his conception of the state in relation to the

Greek polis his hermeneutic of the Platonic dialogues and his use of Aristotelian concepts in arguments concerning the psyche the body and their unity and distinction Pretexts for Writing Seán M. Williams, 2019-03-01 Around 1800 print culture became a particularly rich source for metaphors about thinking as well as writing nowhere more so than in the German tradition of Dichter und Denker Goethe Jean Paul and Hegel among many others used the preface in order to reflect on the problems of writing itself and its interpretation If Sterne teaches us that a material book enables mind games as much as it gives expression to them the Germans made these games more theoretical still Weaving in authors from Antiquity to Agamben Williams shows how European and above all German Romanticism was a watershed in the history of the preface The playful paradoxical strategies that Romantic writers invented are later played out in continental philosophy and in post Structuralist literature The preface is a prompt for playful thinking with texts as much as it is conventionally the prosaic product of such an exercise Published by Bucknell University Press Distributed worldwide by Rutgers University Press

Hegel's Anthropology Allegra de Laurentiis, 2021-08-15 This book provides a critical analysis of Hegel's Anthropology a long neglected treatise dedicated to the psyche or soul that bridges Hegel's philosophy of organic nature with his philosophy of subjective spirit Allegra de Laurentiis recuperates this overlooked text guiding readers through its essential arguments and ideas She shows how Hegel conceives of the sublation of natural motion first into animal sentience and then into the felt presentiment of selfhood all the way to the threshold of self reflexive thinking She discusses the Anthropology in the context of Hegel's mature system of philosophy the Encyclopaedia while also exposing some of the scientific and philosophical sources of his conceptions of unconscious states psychosomatism mental pathologies skill formation memorization bodily habituation and the self conditioning capacities of our species This treatise on the becoming of anthropos she argues displays the power and limitations of Hegel's idealistic philosophy of the real in connecting such phenomena as erect posture a discriminating hand and the forward gaze to the emergence of the human ego or the structural disintegration of the social world to the derangement of the individual mind A groundbreaking contribution to scholarship on Hegel and nineteenth century philosophy this book shows that the Anthropology is essential to understanding Hegel's concept of spirit not only in its connection with nature but also in its more sophisticated realizations as objective and absolute spirit Future scholarship on this subject will recount and build upon de Laurentiis's innovative study **Hegel's System of Logic** Stephen

Theron, 2019-03-28 In the Lectures on the Proofs of the Existence of God prepared just before his death Hegel states that the question of proving God can receive its scientific treatment in the Science of Logic and nowhere else He also states that Logic at least his logical system is the same as that of metaphysics Here everything finds its place in relation to everything else This book presents a total system in the light of which everything from physics to theology finds its place and true presentation It chiefly follows in textual citation the later more concise version as Part One of the Encyclopaedia of the Philosophical Sciences of Hegel's two presentations of this science The stress has been on showing God's own thought or

that of the cosmos with which all mind is as such in unity Logic and its forms Hegel claims is and are the form of the world This ultimate objectivity therefore is at once utter subjectivity The opposition collapses The method here has been simply to follow the logic s own development of thought a development from within which Hegel himself calls its only method to allow it once more to run its course rather than to merely comment on it as if from a superior standpoint In this work on Logic specifically therefore the intention is not to substitute one religion for another as so many scholars such as Charles Taylor interpret Hegel as doing Rather it stakes out the path for specifically theological development as its ecumenical absorption into sophia into the Idea as all in all into the pure theology or wisdom of the ecumenical Church One stakes this out not in a reduction to philosophy but in the re establishment of metaphysics as itself the true theologia the mind of heaven What else could philosophy meaningfully be unless understanding spiritual things spiritually the being led into all truth perched on the shoulders of those going before

Unlocking the Poetry of W. B. Yeats Daniel Tompsett, 2018-06-13 Unlocking the Poetry of W B Yeats undertakes a thorough re reading of Yeats oeuvre as an extended meditation on the image and theme of the heart as it is evident within the poetry It places the heart at the centre of a complex web of Yeatsian preoccupations and associations from the biographical to the poetic and philosophical to the mythological and mystical In particular the book seeks to unlock Yeats mystifying aesthetic vision via his understanding of the ancient Egyptian Weighing of the Heart ceremony The work provides a chronological narrative arc that looks to use the theme of the heart as it recurs in the poetry in order to circumvent and overcome more established frameworks Its purpose is to offer refreshing ways of conceptualizing and building alternatives to more deeply entrenched but not entirely satisfactory arguments that have been offered since Yeats death in 1939 while demonstrating the centrality of the occult to Yeats art

Secret Body Jeffrey J. Kripal, 2017-11-14 An academic memoir addresses topics as diverse as Hindu Tantra Christian mysticism American counterculture and the history of the paranormal Los Angeles Review of Books Over the course of his twenty five year career Jeffrey J Kripal s study of religion has had two major areas of focus the erotic expression of mystical experience and the rise of the paranormal in American culture This book brings these two halves together in surprising ways through a blend of memoir manifesto and anthology drawing new connections between these two realms of human experience and revealing Kripal s body of work to be a dynamic whole that has the potential to renew and reshape the study of religion Kripal tells his story biographically historically and politically contextualizing each of the six books of his Chicago corpus from Kali s Child to Mutants and Mystics all the while answering his censors and critics and exploring new implications of his thought In the process he begins to sketch out a speculative new comparativism in twenty theses The result is a new vision for the study of religion one that takes in the best of the past engages with outside critiques from the sciences and the humanities and begins to blaze a new positive path forward A major work decades in the making Secret Body will become a landmark in the study of religion Kripal presents us with a compilation of theories cultural references and anecdotes making up an impassioned thesis about the

future of religious studies and what human beings may become For all its eccentricities Kripal's work is playful engaging and original Times Higher Education **Essays on Hegel's Philosophy of Subjective Spirit** David S. Stern,2013-01-01 The first English language collection devoted to Hegel's Philosophy of Subjective Spirit Historical Dictionary of Hegelian Philosophy John W. Burbidge,2008-08-22 George Wilhelm Friedrich Hegel evoked passionate discipleship as well as equally passionate opposition He was praised by the likes of Karl Marx and John Dewey but scorned by Karl Popper and Bertrand Russell He has been charged with being a proponent of an authoritarian state by some and he has been accused of instigating the dissolution of the state by others Notoriously difficult to understand Hegel's keen insights continue his legacy today The second edition of the Historical Dictionary of Hegelian Philosophy covers all aspects of Hegel's thought It discusses his students and colleagues as well as key figures who either adopted and adapted his thought or attempted to explicate it for later generations This is done through a chronology an introductory essay a glossary of German terms a bibliography and over 500 cross referenced dictionary entries William Blake's Illustrations for Dante's Divine Comedy Eric Pyle,2016-04-29 William Blake's series of illustrations for Dante's Divine Comedy was his last major project and a summation of his religious and artistic beliefs Blake intended to engrave this series but it was unfinished at his death The series includes seven partially complete engravings and 102 works in various stages of completion some of the most beautiful pictures of his career These pictures are not simple illustrations but constitute a thorough reinterpretation and in Blake's view correction of Dante's poem This book compares the two men's theological and artistic views and analyzes in detail the meaning of Blake's illustrations for the first time introducing their theological and aesthetic exuberance to a modern audience **German Political Thought and the Discourse of Platonism** Paul Bishop,2019-01-18 Taking Plato's allegory of the cave as its starting point this book demonstrates how later European thinkers can be read as a reaction and a response to key aspects of this allegory and its discourse of enchainment and liberation Focusing on key thinkers in the tradition of European and specifically German political thought including Kant Marx Hegel Nietzsche Heidegger and the Frankfurt School it relates them back to such foundational figures as Rousseau Aristotle and in particular Plato All these thinkers are considered in relation to key passages from their major works accompanied by an explanatory commentary which seeks to follow a conceptual and imagistic thread through the labyrinth of these complex yet fascinating texts This book will appeal in particular to scholars of political theory philosophy and German language and culture **The Secular Religion of Franklin Merrell-Wolff** Dave Vliegenthart,2018-01-16 In The Secular Religion of Franklin Merrell Wolff An Intellectual History of Anti intellectualism in Modern America Dave Vliegenthart offers an account of the life and teachings of the modern American mystic Franklin Merrell Wolff 1887 1985 who combined secular and religious sources from eastern and western traditions in order to elaborate and legitimate his metaphysical claim to the realization of a transcendental reality beyond reason Using Merrell Wolff as a typical example of a modern western guru Vliegenthart investigates the larger sociological

and historical context of the ongoing grand narrative that asserts a widespread anti intellectualism in modern American culture exploring developments in religious philosophical and psychological discourses in North America from 1800 until the present Pervert's Progress Joseph Weigel, 2024-04 Why is it that we aren't supposed to be able to know what a man or woman is today and why are children being deceived about these basic categories Pervert's Progress answers these and a host of other questions This book traces the intellectual roots of Queer Theory from Marx to more recent figures like Herbert Marcuse and Michelle Foucault and the development of sex education is explored all the way back to Alfred Kinsey and his pedophilic experiments Finally the occult origins and orientation of Social Emotional Learning SEL are examined But it doesn't end in despair By drawing from some of the most foundation works of the West including those of both Athens and Jerusalem a path of hope is provided
