PAUL REDDING

# Hegels Hermeneutics

**Hans-Georg Gadamer**

## **Hegels Hermeneutics:**

**Hegel's Hermeneutics** Paul Redding, 1996 An advance on recent revisionist thinking about Hegelian philosophy this book interprets Hegel's achievement as part of a revolutionary modernization of ancient philosophical thought initiated by Kant

*Hegel, History, and Interpretation* Shaun Gallagher, 1997-06-30 Hegel History and Interpretation is a collection of essays that extends critical discussions of Hegel into contemporary debates about the nature of interpretation and theories of philosophical hermeneutics

Essays by Susan Armstrong John D Caputo William Desmond Robert Dostal Shaun Gallagher Philip T Grier H S Harris Walter Lammi George R Lucas Jr Michael Prosch Thomas Rockmore and E Christopher Smith

explore difficult issues concerning historical interpretation the nature of hermeneutics at the end of metaphysics the social and critical function of reason and the inadequacy of Hegel's interpretation of the experience of otherness In the course of these essays Hegel is made to converse with Kierkegaard Nietzsche and Heidegger as well as with contemporary theorists such as Gadamer Habermas Foucault and Derrida Thus the contributors explore both the themes that form the common ground between Hegelian philosophy and contemporary interpretation theory and the mixed reception of Hegel's philosophy into contemporary discussions about history deconstruction critical theory and alterity

**Hegel's Interpretation of the Religions of the World** Jon Stewart, 2018-09-12 In his Lectures on the Philosophy of Religion Hegel treats the religions of the world under the rubric the determinate religion This is a part of his corpus that has traditionally been neglected since scholars have struggled to understand what philosophical work it is supposed to do In Hegel's Interpretation of the Religions of the World Jon Stewart argues that Hegel's rich analyses of Buddhism Hinduism Zoroastrianism Judaism Egyptian and Greek polytheism and the Roman religion are not simply irrelevant historical material as is often thought Instead they play a central role in Hegel's argument for what he regards as the truth of Christianity Hegel believes that the different conceptions of the gods in the world religions are reflections of individual peoples at specific periods in history These conceptions might at first glance appear random and chaotic but there is Hegel claims a discernible logic in them Simultaneously a theory of mythology history and philosophical anthropology Hegel's account of the world religions goes far beyond the field of philosophy of religion The controversial issues surrounding his treatment of the non European religions are still very much with us today and make his account of religion an issue of continued topicality in the academic landscape of the twenty first century

**Hegel's Phenomenology and Foucault's Genealogy** Evangelia Sembou, 2016-04-22 Previously considered two different strands within continental thought this book compares and contrasts Hegel's phenomenology and Foucault's genealogy contending that in spite of their differences these approaches share important commonalities most notably in the manner in which they dispense with distinctions between subject and object theory and praxis mind and body and reason and nature thus pointing the way to a form of social and political theorizing without presuppositions Considering the possibility of developing a dialectical approach of phenomenology and genealogy this volume develops our understanding of critical theory

whilst engaging in debates concerning truth and knowledge in the philosophy of the social sciences A rich exploration of the significance and implications of Hegel s phenomenology and Foucault s genealogy for the social sciences it will be of interest to philosophers as well as to social and political theorists *From Hegel to Windelband* Gerald Hartung,Valentin

Pluder,2015-04-24 In the 19th century the history of philosophy becomes the history of a particular science Modern philosophical historiography is an ambivalent project On the one hand we find an affirmative concept of Bildung through tradition and historical insight on the other there arises a critical reflection on historical education in the light of an emerging critique of modern culture The book offers a comprehensive overview of the debate **G. W. F. Hegel** Michael

Baur,2015-05-01 The thought of G W F Hegel 1770 1831 has had a deep and lasting influence on a wide range of philosophical political religious aesthetic cultural and scientific movements But despite the far reaching importance of Hegel s thought there is often a great deal of confusion about what he actually said or believed G W F Hegel Key Concepts provides an accessible introduction to both Hegel s thought and Hegel inspired philosophy in general demonstrating how his concepts were understood adopted and critically transformed by later thinkers The first section of the book covers the principal philosophical themes in Hegel s system epistemology metaphysics philosophy of mind ethical theory political philosophy philosophy of nature philosophy of art philosophy of religion philosophy of history and theory of the history of philosophy The second section covers the main post Hegelian movements in philosophy Marxism existentialism pragmatism analytic philosophy hermeneutics and French poststructuralism The breadth and depth of G W F Hegel Key Concepts makes it an invaluable introduction for philosophical beginners and a useful reference source for more advanced scholars and researchers

**Hegel and the Spirit** Alan M. Olson,2021-07-13 Hegel and the Spirit explores the meaning of Hegel s grand philosophical category the category of Geist by way of what Alan Olson terms a pneumatological thesis Hegel s philosophy of spirit according to Olson is a speculative pneumatology that completes what Adolf von Harnack once called the orphan doctrine in Christian theology the doctrine of the Holy Spirit Olson argues that Hegel s development of philosophy as pneumatology originates out of a deep appreciation of Luther s dialectical understanding of Spirit and that Hegel s doctrine of Spirit is thus deeply interfused with the values of W rtemberg Pietism Olson further maintains that Hegel s Enzyklopdie is the post Enlightenment philosophical equivalent of a Trinit tslehre and that his Rechtsphilosophie is an ecclesiology Thus Hegel and the Spirit demonstrates the truth of Karl Barth s observation that Hegel is the potential Aquinas of Protestantism Exploring Hegel s philosophy of spirit in historical cultural and personal religious context the book identifies Hegel s relationship with H lderlin and his response to H lderlin s madness as key elements in the philosopher s religious and philosophical development especially with respect to the meaning of transcendence and dialectic **Hegel, History, and Interpretation** Shaun Gallagher,1997-06-30 Hegel History and Interpretation is a collection of essays that extend critical discussions of Hegel into contemporary debates about the nature of interpretation and theories of philosophical

hermeneutics Essays by Susan Armstrong John D Caputo William Desmond Robert J Dostal Shaun Gallagher Philip T Grier H S Harris Walter Lammi George R Lucas Jr Michael Prosch Tom Rockmore and P Christopher Smith explore difficult issues concerning historical interpretation the nature of hermeneutics at the end of metaphysics the social and critical function of reason and the inadequacy of Hegel s interpretation of the experience of otherness In the course of these essays Hegel is made to converse with Kierkegaard Nietzsche and Heidegger as well as with contemporary theorists such as Gadamer Habermas Foucault and Derrida Thus the contributors explore both the themes that form the common ground between Hegelian philosophy and contemporary interpretation theory and the mixed reception of Hegel s philosophy into contemporary discussions about history deconstruction critical theory and alterity

*The Blackwell Companion to Hermeneutics* Niall Keane,Chris Lawn,2016-01-19 THE BLACKWELL COMPANION TO HERMENEUTICS The Blackwell Companion to Hermeneutics is destined to become an invaluable resource for its incisive discussions of all aspects of hermeneutics within the field of philosophy Burt Hopkins Seattle University This is an extraordinarily rich collection of articles on every aspect of hermeneutics It covers not just the history of hermeneutics from the ancient Greeks to the present but also topics ranging from aesthetics and politics to pragmatism and deconstruction as analyzed by key thinkers such as Schleiermacher Dilthey Heidegger Gadamer Vattimo and Apel This Companion is an essential guide to the hermeneutic tradition Dermot Moran University College Dublin Hermeneutics the philosophical theory of interpretation has been one of the most influential strands of European thought over the last two hundred years or more This comprehensive volume of essays with contributions by many leading experts in the field constitutes an ideal point of entry into the hermeneutic tradition Its range and level of detail will also appeal to those who wish to advance their knowledge of hermeneutic philosophy and its many important consequences Peter Dews University of Essex The Blackwell Companion to Hermeneutics is a collection of original essays that provides a definitive historical systematic authoritative and critical compendium of philosophical hermeneutics The volume explores the art and theory of interpretation as it intersects with contemporary philosophical and interdisciplinary schools of thought including humanism politics education theology literature and law Essays also include cutting edge discussions of the relation of hermeneutics to the history of philosophy and address the major themes topics core concepts and key figures at the heart of the discipline The reference features 70 chapters from an international cast of leading and upcoming scholars who offer historically informed philosophically comprehensive and critically astute contributions in their individual fields of expertise In doing so they identify and enact different aspects of hermeneutical aims and approaches in an attempt to bear witness to both the inherent diversity of hermeneutics and also the constancy and fidelity of its return to history and tradition Timely and thought provoking The Blackwell Companion to Hermeneutics is the only comprehensive reference work of its kind and offers a wealth of information for everyone with an interest in hermeneutics

**Gadamer and the Transmission of History** Jerome Veith,2015-02-02 Observing that humans

often deal with the past in problematic ways Jerome Veith looks to philosopher Hans Georg Gadamer and his hermeneutics to clarify these conceptions of history and to present ways to come to terms with them Veith fully engages Truth and Method as well as Gadamer's entire work and relationships with other German philosophers especially Kant Hegel and Heidegger in this endeavor Veith considers questions about language ethics cosmopolitanism patriotism self identity and the status of the humanities in the academy in this very readable application of Gadamer's philosophical practice

**Heidegger in Question** Robert Bernasconi, 2022-05-09 Robert Bernasconi explores in the context of Heidegger's thought a number of questions of far reaching concern what is the role of literary examples within philosophy Is art dead What is the relation of art to nature Is there a place for the idea of a people in art and literary theory and in philosophy Is the history of philosophy to be written as a narrative What is the status of ethics within philosophy What place does philosophy give to praxis What is the place today of the belief in the nobility of the philosophical life What is the relation of politics to thought Reflecting a dominant concern of recent Heidegger scholarship the focal point of a number of the essays is the relation of Heidegger's own politics to his thought In addition to this examination of what appears to compromise Heidegger's philosophy Bernasconi explores its relation to the further possibilities which that thought has opened in the writings of Arendt Gadamer Levinas and Derrida

**Hegel, Freedom, and Modernity** Merold Westphal, 1992-07-01 This book studies the intersection of Hegel's political theory as developed in the Philosophy of Right with his philosophy of religion and his dialectical holistic theory of knowledge It explores both the methodological and theological dimensions of Hegel's politics by placing him in dialogue with such traditions as Hinduism the Protestant Reformation and the contemporary Religious Right and with such individual thinkers as Husserl Gadamer Pannenberg and Tillich The author shows that Hegel's philosophy outlines the dilemma of religion and society perhaps more clearly than any other modern thinker's perspective Namely that a religiously based society tends to be sectarian exclusive and intolerant while a fully secular society tends to lose the conditions which make community in any meaningful sense possible Hegel's search for a nonsectarian spirituality of community poses the problem the contemporary world must solve if we are to uncover a humane society

**Hegel's Dialectic** Hans-Georg Gadamer, 1976-01-01 Tracing the development of the notion of the dialectic from the classical Greek thinkers to the modern thinkers Gadamer demonstrates that Hegel worked out his own dialectical method by extending the dialectic of the Ancients Excellently translated this book is a valuable if demanding addition to Gadamer's philosophical work now available in English

**God and the Self in Hegel** Paolo Diego Bubbio, 2017-06-29 God and the Self in Hegel proposes a reconstruction of Hegel's conception of God and analyzes the significance of this reading for Hegel's idealistic metaphysics Paolo Diego Bubbio argues that in Hegel's view subjectivism the tenet that there is no underlying true reality that exists independently of the activity of the cognitive agent can be avoided and content can be restored to religion only to the extent that God is understood in God's relation to human beings and human beings are understood in their relation to God Focusing on traditional problems in theology and the

philosophy of religion such as the ontological argument for the existence of God the Trinity and the death of God Bubbio shows the relevance of Hegel's view of religion and God for his broader philosophical strategy In this account as a response to the fundamental Kantian challenge of how to conceive the mind world relation without setting mind over and against the world Hegel has found a way of overcoming subjectivism in both philosophy and religion The Cambridge Companion to Hegel and Nineteenth-Century Philosophy Frederick C. Beiser, 2008-11-17 The Cambridge Companion to Hegel and Nineteenth Century Philosophy examines Hegel within his broader historical and philosophical contexts Covering all major aspects of Hegel's philosophy the volume provides an introduction to his logic epistemology philosophy of mind social and political philosophy philosophy of nature and aesthetics It includes essays by an internationally recognised team of Hegel scholars The volume begins with Terry Pinkard's article on Hegel's life a conspectus of his biography on Hegel It also explores some topics much neglected in Hegel scholarship such as Hegel's hermeneutics and relationship to mysticism Aimed at students and scholars of Hegel this volume will be essential reading for anyone interested in nineteenth century philosophy The bibliography includes the most important English language literature on Hegel written in the last fifteen years

**Biblical Interpretation** Christine Helmer, Taylor G. Petrey, 2005 This volume offers a unique approach to the history of biblical interpretation examining the historical theological and philosophical presuppositions of select interpreters in order to tease out the complexity of factors that shape one's engagement with biblical texts Taking seriously the power of biblical texts to shape and address questions common to all humanity these essays not only provide a window into how the biblical text was read at specific times and places and but also suggest fruitful ways to read it today Contributions in both English and German focus on biblical interpretation in Hellenistic Judaism and early Christianity nineteenth century German philosophy and contemporary biblical theology The contributors are Harold Attridge Wilhelm Gr b Stephan Gr tzel Garrett Green Christine Helmer Bernd Janowski Maren Niehoff Joachim Ringleben Marvin Sweeney and Karen Torjesen Paperback edition is available from the Society of Biblical Literature [www.sbl-site.org](http://www.sbl-site.org)

Topological (in) Hegel Borislav G. Dimitrov, 2018-01-23 The aim of this book is to critically examine whether it is methodologically possible to combine mathematical rigor topology with a systematic dialectical methodology in Hegel and if so to provide as result of my interpretation the outline of Hegel's Analysis Situs also with the proposed models build on the topological manifold cobordism topological data analysis persistent homology simplicial complexes and graph theory to provide an indication of how the merger of Hegel's dialectical logic and topology may be instrumental to a systematic logician and of how a systematic dialectical logic perspective may help mathematical model builders

**German Philosophy of Language** Michael N. Forster, 2011-04-07 Michael Forster here presents a ground breaking study of German philosophy of language in the nineteenth century and beyond His previous book After Herder showed that the eighteenth century philosopher J G Herder played the fundamental role in founding modern philosophy of language including new theories of interpretation

hermeneutics and translation as well as in establishing such whole new disciplines concerned with language as anthropology and linguistics This new volume reveals that Herder s ideas continued to have a profound impact on such important nineteenth century thinkers as Friedrich Schlegel the leading German Romantic Wilhelm von Humboldt a founder of linguistics and G W F Hegel the leading German Idealist Forster shows that the most valuable ideas about language in this tradition were continuous with Herder s whereas deviations from the latter that occurred tended to be inferior This book not only sets the historical record straight but also champions the Herderian tradition for its philosophical depth and breadth

Hegel's Critique of Modernity Timothy C. Luther, 2009-06-16 Hegel s enduring importance lies in the fact that his philosophy sheds light on many contemporary problems his conception of freedom enables us to reconcile many of the differences that divide liberalism and communitarianism While liberalism tends to overemphasize the individual and devalue the community communitarianism tends to do the reverse One of his central aims is to integrate liberalism s concern for the political rights and interests of individuals within the framework of a community He tries to reconcile the individual and community in a way that creates the proper mix of liberty and authority One of Hegel s goals is to discover social structures that will allow individuals to escape the alienation that characterizes contemporary life He sought a method of reconciling his contemporaries to the modern world by overcoming the things that split the self from the social world that is a place where people are at home in the social world A sense of estrangement is all too common even for those who enjoy more personal freedom and material abundance than ever thought possible While Hegel is speaking directly to and about his contemporaries their social world bears much in common with ours Consequently his attempt to reconcile philosophical and social contradictions can elucidate our own condition While the modern world reflects important contributions the advent of modern liberalism leads to excessive individualism that fragments social life leaving individuals disconnected and adrift from meaningful social life The major goal of Hegel s political philosophy is to reconcile the individual with his or her political community in a way that overcomes the alienation of modern life

**Starting with Hegel** Craig B. Matarrese, 2009-12-17 G

W F Hegel is without doubt one of the most important and influential thinkers in the whole history of philosophy Covering all the key concepts of his work Starting with Hegel provides an accessible introduction to this significant thinker Thematically structured the book leads the reader through a thorough overview of the development of Hegel s thought Craig B Matarrese shows how the questions that guided his early writings in fact shaped his entire career and thereby offers a more thorough understanding of the roots of his philosophical concerns Providing coverage of the full range of Hegel s ideas the book offers detailed examinations of all his key texts including The Phenomenology of Spirit and The Philosophy of Right Crucially the book introduces the major thinkers and events that proved influential in the development of Hegel s thought including Kant Schiller Fichte Schelling the French Revolution the Enlightenment and romanticism

When people should go to the books stores, search initiation by shop, shelf by shelf, it is in point of fact problematic. This is why we present the book compilations in this website. It will unquestionably ease you to look guide **Hegels Hermeneutics** as you such as.

By searching the title, publisher, or authors of guide you really want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be all best area within net connections. If you aspire to download and install the Hegels Hermeneutics, it is unquestionably easy then, in the past currently we extend the partner to buy and make bargains to download and install Hegels Hermeneutics in view of that simple!
