**Hegel: Texts and Commentary** Georg Wilhelm Friedrich Hegel, 1966 *Hegel* Georg Wilhelm Friedrich Hegel, 1966 Hegel Georg Wilhelm Friedrich Hegel, 1966 **Hegel** Walter Arnold Kaufmann, 1965 A comprehensive study of the man and his philosophy *Hegel* Walter Arnold Kaufmann, 1966 *Hegel's Preface to the Phenomenology of Spirit* Georg Wilhelm Friedrich Hegel, 2021-09-14 This is a new translation with running commentary of what is perhaps the most important short piece of Hegel's writing The Preface to Hegel's first major work the Phenomenology of Spirit lays the groundwork for all his other writing by explaining what is most innovative about Hegel's philosophy This new translation combines readability with maximum precision breaking Hegel's long sentences and simplifying their often complex structure At the same time it is more faithful to the original than any previous translation The heart of the book is the detailed commentary supported by an introductory essay Together they offer a lucid and elegant explanation of the text and elucidate difficult issues in Hegel making his claims and intentions intelligible to the beginner while offering interesting and original insights to the scholar and advanced student The commentary often goes beyond the particular phrase in the text to provide systematic context and explain related topics in Hegel and his predecessors including Kant Spinoza and Aristotle as well as Fichte Schelling Holderlin and others The commentator refrains from playing down as many interpreters do today those aspects of Hegel's thought that are less acceptable in our time and abstains from mixing his own philosophical preferences with his reading of Hegel's text His approach is faithful to the historical Hegel while reconstructing Hegel's ideas within their own context **Hegel's Dialectic of Desire and Recognition** John O'Neill, 1996-02-01 This book presents three generations of German French and Anglo American thinking on the Hegelian narrative of desire recognition and alienation in life labor and language a narrative that has been subject to extensive commentary in philosophy literature psychoanalysis and feminist thought The texts focus on a central topos in Western thought the story of self consciousness awakened in nature and in history John O'Neill argues that current postmodern rejections of the Hegelian Marxist narrative demand an understanding of the texts included here Without Hegel and Marx in our toolbox he argues we will flounder in a world marked by the split between postmodern indifference and premodern passion The book makes a strong selection from the history of Hegelian Marxist debate hermeneutical and critical theory and Freudian Lacanian and feminist commentary on the

dialectic of desire and recognition on the levels of social psychology and political economy Included are articles by Karl Marx G W F Hegel Alexandre Kojve Jean Hyppolite Jean Paul Sarte Georg Lukcs J rgen Habermas Hans Georg Gadamer Howard Adelman Shlomo Avineri Jessica Benjamin Edward S Casey and J Melvin Woody Henry S Harris George Armstrong Kelly Ludwig Siep Judith N Shklar and Henry Sussman The texts and commentaries show how the Hegelian Marxist narrative of desire recognition and alienation is a contested story one in which class race and gender issues are drawn into a historical romance that is being rewritten in contemporary cultural politics
